REPORT TO MAYOR AND COUNCIL

NO: 08-209

Council Meeting: July 22, 2008

SUBJECT: Public Hearing - Collection of Wastewater Charges for Property Outside the City on the Fiscal Year 2008/2009 Property Tax Roll

REPORT IN BRIEF

The City provides wastewater service to various properties located outside the City limits. Payment for these services is received through property tax assessments. In accordance with legal requirements for the collection of fees on the property tax roll, the City Council is holding tonight's public hearing on proposed charges for wastewater services provided by the City of Sunnyvale to properties located outside the City limits. A draft report addressing the hearing and the proposed FY 2008/2009 assessments was filed with the City Clerk on July 8, 2008.

Staff recommends adoption of a resolution establishing outside wastewater charges to be placed on the FY 2008/2009 property tax roll.

BACKGROUND

In the mid 1950's, an area known as Rancho Rinconada was being developed as a mostly single-family residential area. At the time, this area was in a pocket of the county that had no direct access to a sewer collection system. The City of Sunnyvale entered into a series of agreements with the developers that allowed the Rancho Rinconada sewer system to be tied into a 15-inch City sewer main that was extended 1.7 miles for that purpose. The agreements required developers to construct sewers that met the City's standards and allowed the City to collect fees from the homeowners for the purpose of reimbursing the City for its costs of providing on-going sewer service.

On July 15, 2008, the City Council adopted a resolution setting July 22, 2008 as the date for the public hearing on proposed assessments for 1,867 properties located outside of the City which are served by the City's wastewater utility. As shown on Attachment D, the areas serviced are bounded by Stevens Creek Blvd., Lawrence Expressway, Blaney Ave., and Bollinger Road in the City of Cupertino, and by Bollinger Road, Lawrence Expressway, Johnson Avenue and Castle Glen Avenue in the City of San Jose. A report containing each parcel number receiving wastewater services from the City was filed with the City Clerk and was made available for public inspection on July 8, 2008.

EXISTING POLICY

Assessments are made pursuant to Section 5473 of the Health and Safety Code and Section 12.16.020 of the Sunnyvale Municipal Code.

DISCUSSION

The City of Sunnyvale owns and operates an extensive system for management of wastewater within City limits and in the outside sewer area. The system includes approximately 327 miles of sewer pipes and a 29.5 million gallon-per-day Grade V Water Pollution Control Plant (WPCP). Operations include the conveyance of sewage to the treatment plant, wastewater treatment, recycled water production, industrial discharge inspection and enforcement, and many other services related to wastewater.

Infrastructure maintenance and replacement has been and remains the largest issue for the Wastewater Management Fund. Council adopted, with the FY 2008/2009 budget, $530,000 in funding for a Sanitary Sewer Collection System Master Plan. The funding is budgeted beginning in FY 2010/2011 and the plan is anticipated to take three years to complete. It will review and make recommendations regarding the hydraulics, physical condition, and maintenance of the City's collection system, including the system outside the City. Council also approved funding for a new Water Pollution Control plant, and funding of other critical treatment and collection projects throughout the City's system.

Affect on Wastewater Customers Outside the City Limits

There are 1,864 single family residential properties, two multi-family properties, and one commercial property for a total of 1,867 properties located outside the City limits that are serviced by the City's wastewater collection and treatment system.

Charges for all customers in the outside sewer area are equal to the City's charges adopted on June 3, 2008 (overall increase was 8.5% over last year's rate) plus a 1% administrative fee charged by the County for processing of the roll. The proposed annual assessment for a single-family residential property is $315.39 per parcel. Four single-family properties are not being assessed as they do not have any structure on the parcel and therefore do not impact the City's sewer system. The proposed annual assessment for the two multi-family properties is $787.88 for parcel number 375-07-003 (four units) and $7,878.80 for parcel number 375-07-060 (forty units). The proposed assessment for the commercial property is based on the customer's past year consumption plus the administrative fee. Their total proposed charge for Fiscal Year 2008/2009 is $1,985.35.

FISCAL IMPACT

The City collects these fees as part of the County Tax Roll. The fees go directly into the Wastewater Management Fund and are used to offset the costs of operating the City's wastewater utility. The proposed assessments including administrative fees total $598,223.60, an increase of $47,110.25 compared to the Fiscal Year 2007/2008 assessment of $551,113.35.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall, in the Council Chambers lobby, in the Office of the City Clerk, at the Library, Senior Center, Community Center and Department of Public Safety; posting the agenda and report on the City's Web site; and making the report available at the Library and the Office of the City Clerk.

Wastewater rates are subject to the noticing and majority protest requirements of Proposition 218. A notice detailing the rate increases and the date of the public hearing was mailed to all affected property owners on June 9, 2008 (Attachment C). The Proposition 218 notice had a clerical error in the calculation of the administrative fee charged by the County for the single family and multi-family rates. Proposition 218 restricts utilities from adopting a rate higher than that which is noticed, but not lower. In this case, correcting the administrative fee results in a rate slightly lower than noticed, and therefore the notice and protests are valid under state law.

In addition to the Proposition 218 notice, a notice of the holding of a public hearing was published in the San Jose Mercury News the week of July 14, 2008.

ALTERNATIVES

1. Adopt the resolution approving the proposed assessments.

2. Adopt the resolution, with the roll modified to a different amount than recommended by staff.

3. Do not adopt the resolution. This action would prevent collection of charges on the property tax roll, requiring some other form of billing.

RECOMMENDATION

Staff recommends Alternative 1 to adopt the resolution approving the proposed assessments.

NOTICE OF PUBLIC HEARING: PROPOSED RATE INCREASES FOR SEWER SERVICES

A public hearing will be held **Tuesday, July 22, 2008**, by the Sunnyvale City Council regarding proposed increases to utility rates for sewer provided to properties outside the City of Sunnyvale City limits. The meeting begins at **7 p.m. in the City Council Chambers located at 456 W. Olive Ave in Sunnyvale.**

General Information Regarding Rate Increases

The City of Sunnyvale owns and operates a small sewer collection system within Northern Cupertino. As part of the yearly process of reviewing the financial condition of Sunnyvale's utilities, the City Council considers annual adjustments to the City's sewer rates. If you are receiving this notice it is because you receive a yearly assessment on your property tax bill for sewer service to your property at the referenced address.

Sewer rates are based entirely on Sunnyvale's costs of operating and maintaining its sewer facilities and services. No tax revenues are used to cover the costs of sewer services, nor are any revenues from sewer fees used to support other City programs or services not related to the provision of sewer service.

On July 22, 2008, the Sunnyvale City Council will hold a public hearing regarding the proposed adjustments to sewer rates. The 8.5% rate increase detailed below reflects the higher costs of providing sewer services, and is consistent with our rate projections detailed in last year's assessment report. Details regarding factors driving rate changes will be available in the FY 2008/09 Report to Council, available in the City Clerk's Office and on the City's Web site (*www.sunnyvale.ca.gov*) two weeks prior to the scheduled hearing.

Protest Process

If you wish to protest the proposed service rate adjustments, the City must receive your ***written protest*** prior to the close of the public hearing on July 22, 2008. You may deliver your protest at the public hearing, or mail or deliver written protests in advance to:

Attention: Utility Rate Protest
City of Sunnyvale, Department of Finance
650 W. Olive Ave.

For your protest to be counted, please include one of the following: the address(es) or Assessor's Parcel Number(s) of the property(ies) you own that are subject to the proposed rate adjustment(s). Protests are limited to one per parcel. If you have any questions about the protest process, please call (408) 730-7400.
