# THE FUTURE OF EL CAMINO REAL
# IS IN YOUR HANDS

Join us for a discussion on the future of transportation on El Camino Real.

Hear from business representatives, residents, and planners.

Thursday, September 11th, 2014, 6pm.
Sunnyvale Heritage Park Museum, 570 E. Remington Dr.
**SPACE LIMITED. RSVP: bit.ly/el-camino-real**

# What's at stake for El Camino?

- Increasing traffic congestion.
- Slow, unreliable transit.
- Unsafe and unpleasant conditions for walking and bicycling.
- Skyrocketing housing costs.

These are some of the challenges facing El Camino Real today. Land use and transportation planning in Sunnyvale and neighboring cities will affect traffic and transportation, community health and quality of life, and business and employment along the corridor. Important decisions will be made in the coming months on Bus Rapid Transit and Sunnyvale's El Camino Precise Plan. You will have an opportunity to voice your perspective. Come learn more about options for this key corridor and join a discussion about the future of El Camino Real.
