Dear Madam:

Thank you for taking the time to go over the plans for the proposed addition for the property located at 1397 Cordilleras Avenue, Sunnyvale, CA.

As we have discussed during that meeting , I am the owner of the property located at 1390 Pointe Claire Drive which is adjacent to the rear of the above property. I would like you consider several issues before approving the proposed addition.

My lot is about 3 feet below the grade of the lot on 1397 Cordilleras Avenue. With the plans calling for a structure 30 feet high , I am concerned that my privacy of will be severely impacted because the new home will tower over my backyard.

Thank you for your consideration. If you have any question you may reach me at (650) 215-5237 during business hours.

Sincerely,

A. Caliboso

To: Heather Bradley

My name is Amado Caliboso and I am writing this letter in response to the planned construction of a new home at 1397 Cordilleras Ave, Sunnyvale, CA.

In the flyer that was sent out by your office, informing me about the planned construction project at the above address, I had mentioned some concerns as to possible privacy issues relating to the planned two-story building. However, after meeting with one of the homeowners and the general contractor, my concerns regarding the privacy issues were alleviated.

Therefore, this letter is intended to inform you that I have no objections with the plan construction of the above-mentioned property.

Sincerely yours,

A. Caliboso
