Community Workshop #4

The fourth community workshop will focus on proposed Guiding Principle & Goal #8: Protect Adjacent Neighborhoods, from the Vision, Guiding Principles, Goals, Policies and Key Implementation Concepts document that was presented to the City Council on April 28, 2015. This document can be found (along with this notice) on the project webpage. This workshop will include discussion on limiting heights on Mathilda Avenue, potential pedestrian connections between adjacent neighborhoods and the Peery Park District (PPD), buffering existing residential neighborhoods from the PPD and other topics related to this concept. The workshop will include presenting details on concepts discussed in previous workshops related to this topic and will provide time for comment through Q&A and an interactive exercise.
