## SUBMITTAL MATERIALS

- Application signed by the property owner.
- Project Description Letter - Letter indicating the proposed use, hours of operation, list of tenants, number of employees, and previous use.
- Plans - See page 2 for the information needed on plan sets.
- Project Data Sheet completed by applicant.
- Use Permit/Special Development Permit Justification Form completed by applicant.
- Water-Efficient Landscaping Checklist and Water Budget Calculation Worksheets (if applicable).
- Stormwater Management Data Form completed by applicant.
- Environmental Information Form completed by applicant.
- Photos of the block face and provide a legend for clarification.
- Materials/Color Board
- Color Rendering(s) and include a digital PDF copy of the rendering(s).
- Arborists Report, Tree Survey and Protection Plan prepared by an ISA certified arborist. Report must include a location map, species, size and valuation.
- Preliminary Title Report.
- Other - The following additional studies may be required by the Project Review Committee. The applicant will be notified by the project planner.

|                                                                                            |                                               |
|--------------------------------------------------------------------------------------------|-----------------------------------------------|
| <input type="checkbox"/> Traffic Study - See Transportation Analyses brochure.             | <input type="checkbox"/> Draft TDM Plan       |
| <input type="checkbox"/> Noise Study                                                       | <input type="checkbox"/> FAA Clearance Letter |
| <input type="checkbox"/> Solar Access Study or Shadow Study                                | <input type="checkbox"/> CHRIS Letter         |
| <input type="checkbox"/> Phase I and II Site Assessment                                    | <input type="checkbox"/> Biological Study     |
| <input type="checkbox"/> Preliminary Street Lighting Photometric for Off-Site Improvements | <input type="checkbox"/> Other                |

One-Stop Permit Center - City Hall - 456 W. Olive Avenue - (408) 730-7444  
Planners and Building Division staff are available 8:00 a.m. to 5:00 p.m.

- Art in Public Places** (Meet with Public Arts staff prior to submittal)
- Green Building Checklist** - As applicable. <http://greenbuilding.insunnyvale.com>
- Fee** (non refundable) \_\_\_\_\_
- Planner Attendance Fee for After Hour Meetings** (major projects) \_\_\_\_\_

## PLANS

---

- Plan Submittal:** An additional 12 sets of 11"x17" plans must be submitted 2 weeks prior to the public hearing date. A digital copy may be required (3 megabyte maximum). Digital plans should include site plan, elevations, and renderings. The project planner will notify the applicant when the additional plan sets are needed.
- Project Data** - Including lot size and calculations for existing and proposed floor area and other floor area, Floor Area Ratio (FAR), lot coverage, pervious and impervious surfaces and grade differential of adjacent properties.
- Site Plan** - Including lot dimensions and the location of the building(s), property lines, easements, adjacent right-of-way, driveways, curb cuts, vision triangles, parking, solid waste facilities, exterior mechanical equipment, spot elevations, transformer location, setbacks, and buildings and uses on adjacent properties.
- Parking and Circulation** - Provide a fully-dimensioned parking (auto and bicycle) and circulation plan (this may be included as part of the site plan).
- Landscaping and Irrigation** - Provide the locations of existing landscaping, protected trees, proposed landscaping, trees proposed to be removed, site fencing (include elevations with dimensions) for areas affected by the proposed addition or changes. Indicate which water-efficiency design option is selected for the proposed landscaping, and show and label each hydrozone with size of the area, proposed plantings and water use type, and irrigation type.
- Preliminary Stormwater Management Plan** - Refer to the City of Sunnyvale Stormwater Best Management Practices (BMP) Guidance Manuals, located at <http://www.SunnyvalePlanning.com>
- Preliminary Utility Plan** - Show existing and proposed sanitary sewer, storm drain, domestic water, fire service and reclaimed water (if applicable).
- Solid Waste** - Indicate the location and capacity for solid waste management to accommodate the proposed use. This must be included on the site plan. Please note that solid waste facilities must be designed and screened as per Zoning Code 19.38.030. See design guidelines for details <http://sunnyvale.ca.gov/Portals/0/Sunnyvale/DPW/recycling/Commercial/DesignGuidelinesCommercialClr.pdf>
- Floor and Roof Plans** - Provide dimensions for both existing and proposed.
- Roof Plan** - Indicate existing and proposed roof plans and slope. Also indicate any exterior mechanical equipment and required screening.
- Architectural Elevations** - Provide both existing and proposed. Elevations should include the roof pitch, exterior materials, exterior mechanical equipment and associated screening.
- Building Height** - Provide site section as measured from the top of the curb or centerline of right-of-way. The curb or centerline elevation should be noted as 0'. The section should include the base elevation at top of curb, finished floor elevations, ceiling elevations, plate heights and highest roof point.
- Preliminary On and Off-Site Lighting Plan** - Indicate the location of all parking lot, pathway, photometric plan and structure lighting. Specifications for lighting fixtures should be provided.
