COUNCIL POLICY MANUAL

- B.1.3 Taxes should be held at their lowest possible level, while maintaining Council-approved service levels.

- The fee or fine is for the first offense and the amount waived is \$20 or less, or
 - The balance due is less than \$10 and sending it to collections is not cost effective, or
 - City staff has determined waiving a portion of fees, fines, penalties, and/or interest maximizes the amount of revenue the City will collect and has received approval from the department director.

*Note: For additional user fee policies specific to the Utility Funds or the Community Recreation Fund, please see those sections under Enterprise Fund policies.

- F.2.8 The City will consider requests for conduit financing on a case-by-case basis, taking into consideration the borrower's credit worthiness, the purpose of the borrowing and its relationship to City priorities, and any impact on the City's financial position.
- F.2.9 Debt financings will generally be conducted on a competitive basis. However, negotiated financings may be used due to market volatility or the existence of an unusual or complex financing or security structure.
- F.2.10 Fixed or variable rate financing may be used, depending on the cost benefit to the City of each option.

F.3: Debt Management

- F.3.1 The City will diligently monitor its compliance with bond covenants and ensure adherence to federal arbitrage and disclosure regulations.

- I.1a.2 The City will assure that all direct and indirect costs of each utility are fully cost-accounted.
- I.1a.3 Expenses which are incurred to support more than one utility should be allocated to each utility in a manner that reasonably reflects the benefit received.
- I.1a.4 Each utility fund shall reimburse the General Fund, and/or other applicable funds, for the full cost of general government support services provided to that utility.
- I.1a.5 The user fees established for each utility will be reviewed annually and set at a level that will support the total costs of the utility, including direct and indirect costs and contributions to reserves set by Council policy.
- I.1a.6 In the event that any utility requires one-time resources from other City funds to support its operations, or that the utility provides resources to an unrelated program, the use of these funds should be accounted for as an inter-fund loan.

- I.1a.8 No utility resources shall be used to fund unrelated General Fund services.

I.1b: Capital Program

- I.1c.2 A Contingency Reserve of 10% of operating expenses shall be maintained in the Solid Waste Fund. This lower reserve is appropriate because the asset value of the Solid Waste Fund is substantially smaller than the other city utilities, and because operations are performed by contract, with insurance and bonding requirements as part of the contract assuring the continued operation in the case of an emergency.
- I.1c.3 In the event that the Contingency Reserve of any utility fund is used it shall be replenished by the end of the following fiscal year or as soon as practical thereafter considering the circumstances that prompted the need to use the reserve.
