(2) Support continued operation of the Santa Clara Valley Transportation Authority bus transit and paratransit service at service levels sustainable to meet the needs of transit dependent populations. [2005 DPW Staff Recommendation] (Moved to long-term Council Policy, RTC 12-09, February 7, 2012) Lead Dept. DPW

(7) Support state funding for regional transportation projects; oppose eliminating or reducing state or federal funds due to local contributions. [*/Modified 1995/Modified 2003] (Moved to long-term Council Policy, RTC 12-09, February 7, 2012) Lead Dept. DPW

(12) Support the concept of a proposed water transit system. However, Sunnyvale believes that any water transit system should be funded through new revenue
sources only, that local officials should be directly involved in governing any water transit system, and the interests of its residents should be protected. *(Council RTC 98–264/Modified 2000)* (Moved to long-term Council Policy, RTC 12-09, February 7, 2012) **Lead Dept. DPW**

(13) Support the continuing efforts of the Water Emergency Transit Authority to explore San Francisco Bay Ferry Expansion, with reasonable and feasible alternatives for multimodal access to a South Bay ferry terminal. *(Moved to long-term Council Policy, RTC 12-09, February 7, 2012)* **Lead Dept. (15) Support identification and pursuit of limited term revenue sources for transit capital and operating purposes only after stabilization of revenue and service levels sustainable to meet the needs of transit dependent populations. *(Moved to long-term Council Policy, RTC 12-09, February 7, 2012)* **Lead Dept. DPW**

(16) Support the use of Federal Transportation Trust Funds for the delivery of transportation system improvements and distribution of the funds being done on the principle of “return to source”. Oppose retention of Trust funds for the purpose of “masking” the federal deficit or actual budgetary imbalances. *(Moved from Section 7, Planning & Management, (i) Federal)* (Moved to long-term Council Policy, RTC 12-09, February 7, 2012) **Lead Dept. DPW**

(19) Monitor the implementation of the California High Speed Rail Plan and advocate for a financially self-sustaining system using proven cost effective technology and based on the conservative ridership assumptions. The City should actively participate in planning and design to minimize the impact of high-speed rail operations in Sunnyvale. The City supports a southern route without identifying a specific route at this time, but one that does not impact the Henry Coe State Park or the Orestimba wilderness. *(Moved to long-term Council Policy, RTC 12-09, February 7, 2012)* **Lead Dept. DPW**

(Moved to long-term Council Policy, RTC 10-016, January 26, 2010) **Lead Dept. DPW**

(2) Support provisions to allow group and residential care homes within the City, but allow local control or participation if possible over concentration of such uses. *First Appeared 1992/Modified 1996/2002 NLC Resolution* (Moved to long-term Council Policy, RTC 12-09, February 7, 2012) **Lead Dept.
