3.0 Demographic Profile

2008 Percent Youth Population

Map 3.6: 2008 Percent Youth Population

Map Notes

- Measures the juvenile/teen population as a percent of the total population by census block group
- Juvenile and teen age range is 0 to 19 years old
- Dark colors are census block groups with a higher percentage of juvenile/teen population; light colors a lower percentage
- Purple lines are NPAs
- The overall pattern shows the highest youth in NPAs south of Fremont Avenue (Serra, Ortega, and Raynor), clustered on both sides of Highway 101 (West Murphy and Lakewood), and clustered on both sides of Highway 92 (De Anza and Ponderosa)
- Universe: current year estimate of population
