

**Council Meeting: June 14, 2011****SUBJECT: Public Hearing-Annual Review of Fees and Charges for Fiscal Year 2011/2012****REPORT IN BRIEF**

The current fees and charges of the City have been reviewed in accordance with the Fiscal Sub-element of the General Plan. After this extensive and detailed review, adjustments have been made to the proposed Fee Schedule as necessary to ensure that all fees and charges are aligned with the cost to provide each service, except for those fees that are legally limited, market based, or subsidized per Council direction.

Fees that are legally limited remain unchanged. Fees that are intended to recover the cost of service were adjusted by the increase in labor costs of the work unit that provides the service. Labor costs increased 5% for non-sworn employees and 9% for sworn employees. Not all labor-based fees increased by this amount, however, as in some cases the time involved and/or mix of employees performing the service were adjusted during the course of the fee review. In some cases this resulted in a fee being held flat year over year. Additionally, due to a significant reorganization of departments within the City, many fees have been moved to a different department for the new fiscal year. The proposed Fee Schedule (Exhibit A of Attachment A) details all recommended fees.

BACKGROUND

Tonight's public hearing is to allow public input and comment on fees and charges that will be effective for FY 2011/2012. This hearing on the proposed fees will be followed by formal action adopting updated and new fees on June 28, 2011.

The attached Fee Schedule references all City fees, except the proposed utility rates. Fees related to utility services (water, refuse, and sewer) are adopted by Council when the utility rates are set. This is done by a separate action. Any Council-approved changes to the utility rates will be updated in the Fee Schedule when the utility rates are adopted.

Most new fees become effective at the start of the new fiscal year on July 1, 2011. One exception is any changes to Development Processing fees (filing, accepting, reviewing, approving, or issuing of an application or permit) and

mitigation fees become effective 60 days after adoption (in accordance with §66017 of the California Government Code).

EXISTING POLICY

The fiscal Sub-Element of the General Plan states that user charges and fees should be adjusted at least annually to avoid sharp changes (B.5.2), user fees should be established at levels which reflect the full cost of providing those services (B.5.4), and Council may determine whether a subsidy for any service is in the public interest (B.5.5). The annual review and adjustment of fees and charges is in accordance with these action statements.

Section 66016(a) of the California Government Code provides that, prior to levying a new fee or service charge or approving an increase in an existing fee or service charge, the City shall hold at least one public meeting at which time oral or written presentations can be made.

DISCUSSION

The majority of fees charged by the City are set to recover the cost of providing the service. In most cases, the cost to provide the service is based on personnel costs, as fees are predominantly labor based. The cost of labor increased 5% for civilian employees and 9% for sworn employees between FY 2010/11 and FY 2011/12. This takes into account salary increases, as well as the increased cost of employee benefits, most notably retirement and health insurance. The 9% increase for sworn employees also incorporates the impact of two years of salary increases, which was the result of the salary increase deferrals taken by PSOA in FY 2009/10 that then became effective in FY 2010/11.

The attached Fee Schedule does not include recreational fees. The Director of Library and Community Services is authorized to administratively establish the Activity and Facility Use Fee Schedule for recreation activities and services. The Fee Schedule shall be established based upon market conditions and City Council adopted policies to ensure fairness and accessibility. This schedule shall be published and available to the public.

Staff has made adjustments to the proposed Fee Schedule as necessary to ensure that all fees and charges are aligned with the cost of service, except for those fees that are legally limited, market based, or subsidized per Council action. The proposed Fee Schedule (Exhibit A of Attachment A) details all recommended fees. For ease of administration, many fees have been rounded to the nearest logical unit.

The City's Fiscal Policy guides staff to set fees for services to recover cost where possible and legally allowed. Staff continues to ensure that all fees not legally limited, market based, or subsidized provide for full cost recovery.

The results of these efforts have been incorporated into the recommended Fee Schedule for FY 2011/2012. New fees or fees that are proposed to be adjusted by an amount other than inflation are discussed below.

New Fees

The following are new fees that have been proposed by staff for FY 2011/2012. These fees have generally been proposed to address either a new demand for service, to recover the cost resulting from a significant increase in demand for service that the City already provides, or to collect revenue for a service that has been provided at no cost, the cost of which can be legally recovered from the user of the service. Each fee has been carefully evaluated to ensure it covers the cost of providing each service.

Department of Community Development

Staff is recommending that we revise our Below Market Rate (BMR) Program Fees. Currently, there is only one fee related to BMR home sales transactions, which is the BMR application fee. However, the BMR home sales process consists of several steps, each of which requires a distinct and different amount of staff time to review and evaluate documents. Every initial applicant does not necessarily complete all of the steps, as many do not ultimately purchase a BMR home. The proposed schedule adds two new fees to the BMR process:

BMR Program Eligibility Verification Fee

This fee is intended to reimburse the City for its costs incurred when reviewing a BMR applicant's documentation to determine eligibility for the program. Staff must review an applicant's documentation of household income, borrowing capacity, and first-time homebuyer status. This eligibility verification allows buyers to begin viewing BMR homes when they become available and/or sign up on a waiting list, if needed. Staff is recommending a fee of \$50.

BMR Purchase Escrow Approval Fee

This fee is intended to reimburse the City for its costs incurred during the escrow process. These costs include preparation of City escrow instructions; final coordination with loan and escrow officers, buyer, seller, and real estate agents; and preparation of the BMR covenants, deeds of trust, and other legal forms. This fee also includes ongoing expenses associated with annual compliance monitoring of the BMR home during the ownership period of the buyer. Staff is recommending a fee of \$500.

Department of Public Safety

Arson Response Fee

This fee is authorized by Health and Safety Code Section 13009. This will enable the City to attempt to recover direct costs from its response to an arson incident upon conviction of the responsible party. Costs eligible for this fee include the costs of fire suppression, rescue, and emergency medical services, as well as for certain administrative costs.

Post Storage Hearing Fee

This fee has been added in an effort to clarify and differentiate the fee for releasing a towed vehicle (Vehicle Release Fee) and the fee for the optional administrative hearing allowed if a person wants to dispute the fact that the vehicle was towed in the first place (Post Storage Hearing Fee). Additionally, the FY 2011/2012 Fee Schedule adds the \$50 fine for not paying the repossessions fee within three days, which is allowable per Government Code Section 41612.

Department of Public Works

Municipal Golf Course – Super-Twilight Rates

In order to remain competitive with other golf courses in the area, an additional “Super-Twilight” fee has been added for the Sunnyvale Municipal Golf Course. Super-Twilight fees will begin each day approximately three hours before sunset, rounded to the nearest hour. The Golf Services Supervisor will set and post the exact time each month relative to the changing hours of daylight. This reduced fee will only be available for 18-hole play, and therefore will be unavailable at the Sunken Gardens Golf Course. The proposed fee is \$16 on weekdays and \$20 on weekends.

Non-Standard Fee and Charge Adjustments

The following fees were adjusted by an amount different than labor-based inflation:

Department of Community Development

Park Dedication Fees

The typical process for determining land valuation, which is the basis of this fee, is to research vacant residential land sales and take the average value per square foot from these land sales over the prior year. The sales price information is obtained from the Multiple Listing Service (MLS). The purchase price for land is but one factor in the value considered. When park land is dedicated, it needs to be dedicated in a condition that is clean and ready to develop as a park. The purchase price may not reflect the cost to clean up a

site (remediation, demolition, etc). The MLS information had been utilized as these properties, listed as vacant residential, were less apt to have significant additional costs for park land development.

Until recently, the average value was used for the park dedication fee land valuation. In 2006 there was a more dramatic increase in land values and a new approach was used to determine the land valuation: take an average of land sales for the previous three years to allow for a more gradual increase in the fee.

In the last several years, residential land values have dropped because of the depressed housing market. Due to a lack of sales activity and information for Sunnyvale, it has been difficult to gauge how much residential land prices have declined. But recent information on several sales and assessments indicate that residential land values have declined approximately 20-25 percent. Based on these recent transactions and other information for estimating the value of clean, developable residential land in Sunnyvale, staff recommends reducing the park dedication in-lieu fee from \$96 to \$75 per square foot of required parkland. This is equivalent to approximately \$3.27 million per acre.

Grading Permit Fees

In previous years, there has only been one grading permit fee. Staff is proposing that this fee be separated into two levels (single family/duplex and another level for all other projects). This is intended to more accurately reflect the true cost to the City. The proposed fee is \$175 for single family/duplex properties and \$750 for all others.

BMR Application to Purchase Fee

As mentioned earlier in this report, two new BMR fees have been added to the fee schedule. Due to the implementation of these new fees, staff is recommending that the application fee be reduced to \$500 (down from \$750). This fee should be lowered to more accurately reflect the City's costs incurred in the BMR process. Since there are now two additional fees, the total fees charged to someone who completes a BMR transaction will be \$1,050, a \$300 increase over the previous fiscal year. However, somebody that does not complete the full process will be charged less, which more accurately reflects the City's true cost of operating this program.

Department of Library and Community Services

The majority of Library fees are set to be in sync with the fees and fines charged by the Silicon Valley Library System. For FY 2011/2012, all but two Library fees are recommended to be held flat. The two fees that are recommended to change, the processing fee for lost or damaged materials and the fee for a replacement library card, are being increased modestly for ease of

administration. The increase is within the range charged by other libraries in the Silicon Valley Library System.

Department of Public Safety

As part of the budget preparation process, a detailed analysis of all Public Safety fees was again performed to ensure that fees reflect both the direct and indirect costs of providing the service. Many of the Public Safety fees are proposed to be adjusted for inflation. Those fees have been adjusted by the increase in labor costs of the work unit that provides the service. For FY 2011/2012, labor costs increased 9% for sworn employees and 5% for civilian employees. DPS fees were increased accordingly based on these labor cost increases, as well as any adjustments made to the time and materials required to provide the service. Fees that are not legally limited but left unchanged or adjusted by an amount other than inflation are discussed below.

Vehicle Mechanical or Registration Violation Citation Correction (Fix-It Ticket Signoff)

Customers routinely come to the Department of Public Safety to have the desk officer sign off on a "Fix It Ticket". These citations, which may be issued by any law enforcement agency, including the Highway Patrol, are issued for minor mechanical or registration violations, such as a broken light or missing registration sticker, and are intended to ensure that the customer fixes the issue with their vehicle. In order to avoid further penalties, recipients of these citations must have a police officer verify that the violation has been corrected.

A full cost recovery of this service results in a proposed fee of \$39 for both residents and non-residents, which amounts to a \$6 increase over FY 2010/2011.

Second Hand Dealer/Pawnbroker Permit

A time and motion study was performed on these permits, and that study indicated that the fee for the new permits should be increased by \$24 for the one owner businesses, and the permit fee for additional owners should remain unchanged. The proposed fees are \$311 and \$110 respectively. The proposed increase for the permit renewal fee is \$21, to \$202.

The Department of Justice new application fee has been reduced to \$195, while the renewal application fee remains unchanged at \$10.

Firearms Seizure Fees

This fee is proposed to be adjusted to be fully cost recoverable. The fee for the seizure of 1 to 5 firearms is proposed to increase from \$231 to \$242.

Officer Contract Overtime

There are two fees associated with Officer Contract Overtime, one for non-profit organizations (schools, churches, etc.) and one for any other type of organization. The fee is calculated to include budgeted overtime costs plus indirect costs of department and Citywide overhead. For FY 2011/2012, the proposed overtime fee is \$193, which amounts to a \$31 increase over the previous year. However, the fee will be discounted for non-profits by the amount of the indirect costs (\$21). The fee is proposed to be discounted for non-profits to encourage proactive utilization of Public Safety's services for their events so that regular Public Safety resources can best be deployed to maintain routine operations.

Alarm User Permit

It is recommended that this fee remain unchanged for the upcoming fiscal year. To eliminate any potential confusion regarding home-based businesses, the fee schedule has been updated to reflect that home-based businesses should pay the fee based on residential alarm permit rates.

False Alarms

These fees are designed to be punitive in order to reduce the amount of time that officers spend responding to repeated false alarms. This year, an additional tier has been added to the fee schedule to further discourage repeat alarms. The fee structure for false alarms is as follows:

Existing Structure - FY 2010/2011	Current Fee
3 rd , 4 th , and 5 th Occurrence	\$200
6 th - 10 th Occurrence	\$275
Each response above 10	\$550

Proposed Structure - FY 2011/2012	Proposed Fee
3 rd and 4 th Occurrence	\$200
5 th - 7 th Occurrence	\$350
8 th - 10 th Occurrence	\$500
Each response above 10	\$750

Vehicle Release Fees

A time and motion study on these fees indicated that that impound and towing fees should be increased from \$204 to \$219.

Adult Entertainment and Massage Establishment Fees

The time and motion study for these fees was reviewed, and four hours of a lieutenant's time was added to the cost recovery calculation. It has always

been the practice for these hours to be utilized during the permitting process; however, in previous years these costs had not been incorporated into the fee. The proposed fees for FY 2011/12, which are included in the table below, have been updated to incorporate these costs.

Fee	Proposed Fee	Current Fee
Adult Establishment License (new)	\$4,139	\$3,673
Adult Establishment License (renewal)	\$3,838	\$3,604
Massage Establishment License (new)	\$ 890	\$ 841
Massage Establishment License (renewal)	\$ 826	\$ 777

Taxicab Franchises

A few years ago, the City discontinued its subsidy of the Taxicab Franchise fee. A time and motion study was performed on each fee in order to determine the City's full cost of providing each service. The table below shows the current fees and the proposed fees.

Fee	Proposed Fee	Current Fee
Franchise-New/Renewal	\$1,212	\$1,173
Driver's Permit-New	\$ 198	\$196
Driver's Permit-Renewal	\$ 137	\$135
Vehicle Fee	\$ 116	\$116

Fire Prevention/Inspection Fees

A time and motion study was performed on each fee in order to determine the City's full cost of providing each service. Each fee in this category has been adjusted accordingly, which resulted in an increase in nearly all fire prevention and inspection fees. For the most part, these fees increased by amounts other than just standard labor inflation based on the results of the time and motion study.

Hazardous Materials Operations Permits

Based on the current fees in place and the time and materials to provide these services, these fees are recommended to be held flat in FY 2011/2012.

Animal Licensing, Impound, and Boarding Fees

These fees are market based and are not intended to be full cost recovery. Staff believes that to set them to recover cost would jeopardize the program's mission of providing services for the general welfare of the community and preclude the department from being able to regulate the animal population in response to the legal guidelines set forth in the Health and Safety Code, the Food & Agriculture Code, the Government Code and our own Municipal Code.

Civil Penalties for Parking Violations

These fees were held flat after being updated mid-year during FY 2010/11. On November 9, 2010 (RTC 10-307), Council approved a \$3 increase to all parking violations to cover the increase in the surcharge collected by the State to support court facilities.

Department of Public Works

Golf Fees

To avoid having fee changes in the middle of the golfing season, golf fees had previously gone into effect on April 1 of every year. Starting with the 2011/2012 fiscal year, golf fees will be adjusted at the beginning of the fiscal year to align with adjustments to other City fees. As such, the golf fees being presented in the FY 2011/2012 Fee Schedule are effective July 1, 2011.

Golf fees are market based and staff has completed the usual Market Survey of Golf Fees (please see attachment B) that provides an overview of basic weekday and weekend fees and a comparison with the Sunnyvale fees for each course.

Traffic Control Fees

The fee for traffic control devices for neighborhood block parties is \$25 if the City delivers and/or picks up the devices. This fee becomes a refundable deposit if the devices are picked up and returned by a block party representative. The original proposed fee was \$100. However, this fee was reduced to \$25 during Council consideration in 2004 and is therefore subsidized per Council direction. Staff recommends no increase to this fee at this time.

The other subsidized fee is the Lakewood Parade, which is defined as a Type 2 function. The standard fee for a Type 2 event is \$268. This event is limited to a fee of \$100 if a representative picks up and returns the traffic control devices, making this a subsidized fee. The amount of the subsidy is \$168.

FISCAL IMPACT

Recommended adjustments to these fees have been incorporated into the recommended FY 2011/2012 Budget and Long-Term Financial Plan. Exhibit A of Attachment A presents the proposed Fee Schedule for FY 2011/2012, reflecting proposed fees and charges. Any increases are necessary to reflect the rising cost of providing services.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall, in the Council Chambers lobby, in the Office of the City Clerk, at the Library, Senior Center, Community Center and

Department of Public Safety; posting the agenda and report on the City's Web site; and making the report available at the Library and the Office of the City Clerk. Notice of the public hearing on the proposed fees and charges was published in the Sunnyvale Sun on June 3 and June 10. Notice was sent to the Building Industry Association and the Tri County Division of the California Apartment Association, which requested notice pursuant to the Government Code. Boards and commissions wishing to make comments, suggestions, or recommendations may testify at tonight's public hearing.

RECOMMENDATION

It is recommended that the public hearing be held to meet the requirements of the City Charter and the California Government Code. Council should provide direction to staff on any fee requiring further review prior to the budget adoption on June 28, 2011.

SECTION 9.02 WATER AND SEWER CONNECTION FEES

Pursuant to Section 66001 of the Government Code:
the City Council hereby determines:

- (1) The purpose of the water and sewer connection charges is to assure payment by developers of their pro rata share of the escalated cost of the City's water and sanitary sewer system.
- (2) The charge will be used to reimburse the City for the owner or developer's fair share of the use of the water system and sanitary sewer systems.

WATER AND SEWER CONNECTION FEES (contd.)					
<p>(3) There is a reasonable relationship between the use of the fees, an the need for a water system, a wastewater treatment plant, and the types of development projects upon which the fee is imposed. All development projects create varying needs for the consumption of water which cannot be fulfilled unless the project is connected to the municipal water system to assure an adequate supply of water to each project. Plus, each project creates a need for sewage conveyance, disposal and treatment. The degree to which each project is charged is based upon factors related to the degree of potential usage, such as: type and size of projects, number of units, and calculations of the escalated cost of the City's sanitary sewer system; the current system capacity; the cost of conveyance, treatment and disposal per equivalent single-family dwelling unit; and the estimated daily discharge for each facility to facility to be connected to the sanitary sewer system, taking into account proportionate average daily discharge of sewage, total organic carbon, sewage, total organic carbon, suspended solids, and ammonia nitrogen.</p> <p>The fees or charges shall be collected from the owner or developer of property either (1) prior to approval of the original connection of the property to the water or sanitary sewer system, or a redevelopment with incremental impact, or (2) in the event the uses being made of the property presently connected to the system are enlarged, added to, or further structures are constructed on the property.</p>					
A. <u>Water Frontage Fee.</u> A frontage fee per lineal foot of frontage shall be paid by the owner or developer of property contiguous to a public right-of-way in which a water main (8" water line) has been installed or is to be installed without direct expense to the owner or developer other than payment of the charges specified herein. Frontage of corner lots, as the term "frontage" is used herein, shall mean the side of the lot to which the City has authorized a water connection.	<u>\$48.00</u>	<u>\$50.00</u>	799918	3053	Water Frontage Fees

C. WITHDRAWAL PERMIT. An annual nonrefundable permit fee is established as the charge for a permit to withdraw water from any fire hydrant in the City when a permit is issued between January 1 and September 30. If the permit is issued from October 1 through December 31, the fee shall be 50% of the foregoing. The amount of the deposit for the meter required for such water withdrawal furnished by the City shall be					
	<u>\$254.00</u>	<u>\$267.00</u>	799918	3052	Water Hydrant Fees
or	<u>\$2,000.00</u>	<u>\$2,100.00</u>	799918		Deposits and Passthroughs
the current cost of a hydrant meter, whichever is greater.	<u>2 1/2 times</u>	<u>2 1/2 times</u>	799918		Deposits and Passthroughs
The total amount due and payable prior to the receipt of a meter is (permit fee plus deposit):	<u>\$2,254.00</u>	<u>\$2,366.70</u>	799918		Deposits and Passthroughs

Each permit is valid through December 31 of the calendar year in which the permit was issued. Failure to return the hydrant meter on or before the expiration date shall result in automatic forfeiture of any deposit paid. When hydrant meters are returned prior to or on the expiration date, the cost for any consumption as measured by the meter shall be charged using the commercial rate block and deducted from the deposit amount. If a hydrant meter is not returned prior to or on the expiration date, the permittee shall be billed the cost of any consumption at the monthly commercial block rate. Any damages or missing hydrant wrenches will also be deducted from the deposit. The remaining balance shall be refunded. Any charges in excess of the deposit shall be billed to the permittee.

The following definitions shall apply to this section:

- (1) "Hydrant service area" shall be defined as the area that a hydrant will serve the normal fire protection needs as determined by the City, taking into account the street pattern, type of development, size of water service mains, and all other factors bearing on plans for fire prevention and suppression.
