

**Council Meeting: June 12, 2012****SUBJECT: Public Hearing – Annual Review of Fees and Charges for Fiscal Year 2012/2013****REPORT IN BRIEF**

The fees and charges of the City are reviewed and adjusted each year in accordance with Council Fiscal Policy. This annual evaluation ensures that all fees and charges of the City are aligned with the cost to provide each service, except for those fees that are legally limited, market based, or subsidized per Council direction.

Fees that are legally limited remain unchanged. Fees that are intended to recover the cost of service were generally adjusted by the increase in labor costs of the work unit that provides the service. In some cases, however, review of labor-based fees resulted in alternate increases or in no increase from the prior year; these cases are discussed later in this report. The proposed Fee Schedule (Attachment A) details all recommended fees.

**BACKGROUND**

Tonight's public hearing is to allow public input and comment on fees and charges that will be effective for FY 2012/2013. This hearing on the proposed fees will be followed by formal action adopting updated and new fees on June 19, 2012.

The attached Fee Schedule references all City fees, except the proposed utility rates. Fees related to utility services (water, refuse, and sewer) are adopted by a separate Council action when the utility rates are set. Any Council-approved changes to the utility rates will be updated in the Fee Schedule when the utility rates are adopted.

Most new fees become effective at the start of the new fiscal year on July 1, 2012. Exceptions are changes to Development Processing fees (filing, accepting, reviewing, approving, or issuing of an application or permit) and mitigation fees; these become effective 60 days after adoption (in accordance with §66017 of the California Government Code).

**EXISTING POLICY**

Council Fiscal Policy states that user charges and fees should be adjusted at least annually to avoid sharp changes (7.1B.5.2), user fees should be established at levels which reflect the full cost of providing those services

(7.1B.5.4), and Council may determine whether a subsidy for any service is in the public interest (7.1B.5.5). The annual review and adjustment of fees and charges is in accordance with these action statements.

Section 66016(a) of the California Government Code provides that, prior to levying a new fee or service charge or approving an increase in an existing fee or service charge, the City shall hold at least one public meeting at which time oral or written presentations can be made.

### **DISCUSSION**

The majority of fees charged by the City are set to recover the cost of providing the service. In most cases, the cost to provide the service is based on personnel costs, as fees are predominantly labor-based. The labor-based increases take into account the full cost of labor, including the cost of employee benefits.

The attached Fee Schedule does not include fees for recreation services. The Director of Library and Community Services is authorized to administratively establish the Activity and Facility Use Fee Schedule for recreation activities and services. The Fee Schedule shall be established based upon market conditions and City Council adopted policies to ensure fairness and accessibility. This schedule shall be published and available to the public.

Staff has made adjustments to the proposed Fee Schedule as necessary to ensure that all fees and charges are aligned with the cost of service, except for those fees that are legally limited, market based, or subsidized per Council action. The proposed Fee Schedule (Attachment A) details all recommended fees. For ease of administration, many fees have been rounded to the nearest logical unit.

In some cases, fees have also been reorganized within their respective departments. The planning permit application fees (Department of Community Development) were regrouped to more clearly show fees for certain categories of applicants. Single-family and duplex homeowners, telecommunication providers, and applicants in the Moffett Park Specific Plan area can all reference a specific section of the Fee Schedule to find their respective fees. The Department of Public Works also reordered their portion of the Fee Schedule for more logical groupings of related permit sections.

Council Fiscal Policy guides staff to set fees for services to recover cost where possible and legally allowed. Staff continues to ensure that all fees not legally limited, market based, or subsidized provide for full cost recovery. The results of these efforts have been incorporated into the recommended Fee Schedule for FY 2012/2013. New fees or fees that are proposed to be adjusted by an amount other than inflation are discussed below.

## **New Fees**

The following new fees have generally been proposed to address a new demand for service, to recover the cost resulting from a significant increase in demand for service that the City already provides, or to collect revenue for a service that has been provided at no cost but can be legally recovered from the user of the service. Each new fee has been carefully evaluated to ensure it covers the cost of providing each service.

### **Department of Community Development**

#### **Development Agreements**

The City Council adopted a Resolution in 1981 to allow the preparation of Development Agreements. At that time, the fee was set at \$500; however, the fee was never added to the general fee schedule. Since 1981, when Development Agreements have been prepared, the charge has remained \$500. Staff has updated the proposed fee for FY 2012/2013 to \$5,105 to recover the cost of this service. This is the same amount as rezoning and general plan amendments because the level of effort is similar. A minor modification to a Development Agreement is approximately half the cost of an Agreement (\$2,553), and is based on the amount of staff time necessary to make the modification. Annual review of an Agreement is approximately one quarter of the cost (\$1,276), and again, is based on the approximate work effort required to complete the review. Development Agreements, as well as rezoning and general plan amendment applications, are subject to City Council review.

#### **Planner Attendance at Meetings**

Developers specifically request that project planners attend meetings because of their familiarity with the details and history of an application. The fee proposed for FY 2012/2013 will require the applicant to pay for the additional staff hours when a project planner attends a meeting that occurs after normal business hours (including neighborhood outreach meetings arranged by the developer and public hearings). The fee is based on the overtime rate for a Senior Planner.

### **Department of Environmental Services**

#### **Radio Read Meters**

Staff is recommending the addition of the ¾" meter fee to accommodate installations where a smaller meter size is sufficient.

#### **Solid Waste Enforcement Fees**

The proposed FY 2012/2013 Fee Schedule includes specific fees for enforcement of provisions of Sunnyvale Municipal Code, Chapter 8.16, Solid Waste Management. These fees are typically related to impoundment of waste receptacles (e.g. debris boxes) found in violation of the City's municipal code.

When enforcing the Code, staff has historically used the City's normal collection fees as the basis for assessing charges for impounded receptacles. However, a recent enforcement action was appealed. Although the enforcement action itself was upheld, the collection fees and administrative charge were waived because they were not explicitly listed as enforcement fees. By including the fees as proposed, staff will be able to continue to enforce this section of the code.

### **Department of Finance**

#### Auctioneer's Permit

Chapter 5.16 of the Sunnyvale Municipal Code requires all auctioneers operating in Sunnyvale to pay for and obtain an auctioneer's permit from the Department of Finance. The application must be accompanied by a surety bond, which must be reviewed by the Office of the City Attorney. The application must be reviewed by the Department of Finance and if approved, will be submitted to the City Manager for final approval. In the past, this review was provided free of charge. Although the number of auctions held in Sunnyvale is low (only one application was processed last fiscal year), this recommended fee will recover the cost of processing any applications received by the City.

### **Department of Library and Community Services**

#### Fines for Overdue Materials: e-Book Readers

As a result of a successful grant application to fully fund their acquisition, the library will begin circulating e-Book readers with pre-loaded book titles to patrons in FY 2012/2013. The new overdue fines for these e-Book readers are modeled after the Sacramento Public Library fee structure. They recently began circulating e-Book readers, and their fee structure has shown itself to be enough of an incentive for people to return the devices in a timely fashion.

### **Department of Public Safety**

#### Non-Compliance Penalties

Based on the current structure of the Fee Schedule for the Department of Public Safety, there are few punitive measures for non-compliance for fee-related items, such as renewing a license or permit when it expires. This reduces compliance and results in an increase in administrative staff time. The Department of Public Safety estimates the cost of non-compliance is approximately 160 staff hours per year, or about \$8,900, to send letters, make phone calls, and take other actions in an attempt to increase compliance. To address this issue, there are several new fees proposed for FY 2012/2013 that are designed to reduce this administrative time by increasing compliance.

Non-compliance fees are recommended for the following permits:

- Secondhand Dealer/Pawnbroker Permit - One Owner
- Firearms Sales Permit
- Peddler/Solicitor Permit (SMC Ch. 5.28)
- Adult Establishment License
- Massage Establishment License (Not Certified with CAMTC)
- Taxicab Franchise: 2-Year Franchise Application Fee; Renewal Fee
- Taxicab Franchise: Driver's Permit Fees
- Taxicab Franchise: Vehicle Fee

All of the proposed non-compliance fees are recommended to be \$250, except for the fee for the Adult Establishment License. This fee is more punitive, 20% of the amount owed, because it is necessary for sworn Public Safety Officers to conduct the follow-up for these licenses.

#### Address Searches

The City currently charges a flat fee for each address search conducted. This practice is cost prohibitive for entities requesting multiple searches that are related. For example, a request submitted for 17 addresses currently costs \$986. Through their analysis, the Department of Public Safety determined that for reasonable cost recovery, tiered billing should be used for multiple, related searches.

The proposed FY 2012/2013 Fee Schedule includes a new fee for subsequent address searches that are requested at the same time as the first request. This fee will recover the cost for staff time to complete the requests, without being cost prohibitive to the requestor. The existing fee for the first Address Search has been adjusted for labor-based increases.

#### Taxicab Franchises: Driver's Permit Re-test Fee

Department of Public Safety staff spends approximately 80 hours per year re-testing drivers for non-compliant taxicab franchises. To recover the costs associated with these hours, the proposed Fee Schedule includes a new driver permit re-test fee of \$56 per additional test.

#### Fire Prevention Permits

##### *105.6.38 Refrigeration equipment.*

California Fire Code authorizes the issuance of this permit and requires a refrigerant detection system and compliance with other requirements to ensure safe installation and maintenance of equipment. The \$576 fee is based on the large quantity range 1 (200 cu ft at STP for hazardous gases) permit fee for hazardous material gases and will provide cost recovery of time spent conducting annual compliance inspections of these systems.

*105.6 CFC / 105.7 CFC Temporary Fire Safety Operations*

This new fee will allow the Department of Public Safety to issue a permit on a temporary basis (up to 6 months) for any of the hazardous activities that may require an annual permit. The fee is established as an hourly fee consistent with other temporary fire permits and enables the City to recover the costs associated with review and field inspection time.

Hazardous Materials and Certified Unified Program Agencies (CUPA) Permits

*105.6 CFC / 105.7 CFC Temporary Hazardous Materials Permit*

This new fee will allow the Department of Public Safety to issue a permit on a temporary basis (up to 6 months) for any of the hazardous materials or activities that may require an annual permit. The fee is established as an hourly fee consistent with the hazardous materials inspection rate and enables the City to recover the costs associated with review and field inspection time.

Animal Control Services Fees and Charges

*Quarantine – Home*

The number of occurrences of home quarantines is on the rise. Because of the corresponding increase in staff time and resources required to provide these services, the Department of Public Safety recommends a \$50 fee for this service.

*Return to Owner Fees*

Like the *Quarantine – Home* fee, this service is taking more staff time and resources than in years past. Fees have been set for \$25 for most return to owner services; however, multiple offenses for an unaltered dog or cat range from \$50 to \$100.

*Altered/Unaltered Cat*

In anticipation of a revision to the Sunnyvale Municipal Code to include the mandatory licensing of cats, Cat Licensing Fees are recommended for inclusion in the FY 2012/2013 Fee Schedule. These fees will not be charged until the change to the Municipal Code is approved by Council.

*Animal Establishment Permit (Renewal), Vicious Animal Permit (Renewal)*

Animal Establishment Permits and Vicious Animal Permits are renewed annually, and currently new and renewal permits have the same fee. The recommended FY 2012/2013 Fee Schedule proposes a separate, reduced renewal fee that reflects the differing level of staff required to renew a permit versus to issue a new permit. The loss in revenue from the reduced renewal fee is expected to be minimal.

Civil Penalties for Parking Violations: Late Payment Penalties

The proposed late payment penalties for parking violations are allowed by California Vehicle Code, Section 40203.5(a) 40203.6(a) and is up to 10% of the penalty for violations of Disabled/ Handicap/Americans with Disabilities Act

(ADA) parking and up to 35% for all other violations. This is consistent with the fee assessed by the other cities in Santa Clara County.

#### Administrative Citations: Licensing/Permitting Code Violations

These penalties are intended to enforce compliance to the licensing and permitting fees listed throughout the Department of Public Safety section of the Fee Schedule. As mentioned above, non-compliance currently takes a significant amount of staff time and resources, and the recommended FY 2012/2013 Fee Schedule has several new fees designed to increase compliance. The recommended fees for Licensing/Permitting Code Violations are \$100 for the first violation, \$200 for the second, and \$500 for the third. The second and third violations are only assessed if they are within 12 months of the first citation date. There is also a 10% per month Late Payment Penalty proposed. These amounts are consistent with the existing Administrative Citation fees for Neighborhood Preservation Code and Fire Code violations.

#### **Department of Public Works**

##### Transportation Study Fees

The *Consultant Preparation of Transportation Study* and *Staff Review of Transportation Study Prepared by Consultant* fees have been added to recover the costs to administer procurement, management and review of transportation studies related to planning reviews of land development. These are included in the FY 2012/2013 Fee Schedule per Council's approval of the resolution establishing them at their March 6, 2012 meeting (RTC 12-054).

#### **Non-Standard Fee and Charge Adjustments**

The following fees were adjusted by an amount different than labor-based inflation:

##### **Development Impact Fees**

The City charges development impact fees on new developments to mitigate the costs of infrastructure or facilities necessitated by that development. Since these fees are not labor-based, they are adjusted based on different factors, as discussed below:

##### Park Dedication In-Lieu Fee (Department of Community Development)

Staff is not recommending any increase for park dedication in-lieu fees. There is currently a challenge to the City's park dedication regulations. Staff will return to the City Council for potential adjustments to the fee after the result of the challenge is determined.

##### Sense of Place (Department of Community Development)

This fee was increased 2.2% in accordance with the Construction Cost Index (CCI) for the period of May 2011 to May 2012, as reported by Engineering News-Record.

Housing Mitigation Fees (Department of Community Development)

At the June 10, 2008 Council meeting, City Council directed staff to use the Consumer Price Index (CPI) to index this fee in future years (RTC 08-190). The CPI increase for the period of April 2011 to April 2012 is 2.1% for the San Francisco Area, as reported by the United States Department of Labor, Bureau of Labor Statistics. The Housing Mitigation Fee for FY 2012/2013 has been adjusted to reflect this inflationary increase.

Transportation Impact Fee (Department of Public Works)

These fees have been increased 2.2% in accordance with the Construction Cost Index (CCI) for the period of May 2011 to May 2012, as reported by Engineering News-Record.

**Department of Community Development**

Tree Replacement In-Lieu Fee

This fee should be consistent with the amount charged by the Department of Public Works for a tree installed/planted by the City. The FY 2012/2013 recommended Fee Schedule has been updated to reflect the same fee in both departments.

Below Market Rate Program Fees

These fees are recommended to be held flat in FY 2012/2013. A review of the current fees charged for providing these services determined they are sufficient to cover their costs.

**Department of Environmental Services**

The majority of the fees in this section were increased by 2.2%, in accordance with the Construction Cost Index (CCI) as reported by Engineering News-Record. One exception is the fees in Section 9.01, Storm Drainage Fees, which were adjusted by the increase in labor costs of the work unit that provides the service. Other exceptions to the 2.2% increase include Section 9.02D, Water Meters, and Section 9.05, Groundwater to Sewer Discharge. Each of these sections was increased to reflect the actual cost of labor, including overhead and support services, and materials needed to complete the given task or provide the required service.

**Department of Finance**

Due to the Sidney Weisblat vs. City of San Diego case, where the business license processing fees were challenged for being imposed without voter approval, Finance staff conducted a survey on business license processing fees and found that most other cities are not charging a processing fee on renewals. However, some cities are charging a fee based on the required zoning review. The purpose of the zoning review is to ensure that the nature of the business is

consistent with zoning regulations. New and relocating Sunnyvale-based businesses are required to go through zoning review and the cost of this review was recovered through the business license processing fee.

Staff recommends eliminating the processing fee on business license renewals based on the results of the survey and is instead proposing implementation of a zoning review fee on new applications and on existing Sunnyvale businesses that change their physical location. This proposed fee, which is intended to recover costs of providing the service, is proposed to be \$7.50.

### **Department of Library and Community Services**

The majority of Library fees are recommended to be held flat for FY 2012/2013. This keeps them in sync with the fees and fines charged by the Silicon Valley Library System. Exceptions are one new fee (e-Book Readers) and one decrease, discussed below. Each of those adjustments is also in line with the Silicon Valley Library System.

#### **Fines for Overdue Materials: DVDs and Videocassettes**

Charging a higher than normal fine for media began when the cost of materials was much higher (new release VHS tapes were \$200-\$250 to purchase a single copy). Reducing the overdue fines for DVDs and videocassettes to the standard overdue fine amounts reflects the reality that media prices have dropped, and makes the fee consistent with neighboring libraries.

### **Department of Public Safety**

As part of the budget preparation process, a detailed analysis of all Public Safety fees was performed to ensure that they reflect both the direct and indirect costs of providing the service. This analysis includes review of the time and materials required to provide the service. Public Safety fees have been adjusted to reflect the results of this analysis. Fees that are not legally limited but left unchanged or adjusted by an amount that is not based on the analysis discussed above are as follows:

#### **Zero Increases**

For the following types of fees, a review of the current amounts charged for providing these services determined they are sufficient to cover their costs. They are held flat to their respective FY 2011/2012 fees in the recommended FY 2012/2013 Fee Schedule.

- Alarms (User Permits and False Alarm Fees)
- Fire Prevention Permits
- Hazardous Materials and Certified Unified Program Agencies (CUPA) Permits

The following fees are based on state and local law, and are compared with neighboring cities. Since there have been no new violations, penalties, or

assessments added to state or local law, and current fines remain consistent with surrounding cities, these fees are recommended to be held flat in FY 2012/2013.

- Civil Penalties for Parking Violations
- Administrative Citations

#### Police Contract Overtime

The direct and indirect costs of providing police contract overtime services to businesses, schools, and non-profits were reviewed in detail. As a result of this review, the rate charged to both businesses and schools/non-profits is proposed to be reduced in FY 2012/2013 to better reflect the cost of providing the service. For business, the rate is proposed to be reduced from \$193 to \$166, and for school and non-profits, the rate is proposed to be reduced from \$172 to \$153.

#### Copy of an Incident Report

Staff recommends decreasing this fee from \$0.15 to \$0.10 per page so that it is consistent with other per page copy fees in the Fee Schedule.

#### Clearance Letter/Records Check

To ensure compliance with federal law (Security Clearance Information Act), the Department of Public Safety recommends adopting the Santa Clara County Sheriff's Office procedures and fee schedule for these letters and checks. This sets the fee at \$12 for Non-Federal Agencies. The revenues received for Clearance Letters and Records Checks are minimal, so the fee change will not have a material impact on City revenues. There are additional lines for letters and checks provided for Federal Agencies and other Law Enforcement Agencies. There is no fee for these services, but they are recommended for inclusion in order to clarify current practice and distinguish the difference between the three types of Clearance Letters/Records Checks.

#### Animal Control Services Fees and Charges: Animal Licensing Fee

The recommended FY 2012/2013 Fee Schedule proposes a significant increase to the Unaltered Dog License Fee, from \$54 to \$150. The Department of Public Safety is making this fee more punitive as part of their efforts to encourage spaying and neutering, and to reduce unwanted litters and euthanasia.

### **Department of Public Works**

#### Municipal Golf Course Green Fees

Golf fees are market based and staff has completed the annual Market Survey of Golf Fees (Attachment B) which provides an overview of basic weekday and weekend fees and a comparison with the Sunnyvale fees for each course. Based on the results of the survey and current market conditions, fees for FY 2012/2013 are recommended to be held flat.

## **Deletions**

### **Department of Community Development**

#### **Below Market Rate (BMR) In-Lieu Fee for Rental Units**

The BMR in-lieu fee for rental units was removed from the Fee Schedule due to the July 2009 Palmer/Sixth Street Properties v. City of Los Angeles court decision successfully challenging the below market rate requirements applied to a rental housing development. Due to this court ruling, jurisdictions are currently prohibited from requiring developers to provide affordable units in market-rate rental projects unless they request and receive local subsidies for the BMR units.

### **Department of Public Safety**

#### **Bicycle Licensing Fee**

The current \$3 fee for each bicycle license falls far short of the revenue needed to recover the costs of staff time required to issue and process each license. At the suggestion of the Bicycle Pedestrian Advisory Committee (BPAC), the City will transfer licensing authority to the National Bicycle Registry Program (NBR). Interested owners/operators of bicycles in the City will pay a license fee directly to NBR. NBR will provide to the City, free of charge, community outreach material designed to enhance bicycle safety awareness and the importance of bicycle licensing, as well as access to a national data base of licensed bicycles that is searchable by any law enforcement agency.

#### **Massage Establishments**

Significant changes were made to California state law as it relates to massage establishments and massage therapists during the 2011 Legislative Session. The changes, effective January 1, 2012, limit the City's ability to require establishments and therapists to pay additional fees to practice massage when they are certified through the California Massage Therapy Council (CAMTC). The impact to the Fee Schedule is the deletion of the Massage Therapist Permit and the permit for CAMTC Establishments. These fees have been replaced by the Massage Establishment License (CAMTC certified), which has no fee. The new line item references Attachment D, which provides additional information regarding the current law. For message establishments that are not CAMTC certified, the existing fee structure remains in place and proposed FY 2012/2013 fees have been increased to ensure continued cost recovery.

### **FISCAL IMPACT**

Recommended adjustments to these fees have been incorporated in the recommended FY 2012/2013 Budget and Resource Allocation Plan. Attachment A presents the proposed Fee Schedule for FY 2012/2013, reflecting proposed fees and charges.

**PUBLIC CONTACT**

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall, in the Council Chambers lobby, in the Office of the City Clerk, at the Library, Senior Center, Community Center and Department of Public Safety; posting the agenda and report on the City's Web site; and making the report available at the Library and the Office of the City Clerk. Notice of the public hearing on the proposed fees and charges was published in the Sunnyvale Sun on May 25 and June 1. Notice was sent to the Building Industry Association and the Tri County Division of the California Apartment Association, which requested notice pursuant to the Government Code. Boards and commissions wishing to make comments, suggestions, or recommendations may testify at tonight's public hearing.

**RECOMMENDATION**

It is recommended that the public hearing be held to meet the requirements of the City Charter and the California Government Code. Council should provide direction to staff on any fee requiring further review prior to the budget adoption on June 19, 2012.

<b><u>SECTION 9.02 WATER AND SEWER CONNECTION FEES</u></b>	<b><u>Fiscal Year 2011/2012</u></b>	<b><u>Fiscal Year 2012/2013</u></b>	<b><u>Charge Code</u></b>	<b><u>Object Level 3 &amp; 4</u></b>	<b><u>Title (Obj. Lvl. 3)</u></b>	<b><u>Title (Obj. Lvl. 4)</u></b>
--	---	---	-------------------------------	--	---------------------------------------	---------------------------------------

Pursuant to Section 66001 of the Government Code, the City Council hereby determines:

- (1) The purpose of the water and sewer connection charges is to assure payment by developers or their pro rata share of the escalated cost of the City's water and sanitary sewer system.
- (2) The charge will be used to reimburse the City for the owner or developer's fair share of the use of the water system and sanitary sewer systems.
- (3) There is a reasonable relationship between the use of the fees, the need for a water system, a wastewater treatment plant, and the types of development projects upon which the fee is imposed. All development projects create varying needs for the consumption of water which cannot be fulfilled unless the project is connected to the municipal water system to assure an adequate supply of water to each project. Plus, each project creates a need for sewage conveyance, disposal and treatment. The degree to which each project is charged is based upon factors related to the degree of potential usage, such as: type and size of projects, number of units, and calculations of the escalated cost of the City's sanitary sewer system; the current system capacity; the cost of conveyance, treatment and disposal per equivalent single-family dwelling unit; and the estimated daily discharge for each facility to be connected to the sanitary sewer system, taking into account proportionate average daily discharge of sewage, total organic carbon, sewage, total organic carbon, suspended solids, and ammonia nitrogen.

The fees or charges shall be collected from the owner or developer of property either (1) prior to approval of the original connection of the property to the water or sanitary sewer system, or a redevelopment with incremental impact, or (2) in the event the uses being made of the property presently connected to the system are enlarged, added to, or further structures are constructed on the property.

<b>SECTION 9.03 FIRE HYDRANTS</b>						
The following definitions shall apply to this section:						
(1) Hydrant service area shall be defined as the area that a hydrant will serve the normal fire protection needs as determined by the the City, taking into account the street pattern, typer of development, size of water service mains, and all other factors bearing on plans for fire prevention and suppression.						
(2) Frontage shall be defined as (a) that side of the lot on which the water service is installed to serve the lot for one-family or two-family residential corner lots, (b) the frontage measured along all public rights-of-way of the parcel being developed or improved for commercial, institutional, industrial, multiple family property.						
(3) Development or "Improvement" shall be deemed to occurwhen a Building Permit, Development Permit or Subdivision Agreement is required, except when the additional floor space is less than one additional residential unit or less than 1,000 square feet of additional gross floor area. In the case of developments other than residential, "development" or "improvement" shall also be deemed to occur whenever a parcel of property is redeveloped under a different zoning classification.						
A. FIRE HYDRANT SERVICE. The following fees shall be collected from the owner or developer of property at the time of the development or improvement of originalproperty or additional development or improvement of the property; provided, however, such fees will be payable only for the hydrant service area of a hydrant previouslyinstalled or to be installed at no other direct expense to the owner or developer.

FEE SCHEDULE**

---

**Massage Establishment, Therapist Licenses**

---

*Effective January 1, 2012, the California Business and Professions Code, Section 4612 as it applies to the California Massage Therapy Council (CAMTC) was amended as follows:*

B&P 4612(a) CAMTC certified massage therapists have a right to practice massage without any other license, permit, or authorization except as provided in this section.

City shall not enact an ordinance that requires a license, permit, or other authorization to practice massage by: (1) an individual who is practicing consistent with their CAMTC certification, OR

(2) a masage business or massage establishment that only employs persons who are CAMTC certified.

City may adopt "reasonable health and safety requirements for massage establishments or businesses."

B&P 4612(b) This subsection only applies to:

1. Businesses where all persons employed by the business are CAMTC-certified.

2. Sole proprietors who are CAMTC-certified.

City may require of a massage business where all employees are CAMTC-certified:

The business must maintain on its premises evidence for review by local authorities that all persons providing massage services are certified.

The City may require business to file copies or provide other evidence of certifications of all persons providing massage services.

**The City may charge a fee that is no different than the fee uniformly applied to all other individuals and business providing professional services in the City.**

City may impose generally zoning and other requirements that are generally applicable to all professional services.

City may enforce local building code and physical facility requirements that are generally applicable to other professional or personal businesses.

City may adopt reasonable health & safety requirements including cleanliness of massage rooms, towels and linens, reasonable attire and personal hygiene requirements, **but not additional qualifications such as medical examinations or criminal background checks.**

City may require an applicant for a business license to fill out an application that requests relevant information, make reasonable investigations into the information so provided, and deny or restrict a business license if the applicant provides materially false information.

B&P 4612(c) Owner is responsible for conduct of employees. Failure to comply may result in revocation of the owner's or operator's CAMTC certification.

B&P 4612(d) City has right to conduct inspections and may require owner/operator to notify City of change in name or ownership.

B&P 4612(e) **City can ONLY require a criminal background check of the owner if the owner is NOT CAMTC-certified and the owner owns 5% or more of the business.**
