

**Council Meeting: July 17, 2012****SUBJECT: Adoption of a Resolution of Intention to Levy and Collect Assessment for the Downtown Parking Maintenance District for Fiscal Year (FY) 2012/13, and Set the Date for a Public Hearing****BACKGROUND**

The operation and maintenance of certain downtown parking areas are supported by an assessment district (the Downtown Parking Maintenance District, hereinafter called the "District"). On July 28, 2009, in response to property owners' ballot approval, the City Council adopted Resolution #398-09 (RTC 09-196) ordering the formation of the District. Council also confirmed the final Engineer's report to levy an assessment for FY 2009/10 and for each fiscal year thereafter by adjusting the annual assessment rate based upon previous year's change in the Consumer Price Index (All Urban Consumers, for the San Francisco-Oakland-San Jose area as determined by the U. S. Department of Labor, the "CPI").

On June 28, 2011, the City Council approved the current (FY 2011/12) assessment rates based upon the CPI change from April 2010 to April 2011, as shown in Table 1 below.

Table 1 - FY 2011/12 Assessment Rates per Benefit Zone			
Benefit Zone No.	FY 2011/12 Assessment Rate Per Deficit Parking Space	Total Deficit Parking Space	FY 2011/12 Assessment Revenue
1	\$0.00	56.80	\$0.00
2	\$144.18	172.38	\$24,835.74
3	\$62.60	2,046.12	\$128,086.96
4	\$18.86	254.24	\$4,794.96
Total		2,529.54	\$157,735.66

The benefit zones are shown on the District diagram in the Engineer's Report. Property owners in Zone 1 (primarily Town Center) are not assessed due to the fact that Town Center owners are required to maintain the new parking facilities as well as the existing parking structure adjacent to Target. Property owners in Zone 1 (south of Iowa Avenue) will be able to use the available parking facilities, but the Town Center owners will pay for the maintenance and operation of those parking facilities.

EXISTING POLICY

Council Resolution 6643, dated September 1, 1964 authorized the City to levy an annual assessment on all lands and improvements within the Parking District to pay debt service, operations, maintenance, and improvement costs.

Municipal Code Section 19.46.010: Areas and facilities required - location: the owner or occupant of land or buildings used for any purpose in any zoning district, except uses within the boundaries of a parking district created by the action of the city council, shall provide off-street parking and loading areas and facilities which conform to the regulations set forth herein.

DISCUSSION

Francisco & Associates, Inc. (the Assessment Engineer) has prepared the annual preliminary Engineer's Report (Attachment A) for the FY 2012/13 assessment. A public hearing process is required by state law to provide the City authority to levy and collect the assessment for the District for FY 2012/13. Adoption of the Resolution of Intention (Attachment B) will approve the preliminary Engineer's Report, authorize publication of the Notice of Public Hearing and set a public hearing for July 31, 2012.

The CPI change between April 2011 and April 2012 is +2.0776%. Therefore, the proposed FY 2012/13 assessment rates are shown in Table 2 below.

Table 2 – FY 2012/13 Assessment Rates per Benefit Zone					
Benefit Zone No.	Assessment Rate Per Deficit Parking Space	Total Deficit Parking Space	Total Assessment	Less County Administration	Net Assessment Revenue
1	\$0.00	56.80	\$0.00	\$0.00	\$0.00
2	\$147.18	172.38	\$25,370.88	(\$253.71)	\$25,117.17
3	\$63.90	2,061.39	\$131,722.64	(\$1,317.23)	\$130,405.41
4	\$19.25	254.24	\$4,894.10	(\$48.94)	\$4,845.16
Total		2,544.81	\$161,987.62	(\$1,619.88)	\$160,367.74

There is a slight increase in the deficit parking space within benefit zone 3 due to two properties with use changes from retail to restaurant.

Two recent developments, known as Sunnyvale Solstice and Carmel Lofts in the old Town and Country area are part of this assessment, but are assessed at \$0.00 for FY 2012/13. Once those projects are completed and occupied, they will be added to the assessment roll.

FISCAL IMPACT

The proposed budget for routine maintenance and administration of the parking lots for FY 2012/13 is \$174,286. Approval of the recommended FY 2012/13 assessment will generate gross revenue of approximately \$161,988. The City receives net assessment revenue of \$160,368 after County administrative fees (1% of the assessment) are subtracted. The difference between net assessment revenues and planned expenditures is offset by \$3,107 of interest income and a drawdown of \$10,811 of the Parking District's Fund reserve, leaving approximately \$443,000 remaining in the reserve at the end of FY 2012/13. The remaining balance of the reserve will be used for future periodic capital improvements as well as a supplement to annual operating and maintenance costs.

The expected gross revenue from assessment (\$161,988) is slightly lower than the amount projected in the recommended FY 2012/2013 Budget (\$164,092) because the CPI inflator was still an estimate at the time of budget development. The slightly lower assessment revenue increases the planned draw on the reserve by approximately \$2,100.

In the current 20-year long-term financial plan for the Parking District Fund, annual expenditures are projected to increase at a greater rate than assessment revenues. As such, the reserve is projected to be drawn down significantly over the 20-year period, and a reassessment may be necessary in the future. However, it is anticipated the Parking District and assessment methodology will be reviewed before that point with the redevelopment of the downtown area.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall, in the Council Chambers lobby, in the Office of the City Clerk, at the Library, Senior Center, Community Center, and Department of Public Safety; posting the agenda and report on the City's Web site; and making the report available at the Library and the Office of the City Clerk.

During the week of May 16, 2012, informational letters were mailed to each property owner explaining the proposed assessment methodology and assessment rate per deficit parking space. Specific information pertaining to the assessment methodology, the demand for on-site private parking, the number of on-site private parking spaces, and any respective deficit was provided for each parcel within the District.

ALTERNATIVES

1. Adopt the Resolution of Intention to Levy and Collect Assessment for the Downtown Parking Maintenance District for FY 2012/13.
2. Do not take action to give the City the necessary authority to levy and collect the assessment for the public parking facilities for FY 2012/13.

RECOMMENDATION

Staff recommends Alternative No. 1. This alternative will allow staff to file the approved preliminary Engineer's report, publish the Notice of Public Hearing and return to Council on July 31, 2012 for the public hearing.

SECTION I

INTRODUCTION

ENGINEER'S REPORT

SUNNYVALE DOWNTOWN PARKING MAINTENANCE DISTRICT

FISCAL YEAR 2012-13

HISTORY

On September 1, 1964 the City Council adopted Resolution No. 6643, which authorized the City of Sunnyvale to levy an ad-valorem assessment on all taxable properties within the boundaries of the Sunnyvale Downtown Parking Maintenance District. This ad-valorem assessment was used to pay for the operation and maintenance of existing public parking facilities and the debt service payments associated with the acquisition and construction of various public parking facilities within the boundaries of the Sunnyvale Downtown Parking Maintenance District ("District").

IMPACTS OF PROPOSITION 218

On November 5, 1996, California voters approved Proposition 218, entitled the "Right to Vote On Taxes Act", which added Articles XIII C and XIII D to the California Constitution. While its title refers only to taxes, Proposition 218 established new procedural requirements for the formation and administration of assessment districts. Commencing in FY 1997-98, the City could no longer levy assessments, based upon each parcel's assessed valuation (ad-valorem), to fund the annual operation and maintenance of parking facilities. Assessments to fund these facilities were required to be spread based upon each parcel's proportionate share of benefit that they receive from those parking facilities. Because the previous methodology did not allocate the costs to each parcel based upon their proportionate share of benefit the assessment spread methodology had to be revised commencing in FY 1997-98.

Proposition 218 requires that all affected property owners be given the opportunity to vote either in favor or against their proposed assessment. Therefore, in order to comply with the requirements of Proposition 218 and the levy of assessments commencing in FY 1997-98 and each fiscal year thereafter, the City implemented the following procedures:

- 1) Every property owner subject to the proposed assessment was mailed a ballot allowing the property owner to vote either in favor or against the proposed formation of the Sunnyvale Downtown Parking Maintenance District and the levying of assessments within the proposed District. The ballots were accompanied by a public notice describing the total assessment, the individual property owner's assessment, the duration of the assessment, the reason for the assessment and the basis upon which the assessment was calculated.

- 2) The ballots returned to the City Clerk before the close of the public input portion of the public hearing were tabulated to determine whether a majority protest against the assessment levy existed. A majority protest existed if over 50% of the ballots received, weighted by assessment amount, oppose the levy of assessment.

- 3) On July 28, 2009 the City Clerk tabulated the ballots and a majority of the property owners who voted were in favor of forming the District and authorizing the levy of assessments commencing in FY 2009-10 and each year thereafter by adjusting the annual assessment based upon the prior year's change in the Consumer Price Index (All Urban Consumers, for the San Francisco-Oakland-San Jose area as determined by the U.S. Department of Labor).

SECTION II

**ENGINEER'S REPORT PREPARED PURSUANT TO THE PROVISIONS OF
THE CITY OF SUNNYVALE MUNICIPAL CODE (CHAPTER 14.26)**

FISCAL YEAR 2012-13

Pursuant to City of Sunnyvale Municipal Code (Chapter 14.26), I, Joseph A. Francisco, the duly appointed Engineer of Work and acting for *Francisco & Associates, Inc.*, Assessment and Administration Engineer for the District, submit the following Report, consisting of Section I (Introduction) above, which is largely based on information provided by the City of Sunnyvale and this Section II, which consists of five (5) parts, as follows:

PART I: DESCRIPTION OF IMPROVEMENTS

This part describes the improvements in the Maintenance District. Plans and specifications for the improvements listed in Part I are on file in the Office of the Clerk of the City of Sunnyvale. Such plans and specifications are incorporated herein by reference.

PART II: ESTIMATE OF COST

This part contains an estimate of the costs of the proposed improvements for Fiscal Year 2012-13, including incidental costs and expenses in connection therewith. This estimate is also on file in the Office of the Clerk of the City of Sunnyvale.

PART III: PARKING DISTRICT DIAGRAM

This part incorporates, by reference, the "Downtown Parking District Diagram", which is a diagram of the Maintenance District showing the exterior boundaries of the District and the lines and dimensions of each lot or parcel of land within the District. This Diagram has been prepared by the Engineer and is on file in the Office of the Clerk of the City of Sunnyvale. The lines and dimensions of each lot or parcel within the District are those lines and dimensions shown on the maps of the Assessor of the County of Santa Clara for the year when this Report was prepared. The Assessor's maps and records are incorporated by reference to the Assessor parcel numbers included herein in Appendix "B" and made part of this Report.

PART IV: METHOD OF APPORTIONMENT OF ASSESSMENT

This part describes the method of apportionment of assessments, based upon each parcel's current use, within the boundaries of the Maintenance District. The apportionment of assessments to each parcel is in proportion to the estimated benefits the parcel receives from the improvements.

PART V: PROPERTY OWNER LIST & ASSESSMENT ROLL

This part contains a list of the Santa Clara County Assessor's Parcel Numbers and the net amount to be assessed upon benefited lands within the Maintenance District for Fiscal Year 2012-13.

The Assessment Roll is filed in the Office of the Clerk of the City of Sunnyvale and is incorporated in Appendix "B" of this Report. The list is keyed to the records of the Assessor of the County of Santa Clara, which are incorporated herein by reference.

PART I

DESCRIPTION OF IMPROVEMENTS

Parking Facilities:

The parking facility improvements that can be operated, maintained and serviced by the Maintenance District for Fiscal Year 2012-13 consist of the public parking facilities shown in Appendix "A" of this report.

PART II

ESTIMATE OF COST

The City of Sunnyvale Municipal Code (Chapter 14.26) provides that the total cost of operation, maintenance and servicing of public parking facilities can be recovered by the levying of assessments.

Operation, maintenance and servicing costs include, but are not limited to; the repair and replacement of existing parking facilities, personnel, electrical energy, utilities such as water, materials, contractual services and other items necessary or appropriate for the parking facilities. Incidental expenses include the administration of the Maintenance District, engineering fees, legal fees, printing, posting and mailing of notices. Insurance and all other costs associated with the annual collection process are also included.

The operation, maintenance and servicing costs for Fiscal Year 2012-13 are summarized below in Table 1. These cost estimates were provided by the City of Sunnyvale.

TABLE 1 City of Sunnyvale Downtown Parking Maintenance District Budget FY 2012-13	
	FY 2012-13 Costs
<u>Revenues:</u>	
Assessment Revenue	\$161,987.62
Less County Administration	(\$1,619.88)
Interest income (to be transferred)	\$3,107.00
District reserve Fund (to be transferred)	<u>\$10,811.26</u>
Total Revenues	\$174,286.00
<u>Expenses:</u>	
Parking Lot Capital Improvement Project, Maintenance & Administration	<u>\$174,286.00</u>
Total Expenses	\$174,286.00

The City of Sunnyvale Municipal Code (Chapter 14.26) requires that a special fund be set up for the revenues and expenditures of the District. Funds raised by assessments shall be used only for the purpose as stated herein. The City of Sunnyvale or, subject to the discretionary approval of the City of Sunnyvale City Council, any other person may contribute to the District to reduce assessments. Any balance remaining on July 1 must be carried over to the next fiscal year unless the funds are being accumulated for future capital improvements or operating reserves.

PART III

MAINTENANCE DISTRICT DIAGRAM

The boundaries of the Maintenance District are within the boundaries of the City of Sunnyvale. A diagram (the "Downtown Parking Maintenance District Diagram") of the District showing the exterior boundaries of the District has been prepared by the Engineer of Work and is on file in the Office of the Clerk of the City of Sunnyvale and a copy of the Assessment Diagram is shown in Appendix "A" of this Report. For a detailed description of the lines and dimensions of each lot or parcel within the Downtown Parking Maintenance District are those lines and dimensions shown on the maps of the Assessor of the County of Santa Clara for Fiscal Year 2012-13. The Assessor's parcel maps for the lots and parcels within the Downtown Parking Maintenance District are incorporated by reference herein and made part of this Report.

PART IV

METHOD OF APPORTIONMENT OF ASSESSMENT

GENERAL

The City of Sunnyvale Municipal Code (Chapter 14.26) permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the operation, maintenance and servicing of public parking facilities.

The City of Sunnyvale Municipal Code (Chapter 14.26) requires that the assessments must be levied according to benefit rather than according to assessed value. In addition, Article XIIID, Section 4(a) of the California Constitution, limits the amount of any assessment to the proportional special benefit conferred on the property.

Because assessments are levied on the basis of benefit, they are not considered to be a tax governed by Article XIII A of the California Constitution.

The City of Sunnyvale Municipal Code (Chapter 14.26) permits the designation of zones of benefit within any individual assessment district if "by reasons or variations in the nature, location and extent of the improvements, the various areas will receive different degrees of benefit from the improvement".

Article XIIID provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment. Exempted from the assessment would be the areas of public streets, public avenues, public lanes, public roads, public drives, public courts, public alleys, public easements and rights-of-ways, public greenbelts and public parkways and that portion of public property that is not developed and used for business purposes similar to private commercial, industrial and institutional activities.

PUBLIC PARKING BENEFIT ANALYSIS

Property owners within the Downtown Parking Maintenance District receive a special and direct benefit from the District parking facilities because this allows property owners to develop or redevelop their properties without providing needed on-site parking to support their development. This Parking District allows property owners to maximize their parcel's development capabilities (i.e. by only requiring property owners who construct additional building square footage on their parcel to provide additional on-site parking for that additional building square footage constructed). The ability to maximize a parcel's development capabilities increases the value of these properties within the boundaries of the District.

BENEFIT ASSESSMENT METHODOLOGY

The total cost to operate, maintain and service the parking facilities are apportioned to each parcel within the boundaries of the Maintenance District in accordance with a methodology that is consistent with standard assessment engineering practices. The method for spreading the costs to each parcel is based on each parcel's pro-rata share of deficit parking spaces. The number of deficit parking spaces for each parcel is equal to the number of parking spaces needed per the City's Parking Demand Guidelines (see Table 2 below) less the number of existing parking spaces located on their parcel.

TABLE 2 City of Sunnyvale Downtown Parking Maintenance District Parking Demand Guidelines	
Current Type of Use	One Parking Space Per
Apartments (1 Bedroom)	0.66667 Units
Apartments (2-3 Bedrooms)	0.57143 Units
Churches	3 Seats
Condos	0.50 Units
Financial Institutions	180 sq. ft.
General Offices (Free Standing)	250 sq. ft.
General Offices (In Center)	250 sq. ft.

Industrial Warehouses	2,500 sq. ft.

Repair Garages	180 sq. ft.
Research & Development	500 sq. ft.
Rest Homes	2.25 Units
Restaurants w/ Bars or Fast Food	75 sq. ft.
Restaurants w/o Bars	110 sq. ft.
Retail	250 sq. ft.
Senior Citizen Apartments	2.0 Units + Employees
Shopping Centers	225 sq. ft.

¹ Each year in May all parcels within the boundaries of the Maintenance District are analyzed to determine their current use. If a parcel is vacant and the proposed use is not available it will be classified as "Other Uses". Other Uses has been used for Vacant parcels because it is the average of all land uses within the Maintenance District.

Because of the varying size and location of parking facilities located within the Maintenance District, special benefit zones have been established to accurately track the operation and maintenance costs and assess only those properties that benefit from the improvements located within their respective benefit zone. All parcels within the boundaries of the District are located within either Benefit Zone No. 1, 2, 3 or 4. Properties located within each benefit zone will only be required to pay for the operation and maintenance of the parking facilities located within their respective benefit zone. The total cost to operate and maintain the parking

facilities within each benefit zone will be spread to each parcel within that benefit zone based upon their proportionate number of deficit parking spaces.

Parcels will be assessed based upon their pro-rata share of the number of parking spaces they are in deficit of based upon the City of Sunnyvale Parking Demand Guidelines. If the parcel has fewer parking spaces than that which is required under the City of Sunnyvale Parking Demand Guidelines, then they are considered in deficit.

For example, if an office building has 25,000 square feet of office space, the City of Sunnyvale would require one (1) parking space for every 250 square feet of office space. Therefore, in this case, the office building would require 100 parking spaces (25,000 sq. ft./1 parking space per 250 sq. ft.). If the property owner for the office building had 100 or more parking spaces then the property owner would not be placing a demand for additional parking and therefore would not be assessed. However, if the property owner only had 70 on-site parking spaces then there would be a parking deficit of 30 parking spaces for that particular parcel.

Based upon the annual budget needed to operate and maintain the existing public parking facilities for Fiscal Year 2012-13, the assessment rates per deficit parking space for each benefit zone are summarized below in Tables No. 3.

Maximum Annual Assessment Rate Increases

The FY 2012-13 assessment rates per deficit parking space shown above for each Benefit Zone are the maximum annual assessment rates that can be levied in FY 2012-13. Each fiscal year thereafter the maximum annual assessment rates shown above will be increased based upon the prior year's change in the Consumer Price Index (All Urban Consumers) for the San Francisco-Oakland-San Jose Area as determined by the U. S. Department of Labor. The base CPI index used to calculate future increases in assessments is 234.121 for April 2011 and 238.985 for April 2012. Therefore, the CPI change is +2.0776%.

Exempt Parcels. Exempted from the assessment would be the areas of public streets, public avenues, public lanes, public roads, public drives, public courts, public alleys, public easements and rights-of-ways, public greenbelts and public parkways and that portion of public property that is not developed and used for business purposes similar to private commercial, industrial and institutional activities. A variance may be granted by the District for any parcel determined not benefited by the assessment.

PART V

PROPERTY OWNER LIST & ASSESSMENT ROLL

A list of names and addresses of the owners of all lots and parcels of land within the Maintenance District was compiled from the last equalized secured property tax assessment roll of the Assessor of the County of Santa Clara. Such list was further defined by excluding from it all parcels that are not being assessed by the District, and as so defined, is a part of the Assessment Roll. The Assessment Roll is keyed to Assessor's parcel numbers referenced in Appendix "B" to this Report.

The total proposed annual assessment for FY 2012-13 is \$161,987.62.
