SUBJECT: Receive and File FY 2011/2012 Annual Status Report on Receipt and Use of Development Impact Fees

BACKGROUND

In order to ensure that mitigation fees are spent in a timely manner and on projects for which they were being collected, the State Legislature passed a bill known as AB 1600 (The Mitigation Fee Act). This bill applies to developer fees which were increased or imposed on or after January 1, 1989.

The Mitigation Fee Act (California Government Code, § 66000 et seq.) requires local agencies that impose development impact fees to present an annual, consolidated report showing the receipt and use of those fees. The Annual Status Report (Attachment A) must be reviewed by Council within 180 days after the close of the fiscal year represented.

The City assesses four development impact fees - the Housing Mitigation Fee; the Sense of Place Fee; the Transportation Impact Fee; and the Park Dedication Fee. The first three are subject to the Mitigation Fee Act, while only a portion of the City’s Park Dedication Fee is subject to the Mitigation Fee Act. Specifically, the Park Dedication Fees assessed pursuant to the Quimby Act (California Government Code §66477) and codified by the City in the Sunnyvale Municipal Code, Chapter 18.10 (Subdivisions – Parks and Open Space Dedication) are exempt from the reporting requirements included in the Mitigation Fee Act. However, Park Dedication Fees assessed pursuant to Sunnyvale Municipal Code, Chapter 19.74 (Zoning – Park Dedication Fees for Rental Housing Projects) are subject to the reporting requirements included in the Mitigation Fee Act. Therefore, only the details of the non-exempt Park Dedication Fees are included in the report.

In addition to these four active fees, the City maintained a fund balance in FY 2011/2012 resulting from Traffic Mitigation Fees. Traffic Mitigation Fees have not been assessed by the City since 2004. It is important to note that the Traffic Mitigation Fee and the Transportation Impact Fee are exclusive of one another and monies associated with each are segregated in separate sub-funds. The Traffic Mitigation Fee was created in 2000 as a key component of the Transportation Strategic Program to provide an interim revenue mechanism to fund needed upgrades to the transportation system resulting from new
development. In 2004, the City stopped assessing Traffic Mitigation Fees and began assessing Transportation Impact Fees. Both the Traffic Mitigation Fees and the Transportation Impact Fees are subject to the Mitigation Fee Act and are included in the report.

The Act also specifies that every five years, the report must contain findings specifying the intended use of any unexpended impact fees. Council made the required findings for Housing Mitigation Fees, Park Dedication Fees, and Traffic Mitigation Fees for FY 2010/2011. The next findings for those fees will be required for FY 2015/2016. The required findings for the Transportation Impact Fee were made for FY 2008/2009 and will not be needed again until FY 2013/2014. If findings are not presented as scheduled, it is possible that the City may be obligated to refund either all or a portion of the fees collected under the authority of the Act.

**EXISTING POLICY**

**DISCUSSION**

As prescribed by the Mitigation Fee Act, the status report must include the following information for each development impact fee:

- A brief description of the fee and the fund into which the fee was deposited;
- The amount of the fee;
- The associated fund’s beginning and ending balances for the fiscal year;
- The total amount of fees collected and interest earned;
- Identification of each public improvement on which impact fees were expended and amount of expenditure on each improvement, including the total percentage of the cost of the public improvement that was funded with impact fees;
- Identification of approximate date by which construction of a public improvement will begin;
- Determination that sufficient funds have been collected to complete financing on an incomplete public improvement;
- Description of each inter-fund transfer or loan made from the account or fund, including the public improvement on which the loaned funds will be expended, and in the case of an inter-fund loan, the date on which the loan will be repaid and the rate of interest that the account or fund will receive on the loan; and
• Amount of any refunds made due to inability to expend impact fees once a determination is made that sufficient impact fees have been collected to finance a public improvement, and the improvement remains incomplete, and the City has not determined an approximate date by which construction will begin.

This information is presented in the attached FY 2011/2012 Annual Status Report on Receipt and Use of Development Impact Fees.

**FISCAL IMPACT**

In FY 2011/2012, the City received $7,185,901 in new development impact fees. Of that total amount $5,782,154 was reportable under the Mitigation Fee Act and $1,403,747 was exempt from reporting requirements. The fee revenue will be used to fund public improvements necessary to meet the demand for services resulting from commercial and residential development in the City. The specifics of how these monies are programmed for expenditure are included in the status report, as well as in the FY 2011/2012 Adopted Budget and Resource Allocation Plan.

**PUBLIC CONTACT**

Public contact was made by posting the Council agenda on the City’s official-notice bulletin board outside City Hall, at the Sunnyvale Senior Center, Community Center, and Department of Public Safety; and by making the agenda and report available at the Sunnyvale Public Library, the Office of the City Clerk, and on the City’s Web site.

The Mitigation Fee Act stipulates a 15-day public review period for the Annual Mitigation Fee Status Report. The status report was available for public inspection by December 3, 2012.

**ALTERNATIVES**

2. Council to receive and file with modifications the FY 2011/2012 Annual Status Report on Receipt and Use of Development Impact Fees.

3. Other action as determined by Council.
RECOMMENDATION

Staff recommends Alternative 1, Council to receive and file the FY 2011/2012 Annual Status Report on Receipt and Use of Development Impact Fees.

Note: No interfund loans or refunds were made during FY 2011/2012.

Description of Projects:

235330 Affordable Housing Capital Project Management — This operational function provides staff time to support the provision of affordable housing within the City.

235340 Management, Supervision, and Administration — This operational function provides staff time to support the provision of affordable housing within the City.

825930 City Owned Properties – Downtown/388 Charles Street — This project provides funding for repairs, general maintenance, and administration of the property at 388 Charles Street. These properties are projected to be maintained until FY 2012/13, or until full assemblage or sale of all existing parcels is completed.
City of Sunnyvale
Annual Status Report on Receipt and Use of Development Impact Fees
FY 2011/2012

826520 Predevelopment Costs on Affordable Housing Sites — This project will allow for professional services to be secured as needed to analyze feasibility of large-scale housing projects for study by Council such as the Onizuka housing proposals and the downtown housing properties.

828100 First-Time Homebuyer Loans (81-120% AMI) – This project provides funding for the First Time Homebuyer Program, to be used for down-payment assistance loans to eligible moderate-income households.

828110 Housing Trust Fund (HTFSCC) Contribution - This project provides contributions of Housing Mitigation funds to the Housing Trust Fund of Santa Clara County for investment in city-approved housing projects located in Sunnyvale. Funds will be used for affordable multi-family rental housing construction, rehabilitation, and/or preservation, and/or down-payment assistance programs for low and/or moderate income first-time buyers. The Housing Trust Fund seeks seed monies from various public agencies in the county and other donors, and uses these funds to seek matching funds from the State and federal governments, corporations, and other donors.

829470 MidPen Housing Pre-Development Cost Reimbursement - This project allocates $50,000 in Housing Mitigation funds to MidPen Housing Corporation, a non-profit corporation in conjunction with the Onizuka Air Force Station Base Realignment Closure.

829480 Charities Housing Pre-Development Cost Reimbursement - This project allocates $50,000 in Housing Mitigation funds to Charities Housing Corporation, a non-profit corporation in conjunction with the Onizuka Air Force Station Base Realignment Closure.

General Fund In-Lieu — Transfer to the General Fund to cover the indirect costs realized during the course of managing Housing activities not directly associated with a specific capital improvement project.

826554 Onizuka/BRAC Project - Final Planning Phase – Transfer to this project to cover the OEA (Office of Economic Adjustment) ineligible costs for the Onizuka/BRAC Project - Final Planning Phase. A final grant request of $30,225 was submitted to the OEA to cover remaining staff and legal support that will be needed to complete the BRAC planning process. Certain items are ineligible for OEA assistance, and a budget modification was submitted and subsequently approved by Council to cover these costs, part of which was from the Housing Mitigation fund for follow-up actions with two homeless housing providers and the Department of Housing and Urban Development on implementing the Agreement for the production of affordable housing.

**Description of Projects:**

816000 Future Traffic Signal Construction/Modification — This project provides funding for major signal modifications and/or installing new traffic signals as necessitated by traffic conditions.
City of Sunnyvale
Annual Status Report on Receipt and Use of Development Impact Fees
FY 2011/2012

827630 Safe Routes to Schools City-wide Projects – This project will provide funding to install traffic safety devices to encourage the Safe Routes to School movement that has taken hold in communities throughout the United States. The concept is to increase the number of children who walk or bicycle to school by funding projects that remove the barriers that currently prevent them from doing so.

826554 Onizuka/BRAC Project - Final Planning Phase – Transfer to this project to cover the OEA (Office of Economic Adjustment) ineligible costs for the Onizuka/BRAC Project - Final Planning Phase. A final grant request of $30,225 was submitted to the OEA to cover remaining staff and legal support that will be needed to complete the BRAC planning process. Certain items are ineligible for OEA assistance, and a budget modification was submitted and subsequently approved by Council to cover these costs, part of which was from the Traffic Mitigation fund for a plan-level traffic study with specific analysis of the preferred educational use and an air quality /greenhouse gas analysis.

828590 Mary Avenue Street Space Allocation Study - This project will conduct engineering and environmental analysis of alternatives for configuring the roadway geometry of Mary Avenue from Fremont Avenue to Maude Avenue to provide bike facilities.

828670 Downtown Streetscape Improvements - The project will implement the adopted streetscape design standards for street furniture, sidewalk width and patterns, street lighting, landscaping, and signing and markings by filling in the gaps on portions of Mathilda Avenue, Iowa Avenue, Washington Avenue, Evelyn Avenue and Sunnyvale Avenue. The project is consistent with the Downtown Specific Plan. Grant revenue has been secured to fund 80% of these improvements.

828900 Hendy Avenue Complete Street Project – This project is to reconstruct Hendy Avenue from Sunnyvale Avenue to Fair Oaks Avenue. This project has been included as part of City, County, and Regional long-range Traffic and Transportation Plans for many years. It is part of the City’s Bicycle Capital Improvement Program, Santa Clara County’s Bicycle Expenditure Program, and the Valley Transportation Authority’s (VTA) Bicycle Plan. The condition of the roadway in this area is exceptionally poor and it is missing or has substandard sidewalks, bikeways, and lighting. Drainage facilities are also inadequate. This project will essentially reconstruct the entire roadway section to provide for all travel modes, upgrade lighting and streetscape to downtown standards, and provide additional on-street parking in the vicinity of the Northrop Grumman facility.

828910 Sunnyvale Avenue/Old San Francisco Road Left Turn Project – This project will construct a new signalized southbound left turn access to Old San Francisco Road from Sunnyvale Avenue. A preliminary engineering feasibility analysis was conducted that indicated there was an operational benefit to providing a left turn lane onto Old San Francisco Road from Sunnyvale Ave, where none currently exists.
City of Sunnyvale
Annual Status Report on Receipt and Use of Development Impact Fees
FY 2011/2012

829270 Remington Drive/Bernardo Ave Traffic Signal - This project will construct a new traffic signal and communications equipment at the intersection of Remington Drive and Bernardo Avenue to improve traffic operations and safety at this location.

829320 Downtown Streetscape Improvements Phase II - This project will provide streetscape improvements (enhanced sidewalks, lighting, and landscaping) on Iowa Avenue in locations that are not anticipated to be enhanced by redevelopment. The purpose of the project is to enhance public spaces in the downtown to encourage economic development and public activity such as walking and shopping.

FY 2011/2012

Fee: Park Dedication Fee

Fee Description: Fee assessed on certain residential subdivisions to purchase land, buy equipment, or construct improvements in neighborhood and district parks and recreational facilities serving the subdivision. (Sunnyvale Municipal Code, Chap. 19.74 — Non-exempt from Mitigation Fee Act reporting requirements.)

Amount of Fee: $69.00 per square foot.

Fund: Park Dedication Fund (141)

FY 2011/2012 Receipt and Use:

The City of Sunnyvale has two different types of Park Dedication Fees. The first was established pursuant to the Quimby Act (California Government Code §66477), listed in the Subdivision Map Act, and codified by the City in the Sunnyvale Municipal Code, Chapter 18.10. These particular Park Dedication Fees are assessed only on residential units in subdivisions and may be used to purchase land, buy equipment or construct improvements in neighborhood parks, district parks, and recreational facilities serving the residential subdivision. The fees collected for this type of development are exempt from reporting requirements, and details are not included in this report.

The second type of Park Dedication Fee was established pursuant to the Mitigation Fee Act (California Government Code §66000(b)) and codified by the City in the Sunnyvale Municipal Code, Chapter 19.74. These Park Dedication Fees are assessed only on multi-family residential units and may be used to purchase land, buy equipment or construct improvements in neighborhood parks, district parks, and recreational facilities serving the multi-family residential unit. The fees collected for this type of development are subject to the reporting requirements included in the Mitigation Fee Act.

Non-exempt Park Dedication Fees:
Since FY 2009/2010, all non-exempt fees had been expended on appropriate projects. As such, no beginning balance existed at the beginning of FY 2011/12. Non-exempt fees were collected again in FY 2011/2012. As shown in the following table, some activity occurred relating to non-exempt Park Dedication Fees for FY 2011/2012.

Total Expenditures/Transfers $1,852,905
Ending Balance $1,566,255

Note: No interfund loans or refunds were made during FY 2011/2012.

Exempt Park Dedication Fees:
During FY 2011/2012, the City collected $1,403,747 in new exempt Park Dedication Fees, with $76,044 in interest earned. These fees were assessed on the number of residential units in subdivisions. The City has specified 11 capital projects for parks and common use spaces that serve the residents. Descriptions of the projects are included in Volume III of the FY 2011/2012
City of Sunnyvale
Annual Status Report on Receipt and Use of Development Impact Fees
FY 2011/2012

Adopted Budget and Resource Allocation Plan. As previously noted, these fees are exempt from reporting requirements, and therefore, details are not included in this report.

**Description of Projects:**

808352 *Seven Seas Park Development* - This project provides development of a 5.3 acre parcel on Morse Avenue as a neighborhood park. This property was purchased to provide a park for this neighborhood and was previously leased for private industrial use (Fair Oaks Industrial Park).

820280 *Park Furniture and Fixtures Replacement* - This project provides for the replacement of picnic tables, park benches, drinking fountains, trash containers, retaining walls and other fixtures.

820130 *Routine Resurfacing of City Owned Parking Lots* - This project provides for the resurfacing (including preparation, patching, slurry seal, and striping) of City-owned parking lots. Lots are resurveyed at least every two years to update condition, scheduling and funding.

827160 *Tennis Center Court Rehabilitation* - This project provides for rebuilding of nine courts and rescaling of sixteen courts at the Sunnyvale Tennis Center.

829190 *Community Center Comprehensive Infrastructure* - This project provides for infrastructure repairs and renovations to buildings at the Community Center. The scope of the project includes roof replacement and repair, HVAC (heating, ventilation, and air conditioning) system replacement and repair, fire protection systems, and waterproofing. In addition to these one-time costs, ongoing building rehabilitation is programmed into this project.

818450 *Community Center Buildings – HVAC* - This project involves replacement of heating ventilation and air conditioning (HVAC) systems for the Community Center complex.

818550 *Park Buildings – Rehabilitation* – This project provides for renovations and upgrades to Park Buildings for a multitude of reasons, including compliance with code requirements and Americans with Disabilities Act (ADA) guidelines, safety improvements, and repairs to aging infrastructure.

825850 *Swim Pools Infrastructure* - This project covers routine infrastructure needs for three community swimming pools – the City-owned Washington Pool, and the leased pools at Columbia Middle School and Sunnyvale Middle School.

829130 *Community Center Exterior Lighting Upgrades* - This project will improve safety of the Community Center Complex by upgrading the light output of exterior lighting fixtures, as well as save energy with these upgraded fixtures.

Annual Status Report on Receipt and Use of Development Impact Fees
FY 2011/2012

820270 Playground Equipment Replacement - This project provides for the replacement of parks playground equipment and resilient surfacing on a 20-year cycle.

829110 Facility Safety Upgrades for Fall Protection - This project provides for the installation of fall protection systems for buildings that have the potential for risk to the City in case of accidental falls by employees or contractors.

829440 Land Acquisition Due Diligence - This project allows for due diligence to cover for professional services associated with review and evaluation of reports provided by developers offering land for dedication, and to coordinate with State regulatory oversight agencies.

821330 Park Buildings - Roof Repair and Replacement - This project provides for roof repair and replacement at park buildings.

Project Administration In-Lieu — Transfer to the Project Management Services General Service Fund to cover the indirect costs realized during the course of managing transportation related capital projects.
