

**Council Meeting: May 21, 2013****SUBJECT: Discussion and Possible Action Regarding Proposals for the Operation of Public Swim Programs at Fremont High School Pool****REPORT IN BRIEF**

The Fremont Pool opened to the public in June 2002 and has been operated under an agreement between the City and a contractor since that time. The current Agreement is due to expire August 31, 2013. The City issued a request for proposals (RFP) for a new operator in December 2012 and received two proposals. Staff negotiated a draft agreement with the most qualified proposer – California Sports Center (CSC) (Attachment A). At the same time, Council directed staff to develop an option for providing public swim programs at Fremont High School Pool whereby the City provides these services directly, in lieu of entering into an agreement with a contractor.

The draft of this report was reviewed by the Parks and Recreation Commission on May 8, 2013. The Commission voted unanimously to recommend Alternative Number 1: Approve, in substantially the same form as attached, the proposed Agreement between California Sports Center and the City of Sunnyvale for the Operation of Public Swim Programs at Fremont High School Pool. (Attachment E – Excerpt of Draft Parks and Recreation Commission Meeting Minutes of May 8, 2013.)

As a result of public comment on the insurance requirements set forth in the contract (located on Page 17 of Attachment A of the Draft Agreement), the Commission requested that the Sunnyvale Swim Team, a user group, be prepared to provide Council with the financial impact to them if they were required to provide the same level of insurance coverage that the City is requiring of the Contractor.

Staff recommends Alternative Number 1: Approve, in substantially the same form as attached, the proposed Agreement between California Sports Center and the City of Sunnyvale for the Operation of Public Swim Programs at Fremont High School Pool.

**BACKGROUND**

In July 2000, the City entered into a 25-year agreement with the Fremont Union High School District for the construction and operation of a 50-meter swim pool at Fremont High School. The City and District share ongoing operational, staffing and utility costs under the terms of this agreement. The pool opened to the public in June 2002 and has been operated under an agreement between the City and CSC since 2002.

The current contract with CSC is due to expire August 31, 2013. The Request for Proposal document was presented to the Parks and Recreation Commission on November 14, 2012 and to Council on December 4, 2012. Council authorized staff to proceed with the RFP process and include revisions to the language in the document. Typically, staff does not bring draft Request for Proposals to Council prior to issuance; however, in this instance, the level of community interest warranted such advance review.

A RFP was issued on December 6, 2012, and two proposals were received by the January 25, 2013 deadline. The RFP laid out a process which anticipated bringing a short list of proposals back for Parks and Recreation Commission and Council review in April. City Council also directed staff to research the costs associated with the City operating the Fremont Pool directly, using City staff, and to present that information for comparison when the proposals were brought back to Council for review. After a panel comprised of staff and an outside expert reviewed the proposals in February 2013 and conducted interviews with the two proposers, it was determined that only one proposal, from California Sports Center (CSC), was appropriate to move forward (Attachment B). Therefore, in March 2013, negotiations began with CSC on a potential new agreement. CSC was notified that at the same time the draft agreement was presented to Council for consideration, Council would also be reviewing the option of the City operating the pool directly, and that there was the potential that Council would decide against pursuing an agreement with CSC.

### **EXISTING POLICY**

#### **Sunnyvale Consolidated Plan**

**CC-10.4:** Use entrepreneurial strategies to identify and reach new markets for programs, services and revenue generation, and to strengthen relationships within existing markets.

**CC-10.6:** Leverage available resources by pursuing co-funded and/or cooperative agreements for provision and maintenance of programs, facilities and services, in order to maximize benefits to the community. Partners may include, but are not limited to, school districts, non-profit groups, governmental agencies and businesses.

#### **Council Policy 7.3.6 Service Delivery Options**

1. Commitment to Council and the Public – The premise of this policy is that competitive service delivery produces value for City residents and that either an in-house or an alternative service delivery method may produce superior service value (e.g., better service at lower cost; better service at equal cost; or equal service at lower cost). Contracting, bringing a service in-house, or partnering for service provision are all tools the City may employ to provide high quality, effective and efficient municipal services.

## **DISCUSSION**

The first part of this section details the proposed contractor, agreement and programs that would be offered were the City to use California Sports Center to provide the public swim program at the Fremont High School Pool. The second part of the Discussion section details how the public swim programs would be offered were the City to provide the service directly.

## **OPTION OF CALIFORNIA SPORTS CENTER PROVIDING PUBLIC SWIM PROGRAMS**

### **Overview of Agreement**

The proposed Agreement (Attachment A) is similar to the previous agreements for operation of the Fremont Pool. The proposed term of the new agreement is six years, commencing September 1, 2013 and ending August 31, 2019. The Agreement allows for two additional three-year extensions by mutual agreement of the City and the Contractor. The Contractor will organize, establish and conduct fee-based swimming programs which include specifically required program elements (instructional lessons, CSC Masters Swim, local swim teams, open swim and lap swimming).

With the exception of adult lap swimming and open swim, program schedules are to be set by the Contractor. The Contractor submits a general twelve-month schedule of pool use by November 15 for each year this Agreement is in place. The schedule and fees are subject to approval by the Director of Library and Community Services. The City, in turn, is responsible for the maintenance and infrastructure needs of the pool (through its agreement with the School District) and the pool building. The City is also responsible for purchasing and replacing certain equipment, such as diving boards, ADA compliant pool lift, lane lines and pool blankets. Thirty-five parking spaces are to be reserved for pool use, as detailed in the City-District Agreement.

Based on recommendations by the Office of the City Attorney and the City's Risk Manager, the required amount of insurance that the Contractor must maintain has been increased to \$5 million per occurrence and \$10 million annual aggregate for bodily injury, personal injury and property damage to reflect the significant exposure inherent in operating swim programs. The contract does not place a requirement on the Contractor regarding the level of insurance that the Contractor, in turn, requires of its renters.

### **Qualifications of California Sports Center**

Since 1991, CSC a California S-Corporation has been providing aquatics, gymnastics and dance programs throughout the general San Jose area. Currently, CSC operates eight different sports training facilities in Sunnyvale, San Jose, Morgan Hill and Santa Clara. One of their locations is a contract with the City of Sunnyvale to provide the gymnastics instruction for all recreational gymnastics classes at the City's Indoor Sports Center. CSC has successfully operated the Fremont Pool since its opening in 2002, developing

programs from the ground up, and consistent with the operational agreement that mandated a broad array of swim opportunities such as lap swim, masters programs, swim opportunities for children, swim lessons for all ages, recreational/family swim opportunities, diving, water exercise classes, and safety and training classes. CSC also had a pool at Blackford High School for 10 years (1991 – 2001) and operated seasonal pools in San Jose.

David and Anne Peterson are the principal owners of CSC. Mr. Peterson, founder and Director, serves as CSC's overall liaison with City staff. He manages business development and hires and supervises the management staff. Ms. Peterson, Chief Financial Officer and Director, oversees the financials of the company, provides on-site financial oversight, and hires the office coordinators for all CSC locations. Ricky Silva would continue on as the full-time, on-site manager. He is a certified pool operator and has 11 years' experience managing direct operations, including all staffing, of the Fremont Pool public swim programs. He is a certified lifeguard and a head coach.

### **CSC Start-Up Strategy/Transition Plan**

Since CSC is the current Contractor at Fremont High School Pool, there would be no impact on programming to the public as a result of approving a new agreement with CSC. CSC is not planning any major changes in staffing, schedules, fees or programming.

### **CSC Participant Fees**

CSC has indicated that it will freeze the current resident pricing for existing programs for all of 2014.

### **CSC Pool Programs and Services**

Hours of operation: 5:00 a.m. – 8:00 p.m. weekdays, 7:00 a.m. – 5:00 p.m. weekends. To accommodate specialized programming, hours may be extended seasonally to 10:00 p.m. weekdays and to 7:00 p.m. weekends.

#### Lap Swim:

Minimum Adult Lap Swim Times	Minimum Number of 25-Yard Lanes
Monday – Friday	
6:00 a.m. – 8:00 a.m.	Minimum of 4 lanes (Could be 50-meter lanes)
11:30 a.m. – 1:30 p.m.	Minimum of 4 lanes
6:00 p.m. – 8:00 p.m.	Minimum of 6 lanes
Saturday and Sunday	
8:00 a.m. – 11:00 a.m.	Minimum of 6 lanes mid-August through April and 8 lanes May to mid-August

#### Mix of Services:

- Masters Swim – minimum of 2,500 lane hours per year

- Water Exercise
- Instructional Lessons Youth/Adult – minimum of 7,000 lane hours per year
- Open Swim – 2,004 lane hours seven days a week during 8 weeks of summer; and minimum of 192 lane hours on weekends from May to mid-June and mid-August to September
- Water Polo
- Competitive Diving
- Safety Training
- Summer Camps
- Swim Team – minimum of 8,000 lane hours for local swim teams
- Rental Group
- Community Events

## **OPTION OF THE CITY DIRECTLY PROVIDING PUBLIC SWIM PROGRAMS**

### **Qualifications of City of Sunnyvale**

The City does not currently have the expertise or the staff to run a full-scale multi-program, year-round aquatics facility, but does have experience in developing complex programs and obtaining the appropriate staff to run them. If the City were to directly operate the public swim programs at Fremont pool, the City would need to build its reputation as a full-service aquatics provider (e.g., pre-competitive, competitive, Masters), since the City is currently known as a provider of only recreational aquatics services. From a logistical standpoint, start-up time would be significant, due to the need to establish job specifications for key staff, follow Human Resources and City protocols, and the need to build an organizational infrastructure from the ground up.

### **City Start-Up Strategy/Transition Plan**

While some programs could be offered immediately, assuming the City was able to hire sufficient lifeguards (e.g., lap swimming, rental agreements with long-term users), full programming would likely not be available for six months, in large part due to the need to assemble a staffing team. Participation would likely be impacted, due to a lapse in service. Staff would initially focus on core programming, and then would look to add additional programming as staffing was available.

### **City Participant Fees**

The City would expect participant fees to be in line with the fees currently charged at Fremont High School Pool, which are market-based.

### **City Pool Program and Services**

Hours of operation: 5:00 a.m. – 8:00 p.m. weekdays, 7:00 a.m. – 5:00 p.m. weekends. (Attachment C – Sample City Schedule). To accommodate specialized programming, hours may be extended seasonally to 10:00 p.m. weekdays and to 7:00 p.m. weekends.

Lap Swim:

Minimum Adult Lap Swim Times	Minimum Number of 25-Yard Lanes
Monday – Friday	
6:00 a.m. – 8:00 a.m.	Minimum of 4 lanes (Could be 50-meter lanes)
11:30 a.m. – 1:30 p.m.	Minimum of 4 lanes
6:00 p.m. – 8:00 p.m.	Minimum of 6 lanes
Saturday and Sunday	Minimum of 6 lanes mid-August through
8:00 a.m. – 11:00 a.m.	April and 8 lanes May to mid-August

Mix of Services:

- Masters Swim
- Open Swim – 2,004 lane hours seven days a week during 8 weeks of summer; and minimum of 192 lane hours on weekends from May to mid-June and mid-August to September
- Water Exercise
- Lessons
- Recreation Swim
- Swim Team – minimum of 8,000 lane hours for local swim teams
- Pre-Comp Group Classes
- Youth Water Polo
- Diving

**FISCAL IMPACT****Option of California Sports Center Providing Public Swim Programs**

The proposed Agreement provides a guaranteed annual rent to the City in the amount of \$50,000 in the first year of the Agreement and then increasing by 2.5% annually for each year thereafter, providing a total of \$319,387 to the General Fund over 6 years. This is an increase of \$27,353 over what is currently projected for that same time period in the FY 2012/13 Adopted Budget. The Agreement also calls for CSC to reimburse the City for the actual costs for utilities to operate the Pool Building, at an estimated \$17,000 in the first year. In addition, the Contractor is proposing to invest approximately \$34,900 in equipment and facility improvements.

**Option of the City Providing Public Swim Programs**

The information estimating expenditures and costs for the City's direct operations of the pool is limited to those new costs and revenues that would accrue were the City to assume direct responsibility for managing the public use of the pool. The net cost to the City for the operational aspects of Fremont Pool is estimated at \$290,292 in the first year (including start-up costs), decreasing to \$163,819 in the sixth year. (Attachment D – Revenue and Expense Details for Operation by Community Services Division)

### **6-Year Comparison of Proposals**

The City's direct costs under its agreement with the Fremont Union High School District are the same regardless of whether the City or an outside contractor manages the public use of the Fremont Pool. It should be noted that operation of Fremont Pool currently requires a subsidy, even after allowing for the payments made by a Contractor to the City and after the contribution from the Fremont Pool Endowment Fund. This is due to the City's share of pool utilities and maintenance, as well as the utility and maintenance costs of the public swim building. In accordance with the agreement between the Fremont Union High School District and the City, these costs will be ongoing, regardless of who manages the public use of the pool.

The next table, therefore, projects and compares the net cost to the City of the entire pool operation for the two options (Option 1: California Sports Center as Provider; or Option 2: City Community Services Division as Provider). The proposed Agreement would have a favorable impact to the General Fund when compared to the City providing the public swim program at Fremont Pool directly.

	Year 3	(\$135,585)	(\$440,747)
	Year 4	(\$130,060)	(\$418,523)
	Year 5	(\$124,689)	(\$398,127)
	Year 6	(\$129,965)	(\$370,062)
	<b>6 Year Total</b>	<b>(\$804,450)</b>	<b>(\$2,583,024)</b>
<b>Increase in costs to the General Fund over six years if City is provider</b>			<b>(\$1,778,574)</b>

\*Contractor reimburses the City for the cost of utilities to operate the poolhouse.

\*\*Revenue and Expense totals include annual inflation factor of 3% beginning in Year 2.

\*\*\*Revenue from Endowment is predicated on expected interest earnings. These do not get inflated.

\*\*\*\*Includes Start-up costs.

**PUBLIC CONTACT**

Public contact was made through posting of the May 8, 2013, Parks and Recreation Commission agenda on the City's official-notice bulletin board, on the City's Web site, and the availability of the agenda and report in the Office of the City Clerk. Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall, at the Sunnyvale Senior Center, Community Center and Department of Public Safety; and by making the agenda and report available at the Sunnyvale Public Library, the Office of the City Clerk and on the City's Web site. Copies of this report were provided to David and Anne Peterson (California Sports Center), and Friends of Fremont Pool. Notice of Commission and Council meetings regarding this report was also distributed to the "Friends of Parks and Recreation" mailing list (a list of organizations and individuals who have expressed an interest in parks and recreation issues).

At the May 8, 2013 Parks and Recreation Commission meeting, Dave Peterson, representing California Sports Center, indicated that although not mandated by the City, he would be requiring pool renters to hold the same level of coverage that he, as Contractor, is required to hold (\$5 million per occurrence and \$10 million annual aggregate for bodily injury, personal injury and property damage). He speculated that, as a result, participant fees for Sunnyvale Swim Team (and other renters) might increase, and that these groups might not rent as much time as they would otherwise, thus negatively impacting participation and revenues. Margaret Copley, representing Sunnyvale Swim Team, indicated that the team had the ability through its insurance provider to obtain the same level of insurance that the City is requiring of the Contractor. However, she noted that she did not know the cost of doing so nor how that would impact the team.

**ALTERNATIVES**

1. Approve, in substantially the same form as attached, the proposed Agreement between California Sports Center and the City of Sunnyvale for the Operation of Public Swim Programs at Fremont High School Pool.
2. Do not approve, in substantially the same form as attached, the proposed Agreement between California Sports Center and the City of Sunnyvale for the Operation of Public Swim Programs at Fremont High School Pool.
3. Direct staff to directly operate the public swim programs at Fremont High School Pool and to prepare a Budget Modification to cover the costs.
4. Provide other direction to staff as Council deems appropriate.

**RECOMMENDATION**

At its May 8, 2013 the Parks and Recreation Commission met to review this report. (Attachment E: Excerpt of Draft Parks and Recreation Commission Meeting Minutes of May 8, 2013) The Parks and Recreation Commission voted unanimously to recommend Alternative Number 1: Approve, in substantially the same form as attached, the proposed Agreement between California Sports

Center and the City of Sunnyvale for the Operation of Public Swim Programs at Fremont High School Pool.

As a result of public comment on the insurance requirements set forth in the contract, the Commission requested that the Sunnyvale Swim Team be prepared to provide Council with the financial impact to them if they were required to provide the same level of insurance coverage that the City is requiring of the Contractor.

Staff recommends Alternative Number 1: Approve, in substantially the same form as attached, the proposed Agreement between California Sports Center and the City of Sunnyvale for the Operation of Public Swim Programs at Fremont High School Pool. Based on the City Attorney's and the Risk Manager's assessment of the City's potential exposure, staff supports the level of insurance required in this contract, noting that it is up to the Contractor, not the City, to determine the appropriate insurance requirement for renters based on each specific renter's potential exposure.

Operation of the Fremont High School Pool requires a City subsidy under both options presented. However, the subsidy required is far less for the City to contract with California Sports Center than it would be to directly provide services. A number of factors impact the City's subsidy amount including loss of time and revenue while the City establishes aquatic programming at a similar level to what is currently being offered and a variance in salaries between the two organizations. In addition, since the City does not have the staff expertise to run a full-scale, year-round, multi-program aquatics facility there would be a significant start-up time required before full services could be offered, which would negatively impact current and future users.

**DRAFT**

**AGREEMENT BETWEEN THE CITY OF SUNNYVALE  
AND CALIFORNIA SPORTS CENTER FOR THE  
MANAGEMENT, OPERATION AND SUPERVISION OF  
PUBLIC SWIMMING PROGRAMS AT FREMONT HIGH  
SCHOOL POOL**

This Agreement dated \_\_\_\_\_, 2013, is by and between the City of Sunnyvale, a municipal corporation of the State of California (hereinafter "CITY"), and California Sports Center, ("CONTRACTOR"), to manage, operate and supervise the public swimming programs at Fremont High School Pool.

Nothing in this Agreement shall become primary to, or supersede any part of, the City of Sunnyvale-Fremont Union High School District Agreement dated July 18, 2000 (as it currently exists or as hereafter amended), regarding the joint operation of the 50-meter swim pool and adjacent pool building at Fremont High School.

SECTION 1. DEFINITIONS. As used in this Agreement, the words and phrases noted, unless provided otherwise, shall have the following meanings.

A. "City Council" means the City Council of the City of Sunnyvale.

B. "City-District Agreement" means the Agreement, dated July 18, 2000, including a First Amendment to the Agreement, dated July 18, 2000, and a Second Amendment, dated February 24, 2004, between the City of Sunnyvale and the Fremont Union High School District for the Development and Operation of a 50-Meter Swimming Pool and Related Facilities at Fremont High School.

C. "Department" means the Department of Library and Community Services of the City of Sunnyvale.

D. "Director" means the Director of the Department of Library and Community Services of the City of Sunnyvale.

E. "District" or "School District" means the Fremont Union High School District.

F. "CONTRACTOR's Employee" means any person employed by and paid by CONTRACTOR, for any of the following purposes: (1) to supervise or give

lessons and instructions in swimming; or (2) to assist in the day-to-day operation of the swimming programs, pool, or related activities, including collection of monies.

G. "Pool" means the Fremont High School Swim Pool, a 50-meter by 25-yard pool, located at 1283 Sunnyvale-Saratoga Road, Sunnyvale, California.

H. "Pool Building" means a single-story structure, located at the north end of Fremont High School Pool (approximately 2,800 sq. ft. in size containing locker rooms, lavatories, offices, lifeguard control room, teaching/training room, and storage rooms) located at 1283 Sunnyvale-Saratoga Road, Sunnyvale, California.

I. "Swimmers" mean members of the public using the pool facilities.

J. "Shall" is mandatory.

K. "Hours" mean any block of time in the water.

L. "Lane Hour" means any one (1) hour block of time in each 25-yard or 50-meter swimming lane assigned.

M. "Sunnyvale-based group" means any non-profit group whose primary purpose is to serve Sunnyvale residents, whose membership consists of a minimum of 60% Sunnyvale residents, and whose board of directors is comprised of a minimum of 50% Sunnyvale residents.

N. "Sunnyvale-based business" means any business with a physical presence in Sunnyvale and with a business license from the CITY.

O. "Swim team" means any organization registered with a recognized U.S. National Governing Body (NGB) for their defined aquatics program. All users/participants shall be individual members of the NGB. If no such governing body exists for the activity, none shall be required.

SECTION 2. TIME FOR PERFORMANCE. The term of this Agreement shall be six years, beginning on September 1, 2013 or the date of contract execution, whichever occurs last. Agreement may be extended for two additional three-year periods by mutual agreement of the parties. Parties shall meet and confer eighteen (18) months prior to the expiration of the Agreement with regard to extending the Agreement.

SECTION 3. EXCLUSIVE USE. CITY grants to CONTRACTOR the exclusive use of the Pool Building and the CITY's portion of the Pool to be occupied only for publicly-offered, aquatic-related programs and as a related on-site office, and for no other purpose. CONTRACTOR shall occupy and operate the Pool Building and CITY's portion of Pool under this Agreement, consistent with the City-District Agreement. CONTRACTOR is granted the exclusive right to provide all public swimming programs at the Fremont High School Pool other than those provided by CITY or its employees in connection with programs authorized and mutually agreed to by the Director and CONTRACTOR. The hours of operation will be daily between 5:00 a.m. and 10:00 p.m. with specific pool use, including shared or joint use as outlined in the City-District Agreement, unless agreed upon by the School District, CITY and CONTRACTOR, and except during times of closure due to maintenance and repairs, bad weather conditions, or as modified by written agreement of the parties.

SECTION 4. PRIVILEGES AND DUTIES OF CONTRACTOR. CONTRACTOR shall perform each duty and obligation imposed herein in full compliance with the Sunnyvale Municipal Code and other ordinances of CITY, and all applicable laws of the County of Santa Clara, State of California and the United States of America and the terms of the City-District Agreement. Specifically, CONTRACTOR shall:

A. Obtain and pay for any business license or permit required by the Sunnyvale Municipal Code (as it currently exists or as hereafter amended) or any other CITY ordinance, or law of the County of Santa Clara or State of California or the United States of America.

B. Pay any and all taxes including, but not limited to, personal property taxes, and sales and use taxes assessed against CONTRACTOR, or any possessory interest in the Pool and Pool Building, including inventories used in performing the duties and obligations under this Agreement.

SECTION 5. SCOPE OF PROGRAMMING. CONTRACTOR shall:

A. Provide, to the degree that it can be accomplished within the context of market-based programming, a broad array of swim opportunities (such as lap swim, masters programs, swim opportunities for children in grades K-12, swim lessons for all ages, and recreational/family swim opportunities, diving, water exercise classes, safety and training classes and other aquatic related activities) as opposed to a narrow scope of programs, and all other services customarily provided by a swim professional, by/with qualified CONTRACTOR's employees;

B. Provide, at an acceptable level to the public, swimming lessons and instructions and all related services as required by the Director;

C. Schedule swim events at the Pool and Pool Building for special interest groups so as to assure the best overall, well-rounded swim program for the community;

D. Operate, manage and supervise the Pool and Pool Building;

E. Adhere, in a manner acceptable to CITY, to generally accepted industry standards for safe public pool operation and management. CONTRACTOR shall address to CITY's satisfaction, all safety issues reported by participants or CITY staff.

SECTION 6. SWIM PROGRAMS. CONTRACTOR's responsibilities with regard to operating, managing and supervising the swim programs are as follows.

A. CONTRACTOR shall organize, establish, and conduct fee-based swimming programs which include the specifically required program elements listed below. With the exception of adult lap swimming and open swim, program schedules are to be set by the CONTRACTOR and shall be maintained, excepting closures due to holidays, maintenance and other conditions outside the control of the CONTRACTOR. Contractually-required minimum program offerings may be exceeded at the discretion of the CONTRACTOR to meet the public's needs. CONTRACTOR covenants that the swim programs shall be supervised and/or conducted by professional personnel, all of whom will have current and legally approved training, including, but not limited to, certification in cardiopulmonary resuscitation, use of AED equipment and certification in lifeguarding (and/or

water safety instruction) for the purposes of supervising public swimming activities. In addition, appropriate staffing levels will be maintained to ensure proper lifeguard-to-swimmer ratios are met. At least two (2) staff will be on duty all times when participants are present in the facility for programs conducted by CONTRACTOR, with at least two certified lifeguards on duty during programs conducted by the CONTRACTOR that serve minors. During programs serving adults (18 years of age or older), one staff certified in lifeguarding and/or water safety instruction and one other staff certified in first aid, cardiopulmonary resuscitation, and use of AED equipment is acceptable.

(1) **Instructional Lessons.** CONTRACTOR shall provide a minimum of 7,000 lane hours of instructional lessons per year.

(2) **CSC Masters Swimmers.** CONTRACTOR shall provide a minimum of 2,500 lane hours per year for registered CSC Masters swimmers.

(3) **Local Swim Teams.** CONTRACTOR shall provide for a minimum of 8,000 lane hours for local swim teams of which all teams shall have (a) at least 60% resident members in their entire organization and (b) either hold a Sunnyvale business license or a simple majority of board members are Sunnyvale residents.

(4) **Open Swim: Summer.** CONTRACTOR shall provide a minimum of 1,380 lane hours of “open swim” over eight weeks each summer from Monday to Friday (2 hours per day mid-afternoon, minimum of 23 lanes each day), and a minimum of 624 lane hours of “open swim” over eight weeks each summer on Saturday and Sunday (4 hours per day, mid-afternoon, minimum 13 lanes each day). The total lane hours per summer shall be at minimum 2,004, offered seven days a week, with lane hours provided over eight weeks. An equivalent of six weeks is acceptable only if open swim is cancelled in order to offer swim meets for local swim teams that (a) serve at least 60% resident members in their entire organization and (b) either hold a Sunnyvale business license or a simple majority of board members are Sunnyvale residents.

(5) **Open Swim: Extended Weekends.** CONTRACTOR shall provide a minimum of 192 lane hours less any loss of lane hours due to District priority use days, of “open swim” from May 1 to mid-June and mid-August to September 30 each year on Saturdays and Sundays (2 hours per day mid-afternoon, minimum of

4 lanes each day.)

(6) **Lap Swimming.** CONTRACTOR shall provide the following amount of lap swimming lanes and times. Lap swim must reflect a mix of short course (25-yard) and long course (50-meter) scheduling. These times and lane numbers must be maintained for unstructured adult lap swimmers and may not be used for other programs or activities such as Masters Swimming, instructional lessons, coaching, etc. Additional lanes may be designated for lap swimming at the CONTRACTOR's discretion, based upon observed need.

Minimum Adult Lap Swim Times	Minimum Number of 25-Yard Lanes
Monday – Friday	
6:00 a.m. – 8:00 a.m.	Minimum of 4 lanes (Could be 50-meter lanes)
11:30 a.m. – 1:30 p.m.	Minimum of 4 lanes
6:00 p.m. – 8:00 p.m.	Minimum of 6 lanes
Saturday and Sunday	
8:00 a.m. – 11:00 a.m.	Minimum of 6 lanes mid-August through April and 8 lanes May to mid-August

(7) **Scheduling.** The public swim program schedule will be reviewed on a regular basis and may, upon mutual agreement between CITY and CONTRACTOR, be revised. CONTRACTOR is required to meet with CITY a minimum of once per year to review planned programs and proposed fees.

(8) **Equipment and Teaching Aids.** CONTRACTOR shall provide at CONTRACTOR's sole cost and responsibility such equipment and teaching aids (kickboards, floatation devices, etc.) which CONTRACTOR deems necessary to meet program needs.

B. In connection with the foregoing operations, CONTRACTOR shall, at CONTRACTOR's sole cost and responsibility, select, employ, supervise, and assume responsibility for such CONTRACTOR's employees as deemed necessary; provided, however, that:

(1) Within ten (10) days following receipt of written notice from CITY that a particular employee of CONTRACTOR is not satisfactory to CITY for good cause, CONTRACTOR shall dismiss that employee forthwith; and

(2) When performing duties for the CONTRACTOR, no employee of CONTRACTOR shall be deemed to be an employee, agent or representative of CITY at any time or for any purpose whatsoever; and

(3) CONTRACTOR shall require all its employees to be neatly dressed and courteous at all times, and to refrain from boisterous or objectionable conduct or littering around and about the Pool, Pool Building and Fremont High School premises; and

(4) CONTRACTOR shall require and be responsible for any and all background checks and fingerprinting necessary to comply with Public Resources Code § 5164 and any other applicable laws.

C. For the purpose of tracking service levels, CONTRACTOR shall provide the CITY with accurate number of monthly participants in various swim programs offered by CONTRACTOR and its employees at the Pool and Pool Building by January 15 for programs offered July 1 through December 31, and by July 15 for programs offered January 1 through June 30, or as requested by CITY.

SECTION 7. FACILITY SUPERVISION. With regard to facility supervision, the CONTRACTOR shall be responsible for operating, managing and supervising the Pool and Pool Building, including but not limited to the following.

A. Enforce all rules and regulations.

B. Regulate the swimming and conduct of the swimmers.

C. Notify the Director or his/her designee of any incident, accident or injury involving removal from the facility of a participant or CONTRACTOR employee by ambulance, police or fire personnel.

D. Supervise the Pool and Pool Building, preserve order, maintain cleanliness and provide for security of the Pool and Pool Building, including keeping trespassers off of the Pool and Pool Building and preventing injury to the Pool and Pool Building by swimmers and others. During shared-use times with the District, CONTRACTOR is not responsible for those people accessing the facility through District's programs, activities or entryway(s) or for those portions of the pool exclusively used for School District uses.

E. Keep the Pool and Pool Building available for the specified, minimum

number of program hours as identified in Section 6.A.(1-6).

F. Keep locker rooms and lavatories open at all times that the Pool is open by CONTRACTOR for public swimming or related business, and keep locker rooms closed and locked at all other times.

G. During operating hours, CONTRACTOR shall inspect and maintain locker rooms, showers and lavatories, following the California Sports Center *Checklist*, to assure clean, safe, sanitary and operational conditions that meet health codes and is acceptable for providing public activities. CONTRACTOR shall document the regular checks on the California Sports Center *Checklist* located in each locker room. CONTRACTOR shall report maintenance concerns to CITY contact for submitting work order request on their behalf. CONTRACTOR will receive notification from CITY Maintenance when repair work is scheduled and be provided options for access to building for repairs. CONTRACTOR will select one option provided and insure access to building at the selected time. A copy of the California Sports Center *Checklist* is attached hereto as Attachment A and incorporated by reference. Checklist may be revised upon agreement of both CITY and CONTRACTOR.

H. Maintain the Pool Building in a safe, clean, sanitary and acceptable condition for dealing with the public, reasonably free from trash and rubbish.

I. Repair and replace any equipment necessary to maintain Pool Building in good condition, as required by Section 9(E).

J. When requesting service to systems listed in Section 13, CONTRACTOR shall report maintenance concerns to CITY contact for submitting work order request on their behalf. CONTRACTOR will receive notification from CITY Maintenance when repair work is scheduled, and be provided options for access to building for repairs. CONTRACTOR will select one option provided and ensure access to building at the selected time.

K. Respond to concerns raised by the public in a timely, professional and helpful manner which will involve having a staff person at the Pool, or readily available, to answer questions and provide information at all times the Pool is open for public use.

L. Remove and replace swim pool blankets in accordance with the City-

District Agreement and pay any penalties due to District for failure to replace the swim pool blankets. CONTRACTOR will track and report to the CITY whenever that is the case.

M. During times when CONTRACTOR is using the pool for programs, all pool blankets will be removed by CONTRACTOR's employees, and trained participants. Training shall be conducted outside of regular programming by CONTRACTOR's pool manager and documentation shall occur after participant is competent and understands outlined procedures.

N. CONTRACTOR shall conduct monthly checks on the AED equipment. These checks will occur no less than once per month and will be submitted to CITY on the first of every month. CITY will provide replacement of all expired pads and batteries as identified by CONTRACTOR.

O. With the permission of the CITY, CONTRACTOR may use and store other aquatic-related equipment at the facility, provided the equipment is not blocking access to roof ladders. At no time shall aquatic related equipment be stored in mechanical or electrical rooms.

SECTION 8. SCHEDULE AND FEES. With regard to schedules and fees, CONTRACTOR shall:

A. Provide a general twelve-month schedule of pool use (January through December) by November 15 for each year this Agreement is in place. The schedule and fees are subject to approval by the Director or his/her designee.

B. Maintain the minimum number of hours of swim programs as identified in Section 6. A. (1-6), for which the Pool and Pool Building is to be kept open and appropriately supervised, unless otherwise mutually agreed to, in writing, between both parties.

C. Contractor shall maintain 2013 resident rate fees for all programs through December 31, 2014, per the approved 2013 Fee Schedule.

D. Establish all fees on an annual basis (valid January through December of the current year), including a potential range or percentage increase, through a market-based approach and consistent with the CITY's enterprise philosophy, including resident/non-resident fee differentials and other subsidies

where appropriate. The fees are subject to approval by the CITY and are to include payment options such as daily punch card and/or monthly rates for all activities.

E. Post and notify the public of fees and changes to fees.

F. Collect and deposit all fees, charges and receipts for individual participation, for individual and group swim instruction, and for all swim reservations of the Pool and Pool Building.

G Honor the rights of participants to waiver of fees, upon presentation by participants of an authorized CITY fee waiver form. CONTRACTOR shall keep accurate records of all fee waivers and shall provide CITY with such records not later than ten (10) days after the end of each calendar quarter for reimbursement and not later than June 25<sup>th</sup> for the last quarter (fee waivers are not valid beyond June 15 of each fiscal year).

H. Adopt and post a reservation policy subject to CITY approval that gives priority for reserved use to Sunnyvale-based businesses/groups over non-Sunnyvale-based businesses/groups.

SECTION 9. ADDITIONAL DUTIES OF CONTRACTOR. CONTRACTOR shall, in addition to the foregoing duties:

A. At CONTRACTOR's discretion, maintain, sell and rent a stock of merchandise, supplies and equipment sufficient to meet customer demand and suitable for use at the Pool and Pool Building including, for example, clothing, eye goggles, towels, books and other swim equipment and supplies, provided that the makes or lines of swim merchandise, supplies and equipment so handled shall be representative, in quality, price and type, of those makes and lines of swim merchandise generally available to the public in this area.

B. At CONTRACTOR's discretion, maintain and operate vending machines for the sales of food and beverages provided that within ten (10) days following receipt of written notice from CITY that a particular product or machine is not satisfactory to CITY for whatever reason, CONTRACTOR shall remove or have vendor remove that product or machine forthwith.

C. Pay all charges for water, gas and electric service to the Pool Building, which, per the City-District Agreement, will be metered or measured separately

and billed by CITY.

D. Furnish and pay all charges for telephone, cable, internet or any other audio or visual services which relate to the CONTRACTOR's use of the Pool and Pool Building operations.

E. Furnish and pay all costs in connection with maintaining the interior of the Pool Building together with routine maintenance thereof, the janitorial services to include, but not limited to, cleaning of windows (inside and outside), removal of trash, and the routine repair, maintenance, and replacement of interior furnishings, equipment and fixtures, such as faucets, lamps, light fixture diffusers, flushometers, shower heads, ADA wands and paper dispensers.

F. If CITY or District elects to repair or replace interior furnishings, equipment, or fixtures as part of overall renovations to the Pool Building, CONTRACTOR's shall be responsible for future repair and replacement costs for the new items as mutually agreed between the CONTRACTOR and CITY after repair and replacement is complete. If agreed, CONTRACTOR's responsibilities for such repair and replacement will be documented by execution of an amendment to this agreement.

G. CONTRACTOR shall keep the appearance of the Pool and Pool Building locker areas in a safe, clean and sanitary condition and reasonably free from rubbish during operating hours, to the satisfaction of CITY, which expressly retains and reserves the right to inspect the Pool and Pool Building at any reasonable time for this purpose. CONTRACTOR shall provide and maintain high-quality equipment and other interior furnishings or devices equal to or better than existing, required to operate the Pool and Pool Building.

H. CONTRACTOR shall be responsible for work practices of subcontractors hired by CONTRACTOR, and financially liable for damages to building as a result of services provided by subcontractor hired by CONTRACTOR when working in the Pool Building facility.

I. Furnish and pay all charges for office supplies.

J. CONTRACTOR, at CONTRACTOR's own expense, may with the written approval of CITY change the locks on the rooms covered by this Agreement. If CONTRACTOR chooses to change the locks, two (2) master keys must be

submitted to CITY immediately upon making such change. If CITY is or becomes responsible for ongoing maintenance of the building interior, CONTRACTOR will make available to CITY the necessary number of keys for maintenance personnel. CITY, at its option, may make copies of the master keys available to the School District for maintenance and emergency purposes. CONTRACTOR shall comply with all building closure times necessary for CITY and District to complete planned improvements. Schedules for improvements shall be provided to CONTRACTOR well in advance of planned improvements.

K. Communicate through the CITY any problems or concerns regarding issues covered by City-District Agreement.

L. Promote and advertise all programs, for the health and welfare of the community, utilizing newspapers, flyers, email, social media, brochures, the CONTRACTOR's website, etc. to ensure awareness of the program.

M. Conduct a customer satisfaction survey of participants no less than annually and receive a minimum average of "very good" on services and maintenance that are under the control of the CONTRACTOR. On a scale of 1-5, "very good" is 4. CONTRACTOR shall submit results of the survey by November 15.

**SECTION 10. PROHIBITED ACTIVITIES.** CONTRACTOR shall not do any of the following without having first obtained the written consent of CITY:

A. Install or permit installation or use of any pinball machine, video game or similar equipment.

B. Except on approved bulletin boards, attach, hang or otherwise affix any sign or advertising matter on the exterior or interior of the Pool or Pool Building.

C. Allow any newspaper rack, vending machine or other sales device to be placed and maintained outside the Pool or Pool Building whether attached or free-standing, or anywhere in the Pool and Pool Building, except as authorized herein.

D. Permit third parties to distribute or sell goods, wares or merchandise either within the interior or exterior of the Pool or Pool Building, or anywhere on the Fremont High School property other than Aquatics-related supplies at swim events.

E. Assign or transfer this Agreement or any of the rights or privileges herein granted, or any part thereof. This Agreement cannot be assigned involuntarily or by operation or process of law.

F. Make any alterations, changes or additions to the Pool or Pool Building, or to any fixtures or equipment owned by CITY or School District without first having obtained written consent of CITY or School District, as appropriate, and provided that any alterations, changes or additions consented to shall be made at the sole cost of CONTRACTOR and shall become the property of CITY and/or School District upon termination of this Agreement.

G. Let, sublet or assign the Pool or Pool Building, or any portion thereof.

H. Commit, permit or allow any nuisance or waste in, or injury to the Pool or Pool Building or any portion of either, or to permit the use of the Pool or Pool Building for any illegal or immoral purpose.

I. Have any financial or other interest in the control, operation or promotion of any other swim program or establishment located within three (3) miles from the Fremont High School Pool, it being the intent of the CITY that the management and operation of the Pool and Pool Building shall be the sole swimming program offered by the CONTRACTOR within the immediate area, unless otherwise agreed upon by the parties.

J. No Owner or Director of CONTRACTOR or site manager/supervisor shall, without permission from the CITY, become an officer or member of any swim club or organization of swimmers formed or to be formed at the Pool or Pool Building or in any organization in which participation would conflict or create the perception of conflicting with the CITY's desire to provide reasonable public access to a broad array of aquatic programs held at the Pool and Pool Building, particularly in situations involving the granting of swimming privileges.

K. Bind or attempt to bind CITY to any contracts or other obligations of any nature.

L. Use or instruct in the use of any scuba equipment in the Pool.

M. Offer or provide any discount, special privileges or service to a CITY employee that is not also available to the general public.

SECTION 11. DEPOSIT, PAYMENTS TO CITY, RECORDS AND ACCOUNTS.

A. CONTRACTOR, in consideration of the privileges and rights allowed by this Agreement, shall pay to the CITY a fee of \$50,000 for the first year with an additional 2.5% of the previous year's payment added to each of the following five (5) year payments.

B. Payments are to be in quarterly installments, each to be one-quarter of the annual amount to be paid to the CITY and are due (i.e., must be received) no later than the last working day of March, June, September and December of each year.

C. CONTRACTOR shall maintain on a current basis complete records from which the attendance and scheduled use (from all sources) can be readily ascertained. CONTRACTOR shall furnish any and all information and reports on the aforementioned information which may be required by CITY, shall permit access to books, records and accounts by CITY or its representatives upon demand for the purposes of investigation to ascertain compliance with all applicable rules, regulations, and orders and for the purpose of evaluating and monitoring CONTRACTOR's performance and compliance with the provisions of this Agreement.

SECTION 12. COMPENSATION OF CONTRACTOR. CONTRACTOR, as compensation for the services performed under the terms of this Agreement, shall be entitled by CITY to keep and retain all fees (including non-resident differential) and revenues collected from all operations of the Pool and Pool Building less the amounts paid to CITY pursuant to SECTIONS 9.C. and 11.A.

SECTION 13. DUTIES OF CITY. CITY shall, in conjunction with CONTRACTOR's service, do or have done by the CITY and/or the School District pursuant to the City-District Agreement, the following:

A. Publicize the CONTRACTOR's swim program at Fremont High School Pool with one (1) page in the Department's "Activities Guide." Additional space will be available as space allows and charged to the CONTRACTOR.

B. Reimburse the CONTRACTOR for waivers of fees honored pursuant to SECTION 7.F.

C. Work with the CONTRACTOR in the promotion of swim meets and swim programs as related to Department-sponsored or special agreement swim programs.

D. Pay all charges for utilities furnished other than those to be paid for by CONTRACTOR as specified in SECTION 9.C. and 9.D.

E. Maintain the Pool and appurtenant structures, including but not limited to diving boards, stands, ladders, bleachers, posts and poles, lighting and other plumbing or electrical systems, fences, grounds and adjacent improved off-street parking areas.

F. Be responsible for maintaining the structural elements and systems of the Pool and Pool Building, including the roof, in the condition existing at the time the CONTRACTOR takes possession of the premises, excepting normal wear and tear, consistent with the terms of the City-District Agreement. "Structural elements and systems" includes lockers, benches, skylights, foundation, footings, floor slab, flooring, structural walls, parking areas, and plumbing to include delivery of water to showers and fixtures and proper temperature and for concealed piping, temperature mixing valves, hot water heaters, sanitary sewer lines, shower room drain stoppages, and other conditions associated with plumbing and piping systems. Electrical systems to include ballasts, wiring, electrical panels, relays, contactors and other supporting equipment and parts necessary for identified system. Mechanical equipment to include heater ventilators, exhaust fans, dampers, and all other components necessary to provide comfort to building spaces, provided the components are under the control of the CITY or District. If the state of disrepair (except normal wear and tear) is due to the action of the CONTRACTOR, its agents or clients, necessary repairs or replacements shall be charged to CONTRACTOR as additional rent. CONTRACTOR shall comply with all building closure times necessary for CITY and District to complete planned improvements. Schedules for improvements shall be provided to CONTRACTOR well in advance of planned improvements.

G. Repair and replace all broken windows within the Pool Building other

than any broken as a result of any act of negligence by CONTRACTOR, its agents or clients.

H. Purchase and replace water polo nets, lane lines, backstroke flags, pool blankets, reels, starting blocks, diving boards, and handicapped lift when necessary, consistent with the City-District Agreement, other than any damage as a result of any act of negligence by CONTRACTOR, its agents or clients, in which case necessary repairs or replacements shall be charged to CONTRACTOR as additional rent.

I. Reserve, clearly mark and monitor thirty-five (35) parking spaces for Pool during the normal school year (typically late August through mid-June), as detailed in the City-District Agreement.

J. Meet at least quarterly on location with District and CONTRACTOR to review pool site issues, equipment, and maintenance.

SECTION 14. INDEMNIFICATION. CONTRACTOR shall indemnify and hold harmless the CITY and the School District, their officers, employees and agents, from and against any and all claims, demands, orders, decrees or judgments for injury or death or damage to person or property, loss, damage and liability (including all costs and attorneys' fees incurred in defending any claim, demand or cause of action), occasioned by, growing out of, or arising or resulting from any act or omission on the part of CONTRACTOR, or its agents or employees, arising or resulting from the performance of any services required herein to be performed by CONTRACTOR or arising from the use of the Pool or Pool Building by CONTRACTOR, or its agents, clients or employees, or arising from the use of any buildings or improvements thereon or therein by any person or persons, or arising out of the operation or maintenance of dangerous or defective condition of the Pool or Pool Building, or any other structure, facility or thing erected or placed in the Pool or Pool Building and under the control or supervision of the CONTRACTOR.

SECTION 15. INSURANCE. CONTRACTOR shall and will, during the period commencing on the date on which this Agreement is issued and continuing without interruption until this Agreement is canceled, revoked or otherwise

terminated, and at its own cost and expense, provide and maintain in such form and with a company or companies satisfactory to CITY and District, a policy or policies of each of the following types of insurance to wit:

Minimum Scope and Limits of Insurance CONTRACTOR shall maintain limits no less than:

1. **Commercial General Liability**: \$5,000,000 per occurrence and \$10,000,000 annual aggregate for bodily injury, personal injury and property damage. ISO Occurrence Form CG 0001 is required.

2. **Workers' Compensation**: Statutory Limits and **Employer's Liability**: \$1,000,000 per accident for bodily injury or disease.

Deductibles and Self-Insured Retentions

Any deductibles or self-insured retentions must be declared and approved by CITY. The CONTRACTOR shall guarantee payment of any losses and related investigations, claim administration and defense expenses within the deductible or self-insured retention.

Other Insurance Provisions

The **general liability** policy shall contain or be endorsed to contain the following provisions:

1. The CITY, its officials, employees, agents and volunteers are to be covered as additional insureds with respects to liability arising out of activities performed by or on behalf of the CONTRACTOR; products and completed operations of the CONTRACTOR; premises owned, occupied or used by the CONTRACTOR. The coverage shall contain no special limitations on the scope of protection afforded to CITY, its officers, employees, agents or volunteers.

2. For any claims related to this project, the CONTRACTOR's insurance shall be primary. Any insurance or self-insurance maintained by CITY, its officers, officials, employees, agents and volunteers shall be excess of the CONTRACTOR's s insurance and shall not contribute with it.

3. Any failure to comply with reporting or other provisions of the policies including breaches of warranties shall not affect coverage provided to CITY, its officers, officials, employees, agents or volunteers.

4. CONTRACTOR's insurance shall apply separately to each insured against

whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

5. Each insurance policy required by this clause shall be endorsed to state that coverage shall not be suspended, voided, cancelled by either party, reduced in coverage or in limits except after thirty (30) days' prior written notice by certified mail, return receipt requested, has been given to CITY.

Acceptability of Insurers

Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII, unless otherwise acceptable to CITY.

SECTION 16. BOND REQUIREMENTS. CONTRACTOR shall furnish a performance bond in the amount of \$172,000 and issued by an admitted surety insurer authorized to operate in the State of California. The bond requirements are outlined in Attachment E. CONTRACTOR shall also maintain throughout performance of the work the insurance coverage.

SECTION 17. TERMINATION.

A. CITY reserves the right to terminate this Agreement:

(1) If at any time CONTRACTOR is in default in the payment of any fees or any other monies required to be paid to CITY, or in the performance of any duty, obligation, covenant or agreement contained herein (time expressly declared to be of the essence), upon fifteen (15) days written notice to CONTRACTOR and CONTRACTOR fails to correct such default within the fifteen (15) day period; provided, however, that:

(a) CONTRACTOR shall not be entitled to and expressly waives any other form of demand or notice (written or oral);

(b) CITY shall have the full right, at its election, to enter Pool and Pool Building and take immediate and sole possession thereof;

(c) CITY shall have the right to bring suit for and collect all monies required to be paid to CITY and which shall have accrued up to the time of entry described above;

(d) Upon such termination, this Agreement and all rights and

privileges herein agreed to shall become void to all intents and purposes whatsoever; or

(2) If CONTRACTOR fails to keep in full force and effect at any time the policies of insurance or faithful performance deposit required above upon fifteen (15) days written notice to CONTRACTOR and CONTRACTOR fails to correct such default within the fifteen (15) day period.

B. Either party may terminate this Agreement for any reason upon 120 calendar days written notice to the other.

SECTION 18. DEFAULT AND BREACH BY CONTRACTOR: If CITY so chooses, this Agreement and all rights and privileges herein shall immediately (and without any demand or notice written or oral) cease, determine, come to an end, and become void, and CITY immediately may enter Pool and Pool Building and take immediate and sole possession thereof, without prejudice to the right of CITY to recover from Agreement all unpaid monies required to be paid to CITY and which shall have accrued up to the time of the entry described above, if:

A. CONTRACTOR at any time during the term of this Agreement becomes insolvent, or if proceedings in bankruptcy shall be instituted by or against CONTRACTOR, or if CONTRACTOR shall be adjudged bankrupt or insolvent by any pool owner, or if a receiver or trustee in bankruptcy or a receiver of any property of CONTRACTOR shall be appointed in any suit or proceeding brought by or against CONTRACTOR, or if CONTRACTOR shall make an assignment for the benefit of creditors, or if any action is taken against or suffered by CONTRACTOR under any insolvency or bankruptcy act.

B. If during the term of this Agreement CONTRACTOR dies, or by reason of incapacity, or otherwise, is unable to personally perform the duties, obligations, covenants or agreements contained herein for a period of ninety (90) consecutive days.

SECTION 19. SURRENDER OF PREMISES AND REMOVAL OF PROPERTY.

A. Upon expiration of the term of this Agreement, or upon the sooner termination of such term from whatever cause, CONTRACTOR:

(1) May remove any and all furnishings, fixtures, equipment, merchandise and supplies installed or purchased by CONTRACTOR; provided, however, that:

(a) Any item of personal property described above not so removed shall be deemed abandoned by CONTRACTOR to CITY and absolute title thereto shall vest in CITY immediately;

(b) CONTRACTOR is not then in default in the payment of any fees, portion of gross revenue or any other compensation required to be paid to CITY, or in the performance of any duty, obligation, covenant or agreement contained herein;

(c) CONTRACTOR shall leave the Pool and Pool Building appurtenances in good order, condition and state of repair, reasonable wear and tear and damage by the elements excepted, together with any alterations, changes, additions or improvements thereto; and

(d) CONTRACTOR shall be responsible for any damage to the Pool or Pool Building and occasioned by the removal of any furnishings, fixtures or equipment; and for such damage, if any, CITY shall have lien on the items of personal property until such damages be paid.

(2) Shall peaceably and quietly leave, surrender and yield up to CITY and District the Pool and Pool Building.

B. In the event of termination of this Agreement, because of the default of CONTRACTOR upon any of the grounds set forth above or in the event of the automatic termination of this Agreement, CITY reserves the right to remove any personal property belonging to CONTRACTOR from the Pool and Pool Building and to store such personal property at the sole cost and expense of CONTRACTOR, and CITY shall have a lien on such personal property for and until all and any storage charges are paid.

SECTION 20. FORCE MAJEURE. Any delay or failure in performance by either Party hereunder shall be excused if and to the extent caused by the occurrence of a Force Majeure. For purposes of this Agreement, Force Majeure shall mean a cause or event that is not reasonably foreseeable or otherwise caused

by or under the control of a Party claiming Force Majeure, including acts of God, fires, floods, explosions, wars, riots, hurricane, earthquake, sabotage, terrorism, vandalism, accident, restraint of government, governmental acts, injunctions, labor strikes, and other like events that are beyond the reasonable anticipation and control of the Party affected thereby, despite such Party's reasonable efforts to prevent, avoid, delay, or mitigate the effects of such acts, events or occurrences and which events or the effects thereof are not attributable to a Party's failure to perform its obligations under this Agreement.

SECTION 21. DISCRIMINATION PROHIBITED. Neither CONTRACTOR nor any officer, agent, or employee thereof shall discriminate in the employment of persons to perform any service or activity at the swim facility, or discriminate against any person in the use or access to the Pool or Pool Building on account of race, color, national origin, ancestry, religion, sex, sexual orientation, disability, or medical condition in violation of any law, or on account of any other basis for discrimination prohibited by state or federal law.

SECTION 22. NOTICES. Any action, notice or request required to be taken, given or made by CITY hereunder may be taken, given or made by the City Manager or his or her designee.

A. All notices, requests or other papers required to be given or delivered to CONTRACTOR shall be deemed to be duly and properly given or made if mailed to CONTRACTOR, postage prepaid, addressed to:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

or personally delivered to CONTRACTOR at such address, or at such other address as CONTRACTOR may designate in writing to CITY.

B. All notices, requests or other papers required to be given or delivered to CITY shall be deemed to be duly and properly given or made if mailed to CITY postage prepaid, addressed to:

Director of Library and Community Services  
City of Sunnyvale Public Library  
P.O. Box 3707  
Sunnyvale, CA 94088-3707

or personally delivered to Director of Library and Community Services at City of Sunnyvale Public Library, 665 West Olive Ave., Sunnyvale, CA, 94086, or at such other address as CITY may designate in writing to CONTRACTOR.

SECTION 23. ATTORNEY FEES. The prevailing party in any action brought to enforce the terms of this Agreement or arising out of this Agreement may recover its reasonable costs and attorneys' fees expended in connection with such an action from the other party.

SECTION 24. NATURE OF AGREEMENT. MODIFICATIONS.

A. This Agreement does not constitute a contract of employment and the relation of master and servant, employer and employee, does not and shall not exist between CITY and CONTRACTOR or any of its employees. CONTRACTOR is and at all times shall be deemed to be an independent CONTRACTOR.

B. This Agreement does not constitute a deed or grant of any easement by the CITY and does not constitute a lease.

C. No assurances or inducements of any kind not specifically set forth in the Agreement have been made to CONTRACTOR by anyone authorized by CITY to cause CONTRACTOR to execute this Agreement.

D. Failure of CITY or CONTRACTOR to insist upon a strict performance of any of the duties, obligations, conditions, covenants or agreements contained in this Agreement shall not be deemed a waiver of any subsequent breach or default in the duties, obligations, conditions, covenants or agreements herein contained.

E. Rights of CITY or CONTRACTOR hereunder shall be cumulative and not alternative and shall be in addition to any and all rights which either party shall have as a matter of law.

F. With the exception of extensions to the Agreement under Section 2, which may be approved by the City Manager, no agent, officer or employee of CITY

has any authority to vary or extend the term of this Agreement or any duty, obligation, covenant or agreement contained herein, or to make any statements or representations concerning this Agreement, or the rights and privileges set forth herein, except such as are set forth in any written addendum to this Agreement which has been approved by the City Council.

G. This document represents the entire agreement between CITY and CONTRACTOR. This agreement may be amended only by written instrument, signed by both CITY and CONTRACTOR. Except as may be expressly provided in this Agreement to the contrary, all provisions of this Agreement are expressly made conditions.

IN WITNESS WHEREOF, THE PARTIES HAVE EXECUTED THIS AGREEMENT.

Ricky Silva, Site Manager

## INTRODUCTION

The CaliforniaSportsCenter accepts the opportunity to submit our proposal to the City of Sunnyvale to continue our operations at the Sunnyvale Swim Complex at FremontHigh School. As the operator for the City since the pool opened in July of 2002, we are proud to have implemented multiple new programs and offered very diverse programming for all citizens of Sunnyvale to enjoy, and local companies to use, as a resource for fitness for their employees. We have also met the challenge of collaborating closely with the school district. We recognize the need for the City to review other proposals for consideration, but also believe that we are best suited to continue and further develop the operations at this pool with limited if any disruption other than that caused by improved capital expenditures or by the City or the District for other capital improvements or general maintenance. We intend to expand on our programs, while also continuing to reach a diverse population, and offer additional times, and new ideas to expand the possibilities and opportunities for aquatics programming for the entire community. Let this also be our notification of interest in the operation of additional pools for the City of Sunnyvale such as Washington Pool to continue to improve and expand services to all its residents.

California Sports Center has successfully developed this collaboration formed between the Fremont Union High School District and the City. Our objectives would be to extend our relationship for the remaining 12 years of the current City / District agreement. Our goals:

- A. Enter into a long term business relationship to at least the end of the City/District agreement.
- B. Continue to work toward achieving outstanding approval ratings for a safe, effective, service-friendly atmosphere and we will continue to uphold California Sports Center’s mission, vision, and values.
- C. Continue to meet the priorities set forth in the RFP, but shall continue to offer expanded services in the following priority order:
  - a. Adult Lap Swimming
  - b. Masters team development, water exercise, senior swim rates, lessons specifically for adults, adult water polo, and other adult swimming programs.
  - c. Family swims and ‘Open’ summer swim opportunities.
  - d. Youth program development for lessons, deemed by our own past customers as the best in the valley; competitive swim readiness – both development toward team, and non-competitive higher level development for high school sports – particularly to support FremontHigh School sports and the District as a whole whenever possible.
  - e. Safety training for the community at large, as well as regular coaches training and development – a key to CaliforniaSportsCenter’s many successes.
  - f. Outside facility group use for the community development of competitive teams.
- D. Pay the City a fair, equitable and just level of compensation for the locker room facility use while meeting required programming outlined in the agreement.
- E. Maintain quality staff from the start of their positions, through on-going trainings, to their promotions or departures into new and better opportunities with a focus on hiring and training Sunnyvale residents whenever possible.

We look forward to the City’s strong consideration of our proposal to meeting the City’s needs and to entering into negotiations as soon as possible.

## CALIFORNIA SPORTS CENTER’S PROPOSAL

In keeping with the RFP, the following proposal is outlined as requested under Section VII (page 12 of the RFP) in the order outlined and defined along with supporting CSC Attachments 1 through 9.

### A. PROPOSER QUALIFICATIONS AND EXPERIENCE

1. **The California Sports Center (CSC) is a California Corporation structured as a Subchapter S Corp.** We have operated as such since 1991 when we incorporated. Before incorporating we were known as the CaliforniaGymnasticsCenter, owned and founded in 1987 by David Peterson. CSC currently operates eight (8) different sports training facilities in Sunnyvale, San Jose, Morgan Hill, and Santa Clara. Our focus has been on aquatics and gymnastics programming – both specialized activities, but we have also grown our dance programs at two locations within gymnastics programs. One of our locations is also a contract with the City of Sunnyvale to provide the gymnastics instruction for all recreational gymnastics classes at the City’s IndoorSportsCenter under the direction of the Nancy Grove and Gary Brown of the Library and Community Services Dept. In addition to operating the pool at FremontHigh School for the last 11 years, we have also operated seasonal pools in San Jose.
  
2. **The principal owners** of the corporation are David & Anne Peterson. Our Corporate office and general contact information is as follows:
  - a. CaliforniaSportsCenter  
838 Malone Rd.San Jose CA95125  
phone: 408-269-2777; fax: 408-269-5430  
email: dave@calsportscenter.com  
web address: www.calsportscenter.com  
Cell phone of the primary contact for this RFP, Dave Peterson, is 408-210-3561.
  - b. Additional contact for direct operational questions is Ricky Silva. Ricky is the Site Manager, and can be reached at 408-732-2257.
  
3. **References**
  - a. Business.
    - i. Steve McCray, Corporate Attorney for CSC  
Hoge, Fenton, Jones, and Appel, Inc in San Jose. Phone: 408-947-2417
    - ii. Lynda Boman, Corporate CPA for CSC Phone: 408-866-2004
    - iii. Shelley Hanson, D&G Sports (equipment supplier) Phone: 530-885-5680
    - iv. Dan Hurley, Sensation Nation Phone: 408-921-0541
    - v. Dan Wax, Parks & Recreation, City of San Jose Phone: 408-535-3576

Providing the opportunity to be the best you can be – Since 1987

www.calsportscenter.com

- c. Letters of support from SUNN Swimming, Fairbrae Swim Team, Calphin Aquatic Club, Leading/Agape, and Sensation Nation are included in [Attachment 1](#).
  - d. Petitions of support signed by current and past participants of CaliforniaSportsCenter aquatics programs at the Sunnyvale Swim Complex are included in [Attachment 2a – Online Petition](#) and [Attachment 2b – On Site Petition](#).
4. **Previous to operating here in Sunnyvale for the past 11 years**, CSC operated a pool at BlackfordHigh School for 10 years (1991-2001). Additionally CSC is the premier gymnastics training facility in San Jose with 4 locations in San Jose, a new operation in Morgan Hill opened in 2012, a long standing relationship with the City of Santa Clara for gymnastics and as mentioned the City of Sunnyvale’s gymnastics program for the last 10 years. Our focus has been specialized sports and youth training within the sports/activities we have offered for over 25 years. The Resume of the founder, Dave Peterson is included in [Attachment 3](#) for your review. Dave is Director/CEO of CaliforniaSportsCenter.

CSC’s real strength in operations at the pool remains the outstanding staff that CSC hires – particularly its leadership team. See [Attachment 3](#) for an organizational chart, training requirements & certifications, and resumes of the leadership team. The pool’s operational hours are and would continue to be divided into two halves each day. The Manager, Assistant Manager and Program Coordinators have the most experience in direct operations of the pool and the programs we offer. Each position is outlined with specific responsibilities sharing the development, oversight, and measurement of each swim program or administrative duty they are assigned. Sharing of the overall management responsibilities creates a broad knowledge of each other’s roles and improves the overall customer service needs for nearly every operating hour programs are offered. Should the manager be out, the other leaders have complete responsibility to handle all operations, and the facility is never left with a leadership void. In addition, weekly meetings are held with the entire management team, there is regular financial oversight on location by Anne Peterson, and regular oversight and trainings by CSC’s Director of Operations, Christopher Brown. CSC believes it has a team of leaders unmatched at any pool in the area. The resumes of the Manager and Assistant Manager are attached.

5. **Our track record** is outlined with participation reports over the past 11 years for which the City staff receives reports monthly and/or as requested. All are public documents available upon request. In addition to the 7 gymnastics/dance locations, we have operated the Rotary Ryland Pool in downtown San Jose for the last 3 years, and the Fair Swim Center in east San Jose for two of the last three years. Both of these pools have been under contract with the City of San Jose. One contact in the City of San Jose is Dan Wax, Deputy Director - PRNS, and he is listed as a reference under “#3” above. Others are available upon request.
6. **Financially, California Sports Center has operated** as a successful small business for over 25 years (since 1987). Along with improved services and additional programming the entire company’s gross sales have continued to grow annually. We have met all our obligations for payment of invoices from the City of Sunnyvale over all 11 years of current operation including facility use fees and utility payments. We have been diligent in reporting issues of concern which we believe has saved the City time and money as it relates to the obligations of the District within the City/District contract.

**Providing the opportunity to be the best you can be – Since 1987**

In order to properly account for each of our 8 locations income and expenses – particularly those involving City contracts, we have divided each of the operations into separate divisions or departments, all of which should be able to operate independently of each other. Annual budgets are developed each November and signed off in December for the next fiscal year. Our 6 year business plan summary (RFP Attachment B) outlines the general income and expense reporting requested. Our annual budgets are developed and signed off by Site Manager(s), and the Directors (Principals.) The results or ‘actuals’ are then reviewed monthly and more extensively each quarter and annually. These private and confidential actual reports for the Sunnyvale Swim Complex are available upon request. Annual budgeting includes plans for funding new equipment, furniture, and capital expenditures as needed. As a company, we also maintain a reserve to provide emergency funds toward capital expenditures for unplanned expenses.

CSC also maintains a business license with the City of Sunnyvale and has been a member of the Sunnyvale Chamber of Commerce since beginning operations here in the summer of 2002.

**In order to address part of RFP section VI, we would add here that there is no issue with our credit or financial standings.** Neither CSC, nor its Principals, have ever been involved in bankruptcy or insolvency proceedings, or been subject to assignment for the benefit of creditors. We are not now, nor have we ever been in the past 25 years involved in any litigation. A letter of reference from our bank, Comerica, and copies of filed federal tax returns for the past three years are available upon request. Our CPA and CFO would be involved in providing any additional confidential financial documentation requested.

7. **Additional information - Why choose California Sports Center.** As mentioned above, California Sports Center has been the operator of this facility since its official opening in June of 2002. The contract was signed on June 1 of that year, and we were ready for a public ceremony and “open swim” by June 22 and began full operations on July 8, 2002. Within a very short time we hired staff, prepared the facility, purchased equipment and supplies, finalized and ordered registration forms, and completed so many other unnamed things. We have since been renewed a second contract which takes us to this process. With excellence in mind, we have taken the operation of this pool to new levels of service meeting and exceeding all the requirements of the contract. We have properly and professionally represented the City of Sunnyvale to the best of our ability and believe that our background, knowledge, understanding, and now direct experience in the operation of this pool in this community is vitally important to its on-going success. Areas we feel extremely proud of in our operations the past 11 years include:
  - a. Safety. Most important to CSC is that Safety is #1. We do not hesitate to address safety concerns humbly, but feel extremely confident with our safety record. This will be further addressed in section “B. Proposed Swim Program and Services” of the RFP.
  - b. We have been instrumental in continuing the on-going regular communications between the school district, and the City as well as contractors hired by either to maintain facilities as needed. We developed the minutes/notes sharing responsibility with district staff, and City staff and continue to meet regularly. Notes are now maintained by the City.

**Providing the opportunity to be the best you can be – Since 1987**

- i. We were recently recognized by the District Trustees and the Sunnyvale City Council during a celebration of 10 years of operation on campus with the Friends of the Fremont Pool.
  - ii. Administratively we work with the appropriate district personnel and on location the school's Principal, and Vice Principal.
  - iii. Regarding athletics: we work with the Athletic Director and the coaches on the pool deck every day.
  - iv. Regarding maintenance and pool/water daily operations: we work with the district custodial staff – including pool sweep planning and general operational reporting.
  - v. At least one of our staff is a certified Aquatics Facility Operator (AFO).
- c. We helped develop the needs assessment for the pool building with regular 'punch lists' of work to be completed which we maintained for review and further held the contractors accountable for work as best as possible before they departed the campus and the district signed off on the building project. Along the way we identified multiple design flaws and reported them accordingly. We currently maintain a punch list for regular maintenance items in and around the pool per the contract.
- d. We provided needed support toward the recent parking lot redesign and helped develop signage in the early years for the parking lot which helped protect spaces for the community and which would otherwise be used by students and school personnel. We continue to assist in monitoring the parking and report abuses when possible or necessary.
- e. We quickly and professionally address each and every concern or issue that is brought to our attention by customers or by the City for customers. We strive to always find a compromised satisfaction to issues or concerns and above all work to educate the customers, City staff, and elected representatives on the limitations the facility has and that we have as an operator. And when asked to meet with Parks & Recreation staff, or the City's elected representatives, we do not hesitate to make ourselves available.

And finally, I would extend that California Sports Center is ready to continue to address the needs of the City as it relates to programming and services. As noted in our introduction, we have led operations at this pool from the Grand Opening to the present and developed great relations with our customers, the City staff, and the District staff and we feel quite proud of that fact. We believe we are best suited with our background and experience to work with the City staff to creatively consider new ideas and expand cost effective services for all to enjoy.

## **B. PROPOSED SWIM PROGRAM AND SERVICES**

1. **California Sports Center would have absolutely no problem meeting AND exceeding the required swim schedule as outlined in RFP Attachment A – Schedule Requirements.** As has been the case since opening, we have maintained a priority for adult swimmers in all our scheduling and in new and additional offerings that expand the options

**Providing the opportunity to be the best you can be – Since 1987**

for adults to swim regularly. Our limitations in lane availability beyond very few holidays have only been by cause/notification of district priority or their exclusive uses (per the City/District Agreement) and up to 6 community events or competitions per year in support of the local Jr. swim programs which have been expected within the current contract. The following is how we plan to EXCEED the programs expectations outlined in RFP Attachment A – Schedule Requirements. Programs are further described in #3 and #6 below.

- a. Lap Swim: Increase the daily lanes available to lap swimmers beyond the number of lanes outlined as a minimum in RFP Attachment A – Schedule Requirements.
  - i. Increase the number of hours lanes are available throughout the summer schedule (extending one hour each weekday morning; extending 1.5 hours each weekday afternoon; and dedicating lap swim lanes on the weekend ‘open’ swim times in the afternoons.)
  - ii. Add ‘seniors’ only dedicated lanes and times available prior to the noon rush and at the same time as our water exercise classes. Giving more healthy options for seniors and reducing the parking issues that can occur at the standard noon lap swim.
  - iii. Offer 50 Meter lane setups (long course) in the summer mornings and holidays and now winter Thursday’s too.
- b. Masters Swim: Increased adult offerings for learning improved training through the “CSC Masters – Sunnyvale” program and adult lessons, which further increased the number of lanes available for adult swimmers.
- c. Instructional Lessons: daily lessons are offered for all ages with particular attention to the spring, summer, and fall months, but with limited offerings also in the winter months. We will continue to expand weekend offerings while maintaining new developments in the proposed “shoulder season” of open swims on weekends.
- d. Open Swim: We have met or exceeded the defined requirements for total lane hours and weeks while also meeting the expectation of providing for local resident swim club uses during the summer. Our goal is to provide for open recreation swim from the Monday following the close of K-8 schools to the weekend prior to their re-opening. These summer dates have been fluctuating due to state budgets and the local districts efforts to maintain their calendars under difficult financial times.
  - i. Summer Shoulder Season: A regular weekend program is new to this location and shall be implemented to meet or exceed the expectations of the contract as agreed. We will work closely with the department on measurement and review to best use this time for all programs making a best effort to reduce the impact on existing programs that will have to be cut, changed, or eliminated to provide for this “open swim” program.
- e. Swim Team: The SUNN Swim Team has been a participant in use since prior to the opening in 2002. We have worked closely with its board and coaches to maintain a direct line of support, we have honored their competitive program without conflict of adding any similar program, and we have worked with the organization to develop an improved feeder program for the on-going development of local swimmers to their program. As is evident in their letters of support and professional reference, we will continue our partnership and extend an agreement with this organization as long as they also maintain the requirements of resident participation expected in the new contract.

2. **CSC utilizes the various areas of the facility** in every way possible. We've outlined these areas as follows:
  - a. Pool: [Attachment 4](#) outlines use by lane by hour. Planned uses are further described in "3. Types of services" and "6. Number of Hours" below.
  - b. Main office: Customer Service, lap swim and other program sign in, and lesson registration. The main office is also known on the original plans as the 'lifeguard station', it has been redesigned for customer service and is the sites main greeting station and is open for business throughout the operational day. 6am – 8pm weekdays; 8am – 6pm weekends. The AED and immediate emergency supplies are maintained in this office. Lifeguards rotate from this office throughout the operational hours.
  - c. Training room: Directly behind the main office is the staff training room and would be best described as a Multi-purpose Work Room. This space is the largest dedicated open space in the facility besides each of the women's and men's locker rooms. Regularly used as the break room, we disseminate staff information, keep staff boxes, and maintain program lockers in this room. It is also used as a staff meeting room, summer camp room for crafts and indoor activities and an occasional meeting room for rental groups such as SUNN. All community lifeguard training classes are held here along with community First Aid and CPR classes. Community events use this room for hospitality or meetings too. This room is also used for City/District/CSC meetings. The room includes a secure storage closet , cabinets and lockers. These are used to store paperwork and office supplies specific to programs.
  - d. There are three 'storage' areas within the facility, each with a secure roll up door. One is used as an area for vending snacks and easy access to equipment, the other two are used for equipment storage. One of the three is also a roof access room so has limited uses. Shared use by organizations who have regularly scheduled access such as SUNN, are provided limited storage.
  - e. There are two separate offices. One is used as the Managers office. The other is used as a staff office as well as a computer room for events such as the SUNN swim meets.
  - f. There is one small secure maintenance closet with the appropriate drainage for a mop sink and janitorial supplies.
  - g. The locker rooms are the remaining two spaces used specifically as locker rooms for customers, staff, and the general public associated with the programs offered. The nature of the public access of the school property prevents us from barring general public use, but we do our best to monitor the use and do not allow the school to gain general access for classes or teams due to the fact that they have their own locker rooms and campus bathrooms. CSC has mounted smaller bulletin boards for announcements to the public.
  - h. CSC and District staff has used fencing purchased by CSC to create a deck storage area for large equipment and supplies such as lane line reels, lifeguard stands and other large items. This area is monitored by District and CSC staff.

CSC would be responsible for all general maintenance of all areas within the building and is responsible for costs associated with normal wear and tear of these rooms, areas, walls, ceilings, floors, fixtures, etc. as required by contract. Additional improvements will be planned if awarded the contract and which are outlined under "E." below.

**Providing the opportunity to be the best you can be – Since 1987**

3. **Types of services** to be offered include a diverse offering outlined in (a.) through (l.) below. It is our goal to provide all the services and programs listed directly as the operator, but important to note that there are organizations, such as the parent run local swim team SUNN, that can provide outstanding services and support to purely competitive athletes. CSC refers to these groups as ‘rental groups’ and supports them with lane times as long as their programs do not directly conflict with our own and they meet contract requirements for residency status. It remains our objective to ensure such uses are in fact limited and that a diverse amount of programming is offered throughout all the operational times available to the City. We propose the following services be continued and improved and have shown how the lanes will be used in [Attachment 4](#), season by season, Monday-Sunday:

a. **Lap Swim**– this program is outlined in the RFP Attachment A – Schedule Requirements. We have also added times in the summer that have become popular. The current agreement between CSC and the City of Sunnyvale requires an average of 176 lane hours of adult lap swim per week. In 2012, CSC offered an average of 386 lane hours of adult lap swim per week. This average excludes lanes that we also used for lap swim that were allocated for high school use but were not being used. Starting in August of 2013, CSC proposes the following lap swim schedule:

Monday-Friday*	6:00-8:00 am
Monday-Friday	11:30am-1:30 pm
Monday-Friday	6:00-8:00 pm
Saturday	8:00 am-11:00 am
Sunday	8:00 am-1:00 pm (2 hours longer than required)

- \* **Monday-Friday summers is set as “long course” in the morning.**
- \* **Monday-Wednesday-Friday summers also start at 5:30am.**

b. **CSC Masters – Sunnyvale.** This program was started officially in 2004 with California Sports Center registering as a team called “CSC Masters – Sunnyvale”. This group of adult swimmers receives coached training during designated times and in designated lanes for their training. Times are offered 6 days a week and shall be increased based on the dedication of these swimmers in non-peak use times. Times allotted are in addition to the “lap swim” hours outlined in the City’s RFP Attachment A – Schedule Requirements. There are also adult age “Intro to Masters” and triathlon training classes offered under this program. The current agreement requires 2,500 annual hours of masters swimming. CSC offered 5,058 lane hours of masters swimming in 2012. Starting in August of 2013, CSC currently plans the following schedule which changes a bit seasonally based on District use:

Masters	Mon/Wed/Fri	8:00-9:00 am
	T/Th	5:00-6:00 am
	Sat	7:00-8:00 am
Intro to Masters	T/Th	7:15-8:15 am
Podium	Wed	6:00-7:00 pm
	Wed	7:00-8:00 pm

- c. **Water Exercise classes.** This program was tested in the summer of 2005, and started year ‘round in the summer of 2006. Classes are offered in the mornings at 10:15am M/W/F with additional offerings April – September. We will continue to develop new clients and reach out to organizations and groups within the community that might be interested in a fun fitness opportunity in the water for adults. We would hope to see additional interest in the exercise class. The lack of available lanes in the evenings and early mornings, due to other uses, prevent any other offerings than mornings or early afternoons. This would be a great program to expand at Washington Pool if ever given the opportunity. CSC offered 1560 lane hours of water fitness in 2012. Starting in August of 2013, CSC currently plans the following schedule:

Mon/Wed/Fri	10:15-11:15 am (year ‘round)
T/TH	10:15-11:15 am (April-September)
Sat	11:00-12:00 (April-August)

- d. **Adult Lessons.** These are very popular lessons for adult beginners through advanced including specific stroke development for the adult interested in a more serious level of swimming. Classes are offered 7 days a week.

\*See youth lessons for lane requirements and actual lane hours.

- e. **Open Swim.** The summer program open to the public will be available Monday-Sunday from mid-June to mid-August. Our offerings are controlled in large part by the City/District agreement which prevents availability until the high school is officially out for summer (“mid-June”) and we must end this program offering as soon as after-school sports begin (“mid-August.”)
- i. CSC accommodates several area groups and organizations during open swim with a group rate for larger numbers of kids and we provide appropriate staffing to address all their safety concerns.
  - ii. The new “Summer Shoulder Season” could begin as early as April and continue thru the early fall with open swim hours on the weekends. During this period, an open swim schedule will be created and published for the public. We would look forward to the City’s support in promoting this program within its recreation department communications and activity guides. These hours would typically include warmer months during the year when there is a moderate demand for open swim. CSC would work closely with the City to measure and determine the success of this new program.
  - iii. In keeping with improved services for the community while limiting the disruption of existing programs, uses, and limitations due to District use, we would welcome the opportunity to improve the operational “shoulder season” hours of other more conducive recreational pools in Sunnyvale such as Washington Pool. The current agreement requires at least 1,750 annual hours of open swimming. CSC offered 2,834 lane hours of open swimming in 2012. Starting in August of 2013, CSC proposes the following schedule:

Summer:

Mon-Fri 1:30-3:30 pm  
Sat/Sun 1:30-5:30 pm

Summer Shoulder Season\*:

Sat/Sun 1:15-3:15 pm (minimum 4 lanes)

\*this would be scheduled from May 1 to mid-June and again mid-August until September 30. We would meet with the City staff following each season to measure actual use as well as surveys from users.

- f. **Youth Lessons.** CSC has a comprehensive program of developing skills and progressions that is second to none in the valley. Our focus on ‘learn to swim’ as well as more advanced skills development in a fun and safe environment works toward the many competitive swim opportunities available in the area. This has customers coming back year after year and most importantly referring their family and friends regularly to get their lessons from CSC. Many local programs have copied our program ratios since beginning these in 1991.
- i. Lessons are offered 7 days a week year ‘round in group, semi-private, and private offerings. Diversity in choices offers great flexibility.
  - ii. We offer group lessons for local preschools in the mornings.
  - iii. Pre-competitive swimming is a class based monthly program to prepare the more advanced swimmer toward team or high school competitive swimming.
  - iv. A summer recreational program allows the community at large to participate in stroke development and team prep without the year ‘round obligation of a competitive team.
  - v. A new ParentTot class will be offered in the early fall, and late spring in the mornings pending weather.
  - vi. Recreational diving classes are offered on Saturdays during the spring and fall and on weekdays and Saturdays during the summer. Classes focus on the basic principles of springboard diving and prepare students for the Future Champions team.
  - vii. California Sports Center would also continue to develop our relationship with Sensation Nation – a company specifically developed to assist special needs youth in the community. Sensation Nation provides 1:1 instruction for its students and are provided integrated safe support to their individual needs.

California Sports Center is required to offer 7,000 lane hours of instructional lessons each year. California Sports Center offered 7,802 lane hours of instructional lessons for youth and adults in 2012. Various times, 7 days per week throughout the year are outlined in [Attachment 4](#).

g. **Water polo.**

- i. Youth programming. This would be a developmental program of skills for those under the age of 14. These students would eventually become high school program competitors.
- ii. A high school age program will be offered in their off-season to continue support to the local high school teams
- iii. Adult age water polo programming. This has been, and will continue to be a growing program for adults. We offer this from 8:00-9:30pm twice a week

currently and would continue that time and consider adding evenings. The current agreement does not include youth water polo. CSC offered 1,470 lane hours of youth water polo in 2012. Starting in August of 2013, CSC currently plans the following schedule:

Monday	6:30-8:00 pm
Thursday	6:30-8:00 pm
Sunday	1:15-3:15pm in the fall season
Saturday	12:00-1:30pm winter and season
Saturday	11:15-1:00 summer

h. **Competitive Diving**

- i. CSC formed a competitive diving team in 2010. Since then, the team has continued to grow and is the only diving team in the City of Sunnyvale. Moving forward, CSC will continue to offer a “Future Champions” team, which will attend USA diving meets during its season. The team offers practice March-October, as well as dry land opportunities in the winter months in collaboration with the City’s gymnastics program.

CSC proposes the following schedule for competitive diving (subject to change based on demands for the team)

March-October: Tuesday & Friday – 6:00-7:30pm  
Saturday – seasonally changes based on lanes available

i. **Safety training.**

- i. The California Sports Center is one of the American Red Cross’s primary training grounds for lifeguard training, CPR for the Professional Rescuer, Coaches Water Safety (for USA swim coaches, high school coaches, and P.E. teachers) and WSI (Water Safety Instructor) classes. We have offered and will continue to offer a broad range of safety classes taught by representatives of the ARC. Our long time contractor, Ken Mignosa, teaches these classes along with other certified visiting instructors. Classes are offered throughout the year with a focus in March, April, May, and June.
- ii. CSC offers regular community classes for First Aid and CPR at this facility as well as other CSC facilities throughout the area.

- j. **Summer camps.** Community interest for summer camps focused around aquatics, and including other activities has become one of our stronger summer programs. In the summer of 2012 we provided camp programming to 180 children, ages 6 to 14, over 8 weeks. This was in addition to regular programming and lap swim hours. We would plan to continue this program working with the school and community on improvements as requested.

CSC is not required to offer summer camps in the current agreement. Summer camp swimmers use the pool at various times throughout the day, including planned instructional time in the mornings as well as participation in open swim.

- k. **Swim Team/Rental group use.** These are outside organizations offering programs which CSC either cannot provide or which CSC chooses not to provide. These groups offer diversity in programming and support long running resident based community programs such as the SUNN Swim Team. SUNN operates independently, and continues to meet the needs of the community by offering USA Swimming competitive programs. Other resident based or non-resident based groups have some part-time weekend lane hours scheduled to meet various needs of the community.

In 2012, CSC provided 8694 lane hours to Sunnyvale Swim Club for use. CSC proposes to continue to provide for the minimum 8,000 lane hours for local teams of which such “teams” shall have at least 60% resident members in their entire organization and either have a Sunnyvale business license or a majority of board members as Sunnyvale residents.

CSC also provided 3642 lane hours in 2012 to other outside rental groups that offer various aquatics services to groups within the community. These uses have included Calphin Swim School, Leading Swim, Santa Clara Valley Water, and Sensation Nation.

- l. **Community event facility use.** There are no more than 6 weekends a year which we allow to be set aside for outside groups to come in to the facility for local, regional, or national events. These have been primarily local USA Swimming competitions and camps and USA Water Polo tournaments. Annual events have included: Pacific Swimming 10 and under championship and camp; 2 of SUNN’s annual big events, USA Water Polo tournament, and Silicon Valley Swim League Championships hosted by Fairbrae Swim and Racquet Club. We limit the number of closures due to the fact that the District could also call for up to 15 days in the school year for priority or exclusive use of the pool per the City/District agreement. It is our goal to minimize the total number of days per year which may cause disruption to our regular swim programs, particularly lap swimmers.
4. **Qualifications of, and the number of, staff for our programs.** CSC has a basic structure for the pool that matches that of all our locations. The pool will have one manager – responsible for the first half of the day, and an assistant manager responsible for the second half of the day. The manager reports directly to the Directors (Principals) at CSC. They are assisted by several corporate support positions such as the Manager of Program Development, Christopher Brown; Human Resources, Christy Duzac; and of course they have the support of their colleagues, 7 other managers of CSC locations. The manager and assistant manager have principal responsibility to the entire program and deck operation as well as their entire staff from lifeguards, to instructors, to coordinators. Daily coordination and collaboration of our own programs with the district and with other facility users is critical to successful management at this pool. CSC’s ‘org chart’ is as follows (see also [Attachment 3](#)).

- a. Directors
  - i. Site Manager
    1. Assistant Manager
    2. Coordinators (program specific oversight/responsibility).
      - a. Office, Lessons, Camps, Open Swim
    3. General Staff such as:
      - a. Customer Service staff
      - b. Instructor/Guards (teach lessons and guards as assigned)
        - i. Instructor only
        - ii. Assistant team coaches
      - c. Lifeguards (guarding responsibilities only – no instruction)

Qualifications of the staff vary based on the responsibility of the staff member, but all CSC employees (company wide) are required to maintain basic First Aid and CPR certification. Lifeguards, most Coordinators, and Managers are required to maintain ARC lifeguard certification and CPR for the Professional Rescuer or the equivalent. Nearly all instructors are either guard certified or water safety certified. [Attachment 3](#) includes the resumes of a few of the leadership, as well as a training plan for all aquatics staff. It should be noted that the Site Manager was hired prior to the signing of the original contract with the City in June of 2002.

The number of staff for each program will vary according to the demand of the program and as required by law. One staff member will be on site during all operational hours to answer questions, complete registrations, and offer site tours. Our lap swim hours have a minimum of 2 lifeguards and as many as 4 while our open swims have a minimum of 4 and as many as 9 on a rotational duty based on the season. Our year ‘round staff is 30 employees and our summer season increases by approximately 50%.

5. **CSC has an official Emergency Action Plan (EAP) for the pool.** See [Attachment 5](#). This is printed and posted for all to see at the pool. Staff are repeatedly tested and of course required certifications cover emergencies in their training. Every accident and incident at the pool is required to be written and reported to management of the pool, the Director of Operations, and the Directors. If the Manager and a Director agree it’s appropriate, the City will also be informed. Follow up occurs each time, but the level of the follow up depends on the severity of the incident. Each action is taken as an opportunity to learn and improve.

Specific to programs, there is a whistle code known and practiced by all on staff at the pool. This is part of standard lifeguard training. The CSC staff regularly communicates and collaborates with the school district staff to recognize these codes as an important link in safe pool activity.

Additionally, CSC maintains a monthly safety checklist which includes punch lists for facilities, equipment, and the pool deck.

CSC has also been instrumental in working with the District to develop safety procedures for access to chemical supply rooms and how to create or paint ‘safety zones’ around doorways leading to such rooms.

6. **Number of hours. CSC plans to continue to operate the pool** from 5:00am until 10:00pm weekdays; and from 7:00am until 7:00pm on weekends. Current programs fill the pool during peak times, utilizing all 23 lanes, with programs and uses as outlined above in #3 and in [Attachment 4](#). The majority of peak times are noted in “6.b.” below. When the district lanes restrict our use, we consolidate programs into the allowable lanes and the pool uses are clearly impacted. Challenges include:
- a. Getting customers to understand the shared use of the pool with the school district and that the operator has absolutely no say over certain lanes at certain times of the day. There are times the pool is half empty, but the operator is not allowed to use the lanes due to district uses. Written communication is provided, but we actively spend 1:1 time with any customer that needs better clarity or understanding as to the limitations we have as the City’s operator within the City/District Agreement.
  - b. More lanes during peak times. Peak is 6-8am, 11:30-1:30pm, and 3-8pm.
  - c. Having slightly higher water temperatures would be welcome by a majority. However, the pool mandate maintains the temperature at 80dg +/- 2 degrees per the City/District agreement. Most serious lap swimmers appreciate this temperature, but seniors tend to appreciate the warmer days as do children learning to swim.

The following table outlines our expected uses moving into the new contract, however we do have an established monthly reporting to the City of daily participation and total participation hours. The full report is a public document available upon request. The lanes are assigned after first removing any possible use by the district, then in order of priority as outlined above with adult lap swim as the first priority, but with the primary objective to provide diverse program choices for all residents. The following shows our 2012 total numbers as reported and the average monthly, seasonally, and annually. We have developed these uses over the last 11 years and would not have any ‘start up’ concern which a new vendor would have providing new services with new staff. We would be working to sustain and grow these programs, as much as continue to fully utilize lane availability.

<b>Program</b>	<b>Total # of participants 2012</b>	<b>Average # of users in 2012</b>
Lap Swim	32,896	2741 monthly
CSC Masters	285	24 monthly
Water Fitness	3386	282 monthly
Senior Lap Swim	2868	239 monthly
Lessons (youth & adult)	5592	466 monthly
Open Recreation Swim (all users including visiting groups)	4463	4463seasonally (summer weeks and shoulder season)
Youth Water Polo lessons	199	28 each session (7)
Adult Water Polo session users	108	21 each session (5)
Adult Water Polo drop-in	56	56 annually
Lifeguard Training class	172	172 annually
Summer Camps	175	22 weekly (8)
Rental Groups		Currently 5 groups monthly
Facility Events		6 weekends annually

7. **Proposed fees for programs.** As noted in ‘d.’ below, we have included our fee structure for the current year (2013) and would not anticipate changing this structure moving into a new contract. **We will also agree to freeze the current resident pricing for existing programs for all of 2014 if our contract is renewed.** Because of the many uses and program one person can attend, the number of users vs. number of swims can be complicated. CSC has worked with the City to create accurate numbers of actual participants and participation hours and have recorded and reported this information monthly as required – we would expect to continue such reporting. The full annual report is available upon request. The rates do not require membership and are based on whether you are a proven resident or not.
- a. The lap swim fee is the most complicated given the many options for the swimmers.
    - i. The drop-in (1x) rate \$6.00
    - ii. The 12 punch pass is \$52.00.
      1. The punch pass and drop-ins must use a punch for each visit or program they’re involved in.
    - iii. The monthly pass is \$50.00.
      1. Monthly pass holders can attend as many times in a month as they would like during the scheduled times.
    - iv. We would also offer an annual pass once our contract is renewed. The last pass provided was \$550.00 and based on more regular use that would equal a cost of less than \$2.25 per swim, based on 5 swims per week.
  - b. The Open Recreation Swim fee is the second most important price structure. This new agreement is asking for an expansion of the “shoulder season” beyond the limited “family swim nights” we have offered over the last few years and which is designed to offer swim before and after the standard 8 week summer season. Weekend swims will be scheduled as per the final agreement and priced accordingly.
  - c. Each year, CSC has been obligated to review the fees with a designated City staff member. This expectation would continue. Our fees are based on a market approach to programs and services available elsewhere in and around the City of Sunnyvale. All prices are structured on a resident vs. non-resident fee with the difference determined by City staff.
  - d. [Attachment 6](#) is our 2013 pricing which was reviewed/approved in January of this year by city staff and includes all current programs. This pricing is planned to be continued for the remainder of 2013 and as mentioned, **if our contract is continued, would be frozen for residents for 2014** with no increases in existing programs until 2015. We would also welcome a negotiation regarding open recreation swim prices.
  - e. When reviewing fees annually we review the following:
    - i. Program demand – program requests, customer survey’s, and general input.
    - ii. Comparative analysis of other local programs offering similar ‘public’ like uses.
    - iii. Diversified programming choices and our limitations due to District uses.
    - iv. Lane availability (keeping in mind District uses.)
    - v. How to increase a program’s participation to a level that would allow for decreased individual pricing and increased income.
    - vi. Staffing requirements to support the program (lessons vs. guarding vs. office support)
    - vii. City staff input

- f. Onsite registration is available nearly all hours of operation – 7 days per week. Online registration is available on our website – [www.calsportscenter.com](http://www.calsportscenter.com).
  - g. **We have also tentatively agreed to clarify and extend the agreement with the SUNN Swim Team** for a longer period than in the past and are willing to negotiate a term equal to the length of our term with the City.
  - h. Forms of payment accepted include cash, check, credit card, and auto payment.
8. **Type and extent of advertising and promotion.** CSC is constantly reviewing our advertising mediums. Our website [www.calsportscenter.com](http://www.calsportscenter.com) is becoming a No.1 resource of information by users and those interested in programs. We are listed or linked with multiple organizations complimentary websites such as Silicon Valley Tri-Club and Pacific Masters. CSC regularly advertises with print ads in the Sunnyvale SUNN, Bay Area Parent Magazine, the Cupertino Courier, and various other neighborhood newspapers. We have received support of the local schools and multiple community groups to handout general information flyers for lessons and programs. We maintain a full page of programming in the City of Sunnyvale Activity Guide and propose an increase to 3 pages. We have participated in Sunnyvale Chamber of Commerce events such as their Annual Art and Wine Festival. We also participate in City events when held at the community center. With our recent work for the city in the gymnastics programming we also promote this pool and other pools of the city to the parents of the children of the gymnastics classes.

We are in constant review of advertising and promotion, particularly asking how our customers hear about us. Approximately \$2,000 per month is allocated to the pool specifically, but our combined budget for advertising and promotion exceeds \$100,000 per year for CSC and we constantly reference the pool complex in all our efforts. See [Attachment 7](#) for CSC’s yearly operations business plan summary.

9. **The Principal’s involvement in the pool operations is on-going and regular.** There are two principals:
- a. Both Dave and Anne Peterson were directly involved with completing this RFP from start to finish with review and input by several key staff. As a Director, Dave meets weekly with the managers and attends regular pool staff meetings on location at the pool and is regularly available to answer questions by all staff nearly all hours of the day/night. He has directly responded to City staff requests for meetings whenever and wherever requested. Dave has attended the council meetings when so expected and would welcome the opportunity to do so again and further explain all the great things that we have done and would hope to do in developing a new contract. Dave has attended 90% of the City/District/CSC meetings over the last 11 years. These were held at least monthly for over two years, and are now held quarterly or as needed. I am directly involved in all contract negotiations.
  - b. As the Chief Financial Officer/Director of CSC, Anne Peterson oversees the financials of the company and hires all “office coordinators” for all CSC locations. She is on location at the pool at least once per month to review finances and programs as well as meeting regularly with Managers to review budgets, monthly actuals, and performance of office staff. Anne is also directly involved with staff trainings and creating a fun environment for all employees. By education, her profession is teaching and with a predominately young staff, she is able to educate staff on how to give their best through creative learning opportunities. Coupled with

**Providing the opportunity to be the best you can be – Since 1987**

Christopher Brown, the Director of Operations (CSC's coaches coach), and our awesome leadership our staff training is the best in the west.

- c. Though we maintain a separate corporate office in San Jose our participation at the pool is consistent with the needs of the community and management.

#### **10. Term of the agreement.**

- a. California Sports Center is proposing an initial 6 year contract agreement to end August 31, 2019; with one additional 6 year option to extend again through the current term of the City/District agreement ending in 2025. This would allow for consistent operations, yet still allow the City to review the agreement in 6 years and choose to further extend the agreement with good faith negotiations for change or improvements while leading to a possible end of the relationship with the District in 2025. We are open to negotiate the term.
- b. We would also encourage the City to amend the City/District agreement to end Sunday, August 31, 2025 so as to provide the citizens of Sunnyvale a complete summer program the final year at the pool without disruption.

#### **11. California Sports Center's approach to scheduling.**

Given the complex management of the City/District agreement for district use of hours/lanes for regular school classes and their after-school aquatics sports, we review our regular scheduling at least quarterly, but it never ends. We also:

- a. Provide Monthly, weekly, and daily reviews of programs. We work closely with the District to maximize use of all available lanes.
- b. Our focus has always been on providing diverse programming while meeting the needs of the city contract for lap swim hours and lanes and that of the districts needs.
- c. Our goal will be to increase new program times and improve class options for those more flexible in their daily schedules (the retired and seniors, the stay at home moms, parents interested in parent-tot classes). We have begun offering mid-morning classes and will expand on this more when given the opportunity to do so in the coming years.

#### **12. Other information to fully describe California Sports Center's proposed services:**

Children make up a great part of CSC's overall business, but at the swim complex less than half of the regular participants are kids. The adult participants are key to this pool's use and success and we recognize that promising to continue to work to improve. We consider the smaller family-owned business approach to all our actions a critical part of our many successes in this community. CSC has over 150 people employed throughout all our programs with 35 regularly at the pool. The majority of our aquatics staff are Sunnyvale residents and over the course of the first 11 years have employed over 100 Sunnyvale residents in jobs – many times their first job. We strive to involve everyone in decisions and yet the owners/directors remain focused – as the heads of the family - on what we believe is right and fair for all concerned. We have attached our mission, vision, values, and top 4 priorities for your review and consideration in [Attachment 8](#). These are the values we turn to when we need an answer to a concern or issue for which we need direction.

Finally, CSC would like to be sure there is little if any disruption to the programs and services offered at the pool. Whether the City operates it themselves or another operator is selected, the rebuilding of a new program operator will most certainly cause concern for

**Providing the opportunity to be the best you can be – Since 1987**

regularly participating residents who, as a strong majority have been very happy with our programming and services. Over 95% of customers from a recent customer satisfaction survey, [Attachment 9](#), indicated they were Very Satisfied with programs, services, and safety. CSC allows for the operation to continue seamlessly while allowing the City to negotiate any needed provisions for service changes in to the next contract.

### **C. SWIM BUILDING MAINTENANCE.**

1. General cleaning, trash removal, stocking of paper supplies, and general maintenance of the locker rooms, locks, and fasteners, etc., will be maintained by CSC management and staff throughout each day. We would complete the appropriate work orders and communicate to the City staff as needed for any repairs agreed between the two parties as to responsibilities. CSC also maintains a locker room cleaning log visible to the public.
2. Repair and replacement of windows, light bulbs, and fixtures that break or fall under need for repair due to normal wear and tear, shall be overseen by the management. Where appropriate CSC will hire contractors or services to do certain work. Windows shall be replaced by District, City, or CSC's contractor, and paid by CSC.
3. A professional janitorial services company has been hired to service the facility 7 days per week throughout the year. We also schedule quarterly deep cleanings of the flooring in the locker rooms and restrooms.
4. If awarded the opportunity to negotiate a contract, CSC would also like to negotiate an agreed reduction in the facility use fee or agreed substitute facility for each day the pool is required to be closed or is unable to be used due to operational system failure or required maintenance in either pool system operations or building/deck maintenance whether due to District or City causes.

### **D. FINANCIALS**

1. The "Methodology" used in pricing is grounded first in market based survey's and second in what our historical charges have been. We have maintained low rates for lap swimmers through discounts on regular uses via a punch pass, monthly pass, and annual pass. Each providing a lesser 'per swim' price from the drop-in rate. The more regular your use, the better the price per swim. This not only saves the participant money on each swim, it makes it more important to regularly exercise – which ultimately benefits the entire community. Surveys are also conducted annually to request input from customers, and we are always open to new ideas. One example being our competitive diving program which came from recreational divers who wanted the choice of an annual program rather than the seasonal offering from the high school.
2. Anticipated income is solely from the services provided and is generally outlined in our 6 year Business Plan in [Attachment 7](#). As a privately held sub-Chapter S California corporation, we have not been required to report specific income for the programs in all 11 years and two previous contracts to date. We would welcome the opportunity to clarify what the City needs and the extent that the information would remain confidential.
3. As outlined in "10.a" above, we propose a 6 year contract and agreement with a 6 year option to extend the agreement to the current life of the City/District agreement, and as noted above, we are open to negotiate the term of the agreement.

4. We propose a facility use fee that begins at \$50,000.00 per year and increases at a rate of 2.5% per year each year for six years. **The total paid for the facility use over 6 years would be \$319,386.83.** This is specifically outlined in the 6 year Operating Business Plan Summary, see [Attachment 7](#). The year would be defined as September 1 – August 31. We would pay the fee as invoiced or agreed. As outlined all defined utilities would be paid as invoiced by the City. The 6 year extension (year 7-12) option would be a mutually agreed adjustment, but no less than the 6<sup>th</sup> year's annual facility use fee of \$56,570.41.

## **E. EQUIPMENT AND FURNISHINGS**

CSC would propose to work with the City to improve the facility in many ways that relate to customer service requests by clients and for improved maintenance. Pending approvals from the City and the District, this should include building a permanent cover for the waiting area and bleachers for parents of students in lessons.

CSC has already invested in the furniture needed for all the areas. Regular maintenance and replacement would occur annually or as needed. Annual budgets include expenditures for up to \$7,000 per year for new equipment and supplies to support the facility and programs. CSC has also budgeted for up to \$34,900 in initial equipment and facility improvements if awarded the contract. These improvements would include but are not limited to:

- Improved mounted shading over the parent viewing area.
- Signature portable fencing for the parent viewing area.
- Interior painting of the locker rooms, offices, and staff room.
- New matting for the locker rooms (Versa runner locker room matting.)
- New aluminum tip and roll bleachers for the parent viewing area.
- A scan card system for regular program use. This is also part of planned improvement for online/auto payments, registrations, and participant tracking.
- New carpeting in the staff room and offices.

In addition, CSC maintains the following equipment that is utilized by multiple users of the pool, including rental groups and high school programs:

- 2 digital daktronics pace clocks (valued at \$1,100 each)
- 2 analog Marik pace clocks (valued at \$300 each)
- 2 CJ wood backboards (valued at \$350 each)
- Table and bench seating in parent viewing area (valued at \$1,100)

## **F. YEARLY OPERATIONS BUSINESS PLAN SUMMARY**

CSC has attached its Yearly Operations Business Plan Summary, [Attachment 7](#), for the proposed 6 years of operation, as required per RFP Attachment B. This was submitted for each year and in a one page summary of all 6 years. The City's facility use fee is outlined as \$50,000 in the first year and an increase of 2.5% each year thereafter to the end of the first 6 years. CSC would maintain all operational income and expenses as outlined including improvements as agreed. Annual operating expenses are over \$745,000 to maintain and improve the level of services outlined. As outlined in this document, our annual budgeting process begins in November each year for the fiscal year January-December.

### **G. START UP STRATEGY**

As the current operator of the pool, CSC is not in need of a start up strategy. As the pools first and only operator for the past 11 years, we would simply like to negotiate a modified closure for our outlined improvements and/or agreed capital expenditures during the end of August or early September. We are the only operator that can guarantee continued operations at this pool with limited disruption. All items #1-9 above have been addressed as continuing operations.

### **H. SIGNATURE**

In closing, we look forward to working with the City of Sunnyvale to continue the operations at the Sunnyvale Swim Complex and hope that this proposal meets with the City's approval. If selected for the opportunity to negotiate a new contract, CSC will work closely with the City staff in all aspects of providing the community with outstanding diverse programs.

As per the requirements set forth in this RFP No. 0610-34. I, the undersigned, submit the above as a planned operation for the City of Sunnyvale's use as outlined in the referenced City/District Agreement for the Sunnyvale Swim Complex at Fremont High School.

Signed,

City Staff  
City of Sunnyvale  
456 W. Olive Avenue  
Sunnyvale, CA 94086

Dear City Staff:

The SUNN Swimming Board of Directors would like to recommend the California Sports Center (CSC) as the ongoing operators and managers of the Sunnyvale Swim Complex. SUNN Swimming has been a renter of the pool for the past 10 years since the pool was opened. During that time, CSC has worked closely with SUNN to meet the needs of a community based, competitive, youth, swim team program in Sunnyvale.

Over the past 10 years, we have developed a positive and cooperative relationship with CSC. The CSC organization is professional, hardworking, and flexible in their dealings with multiple pool user groups. CSC has proven to be respectful of our needs as well as other pool users, even when the needs of multiple users may conflict. The most common example of this is during the busy seasons of high school water polo, high school swimming and the summer months when the pool is filled to capacity during parts of the day and all the different groups ideally need more space. CSC works proactively with SUNN and other user groups during these busy seasons to ensure we have a minimum amount of lanes. And, they offer extra lane space, when possible, during less crowded periods. They also proactively work with us when the pool must be closed for high school events giving us as much advance warning as possible. Furthermore, they help us work with the high school and other organizations during the three times per year when we host swim meets at the Sunnyvale Swim Complex. One of our meets occasionally occurs during homecoming weekend, and CSC works closely with us and the school to ensure both events occur successfully and safely.

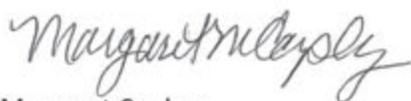

Safety is another area where we have been pleased with the services of CSC. The facilities are well maintained, clean, and safety procedures are followed. Youth safety is extremely important to us as a youth organization. We have experience potential safety hazards when lightning has occurred, water contamination has occurred, and when there was a locker room conflict between an adult swimmer and a youth swimmer. With all these safety issues, CSC personnel have responded quickly and appropriately for the situation.

Finally, CSC's programs are beneficial to the Sunnyvale community at large. We often get inquiries from families whose swimmers are not yet ready for a swim team. We refer these swimmers to CSC because of their strong lesson program. Likewise, CSC refers swim-lesson participants to SUNN for swimmers interested in year-round, competitive swim programs. Some of our parents participate in the adult lap swim program while their swimmers are practicing with SUNN. And, some of our high school swimmers become CSC lifeguards and lesson instructors during the summer months. CSC's wide variety of programs balances the aquatic needs of multiple ages and interests throughout the community and works synergistically with our youth program.

CSC has provided excellent service for the Fremont pool over the past 10 years. SUNN would like to see CSC continue in this capacity.

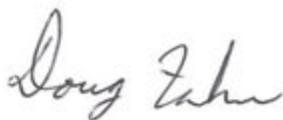

Sincerely,

The SUNN Board of Directors:

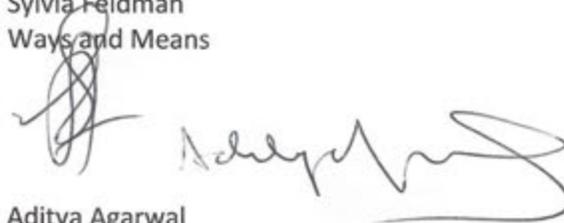

Margaret Copley  
President

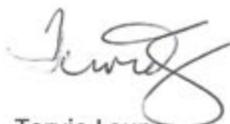

Sylvia Feldman

January 18, 2013

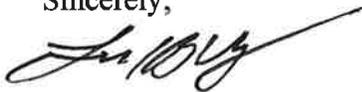

To: City of Sunnyvale Department of Library and Community Services  
From: Lesley Wynne, Fairbrae Manta Rays Swim Team President  
Subject: Support for CSC's continued management of the Fremont High School pool

To whom it may concern:

This letter is to show the Fairbrae Manta Rays Swim Team's support for the California Sports Center (CSC) to continue to manage the Fremont High School swimming pool. Fairbrae serves as the Meet Director for our summer swim league's annual Championship meet. In this capacity, we have worked closely with Ricky Silva and his staff to plan and host the swim meet for many years. Ricky and his staff are consistently responsive, professional, well-organized, eager to help and accommodating.

The Fairbrae Manta Rays Swim Team and the Silicon Valley Swim League (SVSL) support CSC's bid to continue to operate the Sunnyvale Swim Complex at Fremont High School.

Sincerely,

Lesley B. Wynne  
President  
Fairbrae Manta Rays Swim Team

**LETTER OF SUPPORT**

Council Members of Sunnyvale  
456 W. OLIVE AVE.  
SUNNYVALE, CALIFORNIA

RE: Contract Operator of the Sunnyvale Swim Complex at Fremont High School

Dear Council Members:

This correspondence is to support California Sport Center (CSC) to continue to operate the Sunnyvale Swim Complex at Fremont High School.

We've been a rental group of the swim complex, working CSC for the past ten years. We proudly offer our unique award-winning swim trainings and programs on Saturday afternoon to culturally diversified residents in Sunnyvale and its neighborhood.

In the past ten years, CSC has been professionally managing the swim complex to provide a rich set of balanced aquatic activities; meeting both the city's and the school district's needs as the primary priority, operating their aquatic programs, while providing opportunities for a variety of rental groups to offer even richer aquatic services for the communities and bringing out the best value of the swim complex. We firmly believe this is a community-correct operation.

During our years' cooperation, we observe that CSC has been always stressing on safety and complying with the priority uses under their contract, while managing various rental groups fairly. Choosing CSC to continue to operate the Sunnyvale swim complex is definitely the right choice for the city and for the communities.

We look forward to continuing to work with CSC for years to come. Thank you very much for renewing your contract with CSC, so they can continue to be the swim complex operator!

# Leading / Agape Swimming School

To whom it may concern

We are LEADING / Agape swimming school and have been using the Sunnyvale swimming pool at Fremont High School since 2007. We are renting the pool on Sunday to serve the Sunnyvale city and nearby residents over 1000 people in these recent years. We were using other swimming pools until we found out the swimming pool operated by CSC at Fremont High School. We are offering the swimming lesson for kids age 4-18 and CSC is offering very good program and timing for our group.

CSC has been a very organized group and help us to handle the contract issues very well. CSC always maintains the pool and facility very organized. We always have very good and smooth communication tunnel with each other. CSC has very well-trained staffs to help us such as life guards to watch over the pool and swimmers and follow the security rules very well.

We hope we can continue to work with CSC since we always help each other and try to help the residents of Sunnyvale and nearby cities. CSC has been operating this Fremont High School pool very well. I hope they can keep operating this facility and pool.

If Sunnyvale City has any concern or question, please contact us, Terrence Liu (CEO) 408-761-7779

Best regards and thanks

Terrence Liu

LEADING Swimming School

To Whom It May Concern,

The Sensation Nation is a company dedicated to improving the lives of children with disabilities, as well as the families who love and raise them. We offer recreational, therapeutic, and sports programs within the various California Sports Center facilities.

The Sensation Nation is excited about the California Sports Centers continued operations at the pool at Fremont High School. For children with special needs, a pool of this size and use is amazing. The children get to be with their peers, which is a benefit to them in and of itself.

The overwhelming majority of our clients is on the autistic spectrum, and with this diagnosis undoubtedly comes limitations in social, leisure, and recreational experiences. We are hopeful that California Sports Center continues to operate the facility so we, in turn, can continue to offer the great benefits swimming has to the special needs children in your community.

Regards,

Daniel Hurley

# California Sports Center

About the petition

## **I SUPPORT CALIFORNIA SPORTS CENTER – A petition for City of Sunnyvale RFP 0610-34.**

*California Sports Center (CSC) has operated the Sunnyvale Swim Complex at Fremont High school in Sunnyvale since the opening in July of 2002. Since then, CSC has improved and increased programming to offer 171,000 annual participation hours in a variety of aquatics programs. In addition, CSC has worked closely with the Fremont Union High School District as well as outside rental groups such as Sunnyvale Swim Club.*

*The current agreement between the City of Sunnyvale and California Sports Center will expire on August 31, 2013. The City of Sunnyvale has released a request for proposals for future operations of the pool.*

*By signing this petition, I have been satisfied with California Sports Center as the contracted operator of the pool and am in support of the City contracting with California Sports Center for future operations.*

(This petition will be shared as an additional document with our RFP. A sampling with a summary may be required pending the total number of supporting petitions)

-In signing this letter of support, individuals may be solicited by a pop-up window from ipetitions.com. Individuals are not expected to make any donations.

## Signatures

Comments:

---

3. Name: Lisa on Jan 14, 2013  
Sunnyvale Resident?: Yes  
Comments: My kids took swim lessons there when they were young and I started off as a lap swimmer. I grew to know the staff and was invited by the manager, at the time, to be hired as a part time lifeguard since retiring from my full time career as a Corporate Banker. I now teach an adult water fitness program at the pool employed by CSC. As a parent of a program participant and patron of the pool, and now employee of one of their programs, I can say from all perspectives that the pool is ran very well and would like to see it continue,

Comments: I've been a customer and an employee at CSC and can tell you that you will NEVER have any other company that is as ethical and as interested in physical fitness for children (and adults) as CSC. A moral, ethical, caring company owned by a family of the same qualities. They've always shown the ultimate concern for safety and regard for the student. I just know that if you change companies, you will be disappointed in your decision and will want CSC to return.

44. Name: Soumik Ghosh on Jan 18, 2013  
Sunnyvale Resident?: No  
Comments: I have taken some swim lessons and used to do laps on my own. The CSC staffs are nice and cordial. If I ever get another chance to live in Sunnyvale I would like to practice lap swims here.

---

45. Name: Anonymous on Jan 18, 2013  
Sunnyvale Resident?: No  
Comments: I swim at the pool 5-10 per month, driving up from San Jose. The staff is helpful, friendly and knowledgeable; the facility is in great shape and well used but not over crowded, and the costs are reasonable. In short it's been very well run and I've been swimming there since it opened.

---

46. Name: A. Bronwyn Llewellyn on Jan 18, 2013  
Sunnyvale Resident?: yes  
Comments: I LOVE the CSC complex, the pool, staff--everyone is great and they do a great job!

---

47. Name: Anonymous on Jan 18, 2013  
Sunnyvale Resident?: No  
Comments: Being a longtime Masters Swimmers and having swum in many local pools (there in Fremont High for the past 4 years, twice a day sometimes)  
I can tell you that this is by far the best pool and program: staff is always on time, very professional and courteous, they keep facility very clean. If there is an issue they address it immediately.

Again, both myself and my family very much enjoy this pool and its staff, and would love to keep things the same.

Sincerely,

Bob I.

53. Name: Deborah Ellis on Jan 18, 2013  
Sunnyvale Resident?: No  
Comments: I really like the swim program and the facility. It is very professionally run and the employees are very helpful and friendly. They are very good at communicating things like pool closures and schedules. The facility, especially the pool is first class. Everything is kept clean and in good working order. I really appreciate having this facility to swim at. I've swum at many local pools over the past 30 years and this facility is one of my favorites.

Sunnyvale Resident?: no  
Comments: CSC has done a great job focusing on the needs and wants of Sunnyvale residents and full support to the City of Sunnyvale. There is one particular group who is showing interest in the pool and I believe there interest has nothing to do with what is best for the City of Sunnyvale nor its residents. SCSC is this group and there only purpose of operating this facility is self-serving.
- I believe that CSC has earned there place in continuing there efforts in providing the City of Sunnyvale and the residents of Sunnyvale with quality programs and services.

Comments: I have been very pleased with CSC's service for the past 6 years that I have been swimming at the pool at Fremont High School. I have considered them to be friendly and helpful. The lifeguards have been attentive and maintained a safe environment every time that I have used the pool. I can recall no exceptions.

Comments: Been morning lap swimming here for several years. CSC staff are great; friendly, helpful, informative. Periodically they offer special free swim improvement clinics. Couldn't ask for more.

One improvement for the pool would be better pool temperature regulation. However, I believe this issue is the responsibility of the school district and not CSC. Sometimes the pool temperature for the 6am swim it is on the very cold side. (Reporting an "average" pool temperature doesn't suffice. Reporting the 6am actual temperature would be very enlightening as well as showing the median for different time of day.)

Proposal No. F0610-34

Attachment 2b

Onsite Petition

Attachment 2b contains the results of an onsite petition for support of California Sports Center's operation of the Sunnyvale Swim Complex.

Through a petition posted onsite at the Sunnyvale Swim Complex, California Sports Center gathered 69 signatures of support.

**I SUPPORT CALIFORNIA SPORTS CENTER – A petition for City of Sunnyvale RFP 0610-34.**

California Sports Center (CSC) has operated the Sunnyvale Swim Complex at Fremont High school since the opening of the facility in July of 2002. Since then, CSC has grown to offer 171,000 annual participation hours in a variety of aquatics programs. In addition, CSC has worked closely with the Fremont Union High School District as well as outside rental groups such as Sunnyvale Swim Club.

The current agreement between the City of Sunnyvale and California Sports Center will expire on August 31, 2013. The City of Sunnyvale has released a request for proposals for future operations of the pool.

By signing this petition, I have been satisfied with California Sports Center as the contracted operator of the pool and am in support of the City contracting with California Sports Center for future operations.

Since then, CSC has grown to offer 171,000 annual participation hours in a variety of aquatics programs. In addition, CSC has worked closely with the Fremont Union High School District as well as outside rental groups such as Sunnyvale Swim Club.

The current agreement between the City of Sunnyvale and California Sports Center will expire on August 31, 2013. The City of Sunnyvale has released a request for proposals for future operations of the pool.

By signing this petition, I have been satisfied with California Sports Center as the contracted operator of the pool and am in support of the City contracting with California Sports Center for future operations.

# Dave Peterson

---

## Objective

Introduce all children in Santa Clara County to youth sports and assist the community to improve itself through support to public benefit corporations that directly impact children – especially as it relates to improved health. Develop ownership in properties to guarantee long term program participation in various communities. Engage adults to understand and act on the need to improve physical education in public schools and further enhance opportunities for fitness and wellness in organized learning by youth to be healthier adults.

## Experience

1987 - present                      California Sports Center                      San Jose CA

### **Owner/Director**

- Founded 1987, Incorporated 1991. Private youth sports training.
- 8 locations – San Jose, Santa Clara, Sunnyvale; Morgan Hill
- 150+ employees
- Gross sales over \$5M in 2012
- Programs instructing over 3900 children weekly in gymnastics, dance, and swimming. Various programs offered for adults too.

## Community Service

### **Member, Rotary Club of San Jose**

- Member since March, 1992
- Chairman, Enterprise Leadership Conference, 2002
- Member of the Board of Directors for a three year term, 2003-2006.
- Interact Club Advisor – Santa Teresa High School

### **Citizen's Bond Oversight Committee**

- Currently Secretary, joined the committee in, 2010
- Oversee bond measures for Oak Grove School District (K-8)

## Professional Involvement

### **Professional Member, USA Gymnastics**

### **Member, Northern CA Boys Gymnastic Association**

### **Member, Northern CA Womens Gymnastics Association**

### **Instructor Specialist, San Jose State Univ., 1997-2001**

## Education

1979-83                      San Jose State University                      San Jose, CA

- B.S. Physical Education, 1983

## Interests

Time with my family, teaching gymnastics, golf, tending my roses, travel.

## Family

My beautiful bride Anne-Marie, three outstanding children – David Jr. (15), Mary (14), Zachary (12). (Note: ages as of January, 2013.)

## **Ricky D. Silva**

**4138 Abel Road**

**Palo Alto, CA 94306**

### **Summary of Qualifications**

- **Aquatics experience:** Developing aquatics programs for all levels of swimmers. Developing and overseeing a comprehensive budget. Coordinating swim lesson programs and pre-competitive programs. Coaching all levels of swimmers from learn to swim to national level. Pool maintenance experience. Hiring, training and supervising lifeguards, assistant coaches, swim instructors and office staff. Contract negotiation and on-site management of parent run organizations, USA Swimming groups and events, multi-sport clubs and organizations and other related groups and events.
- **Aquatics courses:** Lifeguard Training, CPR for the Professional Rescuer, AED, First Aid, Safety Training for Swim Coaches, Certified Pool Operator, American Swim Coaches Association Levels I, II and III as well as Master's Coaches School and 8 and under coaching school. Attended numerous aquatics conferences including ASCA World Conferences and Pacific Swimming Coaches conferences. Speaker at the 2008 ASCA world conference in Las Vegas.

### **Accomplishments within Pacific and USA Swimming**

- Previously a member of the Board of Directors for Pacific Swimming (Age Group chair and Zone 1 N Chair)
- Pacific Swimming Age Group coach of the year in 2012.
- Zone 1 North Volunteer of the year in 2011.
- Attended a select coaches summit at the Olympic Training Center in 2012.
- Head Coach of the Pacific Swimming 2004 Western Zone All Star Team (Redding)
- Head Coach of the Pacific Swimming Diversity camp in 2012.
- Head Coach of the Pacific Swimming 11-12 select camp in 2006, 2002 and 2001
- Coach for the USA swimming Western Zone select camp (University of Utah 2006)

### **Professional Experience**

**May 2002-present**

#### **California Sports Center**

*Aquatics Manager/Head Masters Coach*

Develop and oversee a comprehensive aquatics program at a joint use facility (Fremont High School and the City of Sunnyvale.) Since its inception in 2002, the program has grown to over 170,000 annual participation hours, including programs such as lap and open swim, swim lessons, masters swimming, water polo, lap swim, recreational swim, pre-competitive program, triathlon programs and rental groups (several swim schools and USA swim team.) Manage a staff of over 34 part time employees and 2 full time employees, including coaches, instructors, guards and office staff. Directly oversee the CSC Masters swim program.

**2001-present**

#### **Palo Alto Stanford Aquatics, Palo Alto California**

*Head Age Group Coach-Rinconada site*

Coordinate and develop two groups of swimmers ages 12-14. Oversee the age group program, which includes over 280 swimmers ages 14 and under and three assistant coaches. Since joining the Palo Alto Swim Club in 2001 (now Palo Alto Stanford Aquatics) the team has grown to over 1,200 swimmers. One of several coaches who founded PASA, a USA gold medal club which is currently the ranked 6<sup>th</sup> in the country and 1<sup>st</sup> in Pacific by USA swimming.

- Developed swimmers at our site (since 2001) who have achieved Junior National, Senior National and Olympic Trials time standards. Swimmers have gone on to become NCAA swimmers, NCAA team and individual champions, USA Junior National team, USA National team and USA world champs.
- Developed additional groups at the PASC site which have increased the site numbers from 180 to over 280.
- Swimmers have achieved over 100 Top 16 times in the country

**1995-2001**

**SOLO Swim Club, Menlo Park, CA**

*Head Age Group Coach –1995-2001*

*Head Coach – 1999-2000*

Hired in 1995 as the 8-and-under coach. Promoted to the Head Age Group coach position in 1996 and to the Head Coach position in 1999. Built the team in 1999-2000 to over 180 swimmers (less than 65 swimmers in 1999.) Created and maintained a partnership with the City of Menlo Park to operate the Menlo Park summer recreational team and to offer a year round swim team to Menlo Park residents. Created a swim league consisting of three local swim programs in the area.

**1994-1997, 2000-2001**

**City of Menlo Park**

*Head Coach/Aquatics Coordinator-2001*

*Seasonal employee-guard/instructor/coach (1994-2000)*

Managed the aquatics programs at two facilities. Created and managed the aquatics budget and a staff of over 36 part-time employees and one full-time employee. The program included a lesson program, lap swim and recreational swim program, school lesson program, a spring and summer recreational program, special events and rental groups (a USA swim team.) Coordinated extensive staff training for coaches, instructors, customer service representatives and coaches

**02/1999-06/2000**

**ImproveNet, Inc.**

**(Project Manager)**

**09/1995-06/1997**

**American Red Cross**

**(Community Resource Coordinator)**

**09/1994-06/1995**

**Gemini Aquatics**

**(Pre-Senior Coach)**

**09/1992-06/1994**

**Anaheim Aquatics Association**

**(Head Age Group Coach-Canyons Site)**

**Education**

**1995**

**California State University, Fullerton, CA**

B.A. in Communications-emphasis in Public Relations

### **Objective**

To provide and maintain a safe and healthy swim atmosphere amongst patrons and staff, through quality leadership.

### **Summary of Achievements**

- Oversaw the Open Swim program at the Sunnyvale Pool with no rescues during the Summer of 2012.
- Took over management at the Fair Swim Center in 2011, and reduced staff costs while increasing revenue.
- Health and Safety award winner for 2012
- Took over as Assistant Manager in the Fall of 2012 and helped increase revenue in all programs.
- Certified Aquatics Facility Operator since 2010
- Multiple Lifeguard of the Week award winner from 2001-2009
- Continue to oversee maintenance, water polo, open swim, and all lifeguard functions for the Sunnyvale Pool.

### **Certifications**

- CPR/AED through the Red Cross of America since 2001
- Lifeguard training/First Aid through the Red Cross of America since 2003
- Aquatics Facility Operator through the National Recreation and Park Association since 2010

### **Experience**

California Sports Center, Sunnyvale, CA

#### **Assistant Manager, 2012 – Present**

Manage the 15 afternoon staff members. Directly oversee the Youth Water Polo and Adult Water Polo programs, as well as pool maintenance, the Open Swim program, and all Lifeguard functions.

California Sports Center, San Jose, CA

#### **Manager, 2011**

Took over leadership at the Fair Swim Center mid-summer. Directly oversaw all programs at the pool, as well as chemical and pool maintenance at the Fair Swim Center and Ryland Pool.

California Sports Center, San Jose, CA

**Head Lifeguard, 2010**

Oversaw and helped to schedule all Lifeguard shifts for the Fair Swim Center, as well as provide quality swim lessons.

City of San Jose Citywide Aquatics, Department of Recreation, San Jose, CA

**Lifeguard/Swim Instructor, 2001 – 2009**

Provided excellence in lifeguarding and swim instruction for multiple sites over an eight-year period.

Attachment 5

Emergency Action Plan

Attachment 5 contains a copy of CSC's Emergency Action Plan.

## WHISTLE DESCRIPTIONS

3 SHORT-activates EAP

1 SHORT–attention getting

1 LONG–signifies end of a program

## Sunnyvale Swim Complex EAP

1. Lifeguard recognizes someone in need of immediate help (or alerted by a patron)
2. Lifeguard **activates EAP** by blowing whistle three times – 3whistles (evacuate pool)  
(2 staff coverage-1 person tends to the victim. They retrieve the First Aid Kit and AED, 1 person is responsible for all other issues)  
Control by-standers, deal with parent/guardian, assisting guard-multiple victims,  
Clear the rest of the facility.  
Staff in office at the time of whistle calls EMS personnel if necessary. ALWAYS use cordless phone where possible, so you can remain on line to dispatch and move around if necessary.
3. Staff member **brings out the First Aid Kit** in the lifeguard viewing office and the **AED**.
4. Lifeguard follows **General Rescue Procedure** for water or land.  
Water – survey scene and safely enter water  
-determine if victim is distressed, passive, active  
-perform appropriate rescue  
-move victim to safety  
-remove from water using backboard if unable to leave on their own  
-perform primary survey (CABC)  
-provide emergency care  
-call 911 if no breathing, no pulse, anything determined that threatens the victims life  
(i.e. severe bleeding, spinal, burns, sudden illness, diabetic shock, cardiac arrest, heat, unconscious)  
-after 911 call, large gate must be opened with F1 key, and CSC staff or volunteer remain in parking lot to flag down and direct EMS  
-perform secondary survey  
  
Land Emergencies – survey the scene and approach victim  
-provide care as necessary
5. Lifeguard **notify manager** – manager or acting manager on duty
6. Manager to notify Dave Peterson if injury is serious or fatal 408 210-3561
7. Manager, or staff designated by manager, or head lifeguard of shift will interview witnesses  
**\*Remember, FACTS only.\***  
**-this is done privately in one of the offices**
8. Lifeguard who made rescue **fills out accident/incident report** – anyone else involved must also fill out an accident/incident report form
9. All **equipment** used in rescue must be **checked out** and made ready for next use. All **supplies** must be **replenished**, and secondary backboard made available before re-opening
10. **Corrective action** taken for any situation that may have contributed to the incident before facility re-opens.
11. Follow up with **staff discussion** - TBD by incident (involved personnel and memo to all staff)

Attachment 6

2013 Fee Schedule

Attachment 6 contains a copy of CSC's 2013 Fee Schedule for programs offered at the Sunnyvale Swim Complex.

Physical Address is: Sunnyvale Swim Complex; Fremont High School  
1283 Sunnyvale-Saratoga Rd., Sunnyvale, 94087  
Phone: 408-732-2257; FAX: 408-732-7058

Corporate Office: 838 Malone Rd, San Jose, CA, 95125; phone 408-269-2777

## 2013 Fee Schedule

### Sunnyvale Swim Complex at Fremont High School

*\*Residents will be required to show proof of residency with each new purchase for resident rates*

#### Adult Programs

Lap swim lanes required within the agreement between the CSC and City of Sunnyvale will be maintained during the lap swim times.

<u>Drop in</u>	<u>Resident Rates per person</u>	<u>Non-Resident Rates</u>
Lap Swim	\$6.00 per swim	\$8.00 per swim
Water Exercise Classes	\$10.00 per swim	\$11.00 per swim
Masters Swim Program	\$10.00 per swim	\$11.00 per swim
Adult Water Polo	\$16.00 per swim	\$18.00 per swim

#### Punch Passes

Lap Swim 12 Pass	\$52.00	\$62.00
Senior Rate (55+yrs)	\$35.00	\$45.00
Fitness Swim 12 Pass*	\$64.00	\$74.00
Senior Fitness Pass	\$45.00	\$55.00

\*Includes: (Water Exercise Classes; Masters, Podium)

\*\*Senior passes can be used for am, noon and weekend lap swims.

#### Session/Monthly Passes

Lap Swim	\$50.00	\$60.00
CSC Masters Swimmers*	\$57.00 monthly	\$67.00
6 Month Pass	\$275.00	\$330.00
*Swimmers must be registered with Pacific Masters.		
Adult Monthly Water Fitness	\$57.00	\$67.00
Adult Water Polo	\$154.00 based on 8 weeks	\$154.00 based on 8 weeks

CSC Masters can pay monthly dues or auto-debit. Registration will determine the need and desire for coached workout time and additional lanes for training. Lap swimmers can pay auto-debit to save time at check-in.

### **Adult Coached Programs-specific**

Intro to Masters	\$75.00	\$85.00
Podium Program	\$64.00 (fitness pass)	\$74.00 (fitness pass)
Adult Technique Clinics	\$TBD per session	\$TBD per session

### **Recreational Swim**

<b><u>Summer Open Swim</u></b>	<b><u>Resident Rates per person</u></b>	<b><u>Non Resident Rates per person</u></b>
Individual Drop in	\$3.00	\$4.00
Punch Pass (10 swims)	\$25.00	\$35.00 (before June 1)
Group Open Swim Rate	\$3/\$2.50	negotiable

\*Group open swim rates are \$3 for groups of 29 or less. \$2.50 for groups of 30 or more (with advanced notice)

\*\*Family swim days/times will be offered mid-August and September on Sundays.

### **Lessons**

CSC will continue to offer lessons to the public throughout the year. Group and semi-private lessons will be offered seven days a week. Lessons will include a focus on aspects of important aquatic safety components and be enhanced by CSC's personalized approach to improved swim strokes for competitive development.

Lessons will be defined within two seasons – the school year (September-May- fees accommodate four week monthly sessions) and the summer (June-August- fees accommodate two weeks sessions).

	<b><u>Resident Rates per person</u></b>
<b>September-May</b>	<i>(per month – 4 weeks in a month)</i>
Group Lessons	\$60.00 per month (4 lessons)
Semi-Private Lessons	\$68.00 per month (4 lessons)

Saturdays are as listed above throughout the year.

	<b><u>M/W/F (6 lessons)</u></b>	<b><u>Tu/Th (4 lessons)</u></b>	<b><u>M-F (10 lessons)</u></b>
<b>June-August (two week sessions)</b>			
Semi-private (Level 1-3)	\$90.00	\$68.00	\$140.00
Group Lessons (Level 4-6)	\$84.00	\$60.00	\$130.00

*\*All rates listed for lessons are resident rates. Non-residents will pay \$10 more per signup.*

<b>ParentTot Class</b>	\$34/\$44
------------------------	-----------

### **Youth Programs**

Youth water polo	\$154.00 based on 8 weeks per session (non-residents +\$10)
Rec Diving Classes	\$60 for residents      \$70 for non residents
Pre-Competitive (monthly)	\$85.00 depending on level (non-residents +\$10)
Team Diving	TBD

### **Other**

CSC will continue to offer opportunities for private lessons and group use when it can be scheduled in or around all regular activities. This includes one time and regular uses.

	<b><u>Resident Rates per person</u></b>	<b><u>Non Resident Rates per person</u></b>
One time exclusive use.	\$1500.00/day - water only.	\$1750.00/day - water only.
Monthly Group Use Fees	\$11-15/hour/lane for short course (negotiable)	
Summer Camps	\$335	\$360
Lifeguard Training	\$270	
Private Lessons	Prices TBD

Mission, Vision, and Values

Attachment 8 contains a copy of CSC's Mission, Vision, and Values from the CSC Staff Handbook.

# Staff Handbook

**California Sports Center Mission:** “Providing the opportunity to become the best you can be – SINCE 1987”

**California Sports Center Vision:** “We provide building blocks for success where champions train and everyone is welcome.”

**California Sports Center’s 8 Core Values:**

- We believe that everyone should be given the opportunity to participate in physical activities
- We believe that success = growing to reach your potential (therefore)
- We believe in our talented employees and their continued growth and education
- We value each customer as if they were our only customer
- We value a safe and healthy environment for all
- We value FUN!
- We value healthy competition
- We believe that profit allows us to reinvest in our services, our employees, and our community.

**California Sports Center’s TOP FOUR PRIORITIES:**

1. To TEACH
2. To Provide OUTSTANDING Customer Service
3. To maintain a SAFE, HEALTHY, AND CLEAN environment for all
4. To have FUN.

# Attachment E

Vice Chair Pochowski opened public hearing

Holly Lofgren spoke about the need for a branch library, and expressed that it will be wonderful. She also holds hope that the Lakewood Pool may reopen in the future.

Jeanine Stanek, a long time Sunnyvale resident, has volunteered at Lakewood School and agreed it takes a long time to drive there. A branch library will provide a place for teens to do projects, since they lack proximity to the current library in Sunnyvale.

Vice Chair Pochowski closed the public hearing.

**Commissioner Harms motioned, and Commissioner Alexander seconded to approve Alternative 1. Pursue designs for a branch library at Lakewood Park. Motion carries (4-0)**

Commissioners expressed their support for the branch library. Commissioner Harms agreed that Lakewood is too far away from the current library for teens, and there is no longer a book mobile service. It will increase Sunnyvale's value and may diminish gang activity. Commissioner Pasqua and Pochowski expressed interest in the recreation facilities of tennis courts and the pool, which will not be impacted by the proposal.

#### **4. Discussion and Possible Action Regarding Proposals for the Operation of Public Swim Programs at Fremont High School Pool**

Director Rosenblum reviewed the Draft Report to Council. There were no questions from the Commissioners.

Vice Chair Pochowski opened the public hearing.

Dave Peterson, Director of California Sports Center (CSC), requested the Commission support Alternative 1, with a change to reduce commercial insurance liability to \$2 million per occurrence and \$4 million aggregate. The current contract requirement is \$1 mil / \$2 mil aggregate. A new contract with the City would require \$5 mil / \$10 mil aggregate, which he indicated he could afford, however his broker requires double indemnity from his users. Although CSC subcontracts with his operators for aquatic programs, he indicated that the higher coverage may not be affordable to some. Mr. Peterson answered commissioners' questions explaining that San Jose is currently \$2 mil / \$4 mil aggregate. He doesn't believe the specialized pool activities would be eliminated, but they would be challenged to continue. Those clubs with events held annually would be required by CSC to match the City's insurance requirement or CSC would have to pay more to their insurance broker to gain full coverage.

Margaret Copley, President of Sunnyvale Swim Club spoke. Currently the Club has insurance through USA Swimming and her investigation on coverage indicates it is possible to obtain the \$5 mil / \$10 mil aggregate level. If Sunnyvale Swim could not secure insurance through USA Swimming, then the cost might be prohibitive. The Club uses the pool year round and serves hundreds of families with children ages 4-18, while also hosting weekend events. She feels they should be OK with the insurance, which includes their weekend events. She would like see the Commission support Alternative 1. She also runs swimming programs at Sunnyvale Middle School and agrees that the City does not currently have the staff expertise to run a full scale

year round, multi-faceted aquatics program and therefore would require a steep learning curve by the City.

Holly Lofgren provided a letter of support for CSC. She thanked the City for supporting aquatics. During the last 11 years CSC has exceeded expectations for running the pool, and has met all program expectations and some. They have wholesome, friendly, efficient staff members and provide lively programs. Holly has three suggestions regarding typographical errors, which she provided to staff. She thanked Lisa Rosenblum and staff for collaborating to create an effective RFP. She has concerns about the insurance and suggests Commissioners recommend Alternative 1 with a recommendation to Council to inquire about the impact to small groups being required to get the particular insurance policy.

Vice Chair Pochowski closed the public hearing.

Commissioner Harms inquired about the insurance requirements by the City. Director Rosenblum responded, explaining that the City Attorney and Risk Manager extensively researched the insurance and strongly recommended the \$5 mil / \$10 mil aggregate coverage. She indicated that it is not over-coverage for a pool of this size with the level of existing activity.

Commissioner Pochowski stated he supports the Alternative 1 with the recommendations that Council consider the liability insurance issue. He wants to assure program operators can afford to participate at the pool. He requested staff provide data on the fiscal impact to swim clubs. Nancy Grove, Community Services Manager, explained that the contract requires CSC to obtain the coverage, but does not stipulate the requirement for individual programs. If CSC passes the insurance requirement onto the programs then they would need to collect that information.

Commissioner Alexander inquired about the fiscal impact on the swim club fees. Margaret Copley doesn't have the amounts. She agreed to research and bring data to the Council meeting on May 21, 2013.

**Commissioner Pasqua motioned, and Commissioner Harms seconded to approve Alternative 1; Approve, in substantially the same form as attached, the proposed agreement between California Sports Center and the City of Sunnyvale for the Operation of Public Swim Programs at Fremont High School Pool. Commission requests that Staff contact Sunnyvale Swim Club to request comparative data for City Council regarding the impact of liability insurance requirements. Motion carries (4-0)**

## **5. Discussion and Possible Action of Draft Park Dedication Fund**

Superintendent Morton reviewed the draft plans for park dedication funds, which will be presented to City Council.

Vice Chair Pochowski opened the public hearing.

Jim Reynolds, of the Sunnyvale Historical Society, identified the item "Orchard Heritage Park" scheduled for 2015/16 on the park dedication fund schedule. The plan is to remove a maintenance shed and dumpster which obstruct the entrance to the museum. He urged to have this item moved forward 1-2 years. The remodel will install 2 iron gates, gardens and gazebos, which will enhance the space. The museum reflects life in the 1800's, hosts 8 Victorian teas
