# Did You Know?

The City of Sunnyvale Department of Library and Community Services has an online registration system, providing users 24-hour access to class information, registration, tickets to live performances, and picnic site availability? If you would like to receive these benefits, here are the easy steps to get you and your family registered:

## STEP 1

Please present an ID with your name and Sunnyvale address from the list below:

- California Driver's License\*
- California Identification card\*
- Utility bill\*

If you do not have any of the above IDs, please contact us about other acceptable ways to confirm your residency status. Sunnyvale residents receive discounts to programs and classes.

\* *Additional ID showing your name and current address (payroll stub, rental agreement, voter registration card, etc.) may be required in some instances.*

## STEP 2

Download and complete a Customer Account Information Form from: [RecreationClasses.inSunnyvale.com](http://RecreationClasses.inSunnyvale.com) Click on the "Register for Classes and Activities" link and follow the instructions on How to Register.

We will need one form for each adult over 18. Photocopies are just fine.

## STEP 3

**Send us your completed form(s) by:**

**Drop off:** Recreation Center Building in the Community Center  
550 East Remington Drive  
Sunnyvale, CA 94087

**Mail:** Sunnyvale Parks and Recreation Department  
550 East Remington Drive  
P.O. Box 3707  
Sunnyvale, CA 94088-3707  
**Fax:** (408) 730-7754

## STEP 4

You will be issued a household ID number and password which will enable you to register online.

Thank You! Please let us know if you have any questions or comments by calling (408) 730-7350 or e-mail us at [recreation@sunnyvale.ca.gov](mailto:recreation@sunnyvale.ca.gov)

## Coming Soon...

Registering goes mobile! Soon, you will have the ability to register for classes and activities from your Smartphone. You will need a Household ID in order to use this feature, so register today!

### Awesome Engineering (7-12years)

Are you ready to have an AWESOME time? Our Engineering and Construction program will teach you fundamental engineering and construction concepts using Erector educational toys. You will build things you encounter everyday; including bridges, cars, skyscrapers and more! Some of the concepts covered include: Torque vs. Speed, Belt and Pulley Systems, Gravity, Friction and Truss Systems. In class, you are provided with everything you need to build each project which includes a tool belt, tools and project pieces. This hands-on class will allow you to work together or solve problems while building projects. It's sure to be AWESOME! Bring a bag lunch each day.

**Instructor:** Awesomengineering Staff

**Location:** Raynor Park Building

### Aviation and Structural Design

Learn how to build aircrafts and structures you see everyday; including airplanes, helicopters, chairlifts, skyscrapers, bridges, houses and more! Some of the concepts covered include; truss systems, suspension systems, gear systems, structural significance, failure analysis, gravity and friction.

## Sciensational Camps (6-12years)

With fabulous hand-on activities and take home projects, Sciensational offers children an amazing summer full of exploration and fun they will never forget! Full-day and full-day extended care participants should bring a bag lunch daily. PLEASE NOTE: Lunch supervision (12-1pm) is ONLY provided for FULL-DAY or FULL-DAY EXTENDED CARE participants. Half-day participants are expected to be picked up promptly at 12 noon, or dropped off no earlier than 1pm.

**Instructor:** Sciensational Staff

**Location:** Braly Park Building

### Make It and Take it Home - AM (6-11years)

In this hands-on, fun, and exciting program, you will discover how amazing science is. You will make and take home a wide assortment of toys designed to teach you science concepts in a hands-on way. Grow and take home a crystal tree. Make an energy bead bracelet and watch as those amazing beads turn from white to a rainbow of colors before your eyes. Build a working electric motor. Make your own sharpie pen T-shirt and learn some cool chemistry (student supplies a 100% cotton T-shirt). Make your own bubbling blobs and explore the properties of a density tube. Make silly putty—glowing goo—green flubber and other cool projects. By the way...we will make ice cream in our own amazing, different, Sciensational way!

### Chemical Magic/Magical Microscopes/Rocks & Minerals - PM (6-11years)

Learn to make batteries from fruits or potatoes. Make a fantastic crystal tree. Work with invisible ink. See the happy and sad balls. Work with our powerful magnets. Look at our prepared slides using our microscopes. Learn about the different types of rocks and minerals from our interesting rock and mineral collection. Be a chemical detective. Make glob from glue. Use paper chromatography to separate colors. Make dirty pennies turn clean and clean pennies turn green. Everything will be explained to you so you can go home having learned some interesting science. Hands-on science is the best way to learn.

### Lasers/Galaxies and Then Some - AM (6-11years)

Children explore science as a fun and exciting process of investigation. Each day we conduct experiments, discover the amazing, and test our own ideas. You will learn about LASERS. Dancing, swirling, pulsating laser light will be part of our Laser Light Show. Work with our light blitzer as a laser light flashes to music. We will conduct experiments with our LASER POINTER plus lenses and mirrors as we have fun and learn. Build and take home your own kaleidoscope, spectroscope, periscope and constellation watcher. Watch the constellations in our room and learn about all the planets as you take our 3-D Adventure into outer space! This workshop will be a De-Light-ful hands-on experience.

**Electronic Lab - PM (6-11years)**

30 different projects and experiments are built with your own electronic kit to keep in this hands-on workshop. The Science Electronics Lab will stimulate kids' minds by using easy to understand experiments to increase their knowledge of electronics. Science project ideas will come alive as they build the 30 projects while working with Electronic Circuits. The electronics kit is reusable. Have fun designing your own projects once you've built all 30. Kids can proceed at their own pace. Each participant will keep: an 80 page manual, 1 solderless circuit board, 12 resistors, 2 capacitors, 2 light-emitting diodes, 2 transistors, 1 battery snap, 1 diode, 1 speaker, 1 timer, 1 photocell, 1 rectifier, 1 potentiometer, and 1 switch. Learn the ins and outs of how they work. Kids will be grouped by age.

**Egyptian Dig - AM (6-11years)**

Discover the amazing science of Archaeology as you uncover ancient artifacts. In doing this, we will learn about Egyptian life. We will excavate with tools like a real archaeologist uses. We will find the following artifacts as we excavate a scarab (what's that?), hieroglyphic tablet, ankh symbol and a jackal. You will learn about this and even take home a booklet. The artifacts are yours to keep. We will wet the sand that we dig into and create one of two sand sculptures for display. You can make a pyramid as well as a sphinx. Let's go back in time with a hands-on archaeological experience!

**Prospectors Mystery Rock Workshop - PM (6-11years)**

You are going to be a Prospector (you know those people who were always looking for gold). In this workshop you will get to excavate for valuable gems, fascinating rocks, and some ancient fossils. All are yours to keep. What hidden wonders will you find? The identities of the 10 specimens found in your Mystery Rock have been kept a secret from you. You will experience the thrill of discovery, much as prospectors did. You will be able to identify each one. Your specimens are in a hard clay material the same as prospectors found. You will have to get them out without breaking or scratching them. That's not that easy. You will get an excavation tool, specimen brush, log book, sorting trays and labels. You will, as a Prospector, record the color, both wet and dry texture, and its ability to float for each of the 10 specimens you dig out. Make an educated guess with our help to whether each one is a rock, gem, or fossil. See how good you are. You will learn from us the exact name and classification. We give you hands-on science...Prospectors style - fun - educational - exciting!

**Robotic Arm Science - AM (8-12years)**

Learn the science of robotics as you have fun building, commanding and taking home your own 5 motor arm! With your Robotic Arm you can command your gripper to open and close, move your robotic wrist, elbow, base and command vertical and horizontal reaching moves. Your robot will be equipped with 100 grams of lifting capacity. Additional features include a search light on the gripper for night operation. With your Robotic Arm you will have total command and visual manipulation using the five switch wired controller. Plus, have fun building a wide range of additional robotic designs with the robotic building system. Participate in our robot Olympic style challenges, robot battles and more!

**Roller Coasters & Amusement Park Rides - PM (8-12years)**

Learn simple engineering ideas, but come here for action and fun. Build a working Roller Coaster, as part of a group, and watch as our coaster cars go up and down steep inclines, as well as through many thrilling loops. Our Roller Coaster will be 3 ft. long and 3 ft. high. See if you can change things to make the ride more exciting. Students will learn first hand the mechanism of a Roller Coaster. Design and help build other amusement park rides, such as a Ferris Wheel, Octopus Whirl, Swing Ride or other types of rides. We'll have our own great adventure working... learning...and having fun!

**Model Airplanes/Bridge Building/Electronic Gadgets - AM (7-12years)**

Build your own rubber-powered model airplane. Use your model as a learning tool in aerospace education, or just have fun building a sound airplane that actually flies when assembled. Have fun designing and building model bridges. Join us in our bridge building contest to see which one can hold the most weight. Learn simple engineering skills. Build 6 electronic projects. Some of them include a patrol car siren, burglar alarm and morse code transmitter. You will learn how the different electronic components work. Bring a little imagination and get ready to "Fly with Scienstational Workshops."

**Engino Building/Engineer-Architect/Creativity Workshop - PM (7-12years)**

Activites Include: Work with an advanced and three dimensional construction kit that is yours to keep and take home. Be able to build and design your own creations. You will also get your own 3-volt geared motor. Power up a moveable Radar Surveyor and see how many other ways you can make your motor work for you. Work with the rods and connectors that allow you to join six sides at once. You can build simple or complex models. Build a vehicle, chopper, robot, buildings and much more. Join us to build from directions and from your own imagination and design. Hands on is the only way!

### Follow Me Robot - AM (7-12years)

How would you like to build a robot that has four built-in microphones? It will detect the sound source and in turn it will move and turn accordingly. It is your own robot to build and take home. Wow! It starts flashing and plays Do-Re-Me. Make it move the way you want it to move. It is so smart. It will move in its own routine if it does not get a signal in 1 minute. It will go to sleep if you do not issue any commands in 90 seconds. However, you can wake it up. Learn about the different gears and sensors as you build it. Get to build other robots working in groups. Join in our Sumo wrestling and obstacle course events with what you have built.

### Advanced Robotics: The Ultimate Experience - PM (7-12years)

In this workshop you'll put your imagination and skills to the challenge. Working in small groups, you'll build different robotic creatures and vehicles. They will be tested for speed, strength and endurance. Tires, motors, gears, wires and controllers are used to move these robots across the floor. After making trial runs, you can modify your designs to increase your robot's level of speed and/or strength, to meet the testing challenge. Your robotic creations will be tested in Sumo battles, tugs-of-war and vehicle distance timings

### Star Fighter Engineering with LEGO® (5-7years)

Young Star Fighters will explore worlds far, far away and engineering principles right in front of them. Defeat the Empire by designing and refining X-Wings, R2-units, and settlements on far-flung edges of the galaxy. Imagination and engineering combine to create motorized and architectural projects such as energy catapults, shield generators and defense turrets. A new offering of original designs for young Jedi ages 5-6 from Play-Well TEKologies.

### Society Skateboarding Camps (5-17years)

Skateboarding camps are a great place to get skateboarding lessons, challenge yourself to become a better skateboarder, and learn new tricks. They are also great places to make new friends and build self confidence. Enjoy this awesome sport with a focus on skateboarding safety, fundamentals, technique, as well as balance and coordination. Each session will consist of skateboarding lessons, snack time, game time, and play time. Helmets are required and safety pads are strongly recommended. Parents must sign waiver form with registration. For afternoon extended care, see Summer Kids Club.

### Magic Wizards Camp (7-11years)

Make the doldrums disappear and find fun in their place at this Harry Potter-esque camp. Aspiring wizards will learn a variety of magic tricks, including mind-reading, optical illusions, basic sleight-of-hand and made or manufactured tricks. Students build confidence, creativity and fine motor skills through practice and performing. Participants receive a starter kit of magical items, including wand, wizard's hat, deck of cards, 102 E-Z Magic Tricks book and a selection of easy-to-perform tricks. Camp concludes with a magic show for parents on the final day. Non-refundable supply fee of \$20 is due to instructor at first class meeting.

### Sorcerers Camp (7-11years)

NEW CLASS

You asked for more magic, and presto! Our new Sorcerer's Camp features another full week of easy-to-do magic tricks, but all completely different from Magic Wizards Camp, so enthusiastic young magicians can take either or both camps. Discover how to make an object disappear and 'how to read a mind' through an encouraging, step-by-step method. Develop presentation skills so you can put on your own magic shows. Participants receive a box of magical items, including wand, wizard's hat and a selection of easy-to-perform tricks. Camp concludes with a magic show for parents on the final day. Non-refundable supply fee of \$20 is due to instructor at first class meeting.

## Visual Arts

### Digital Animation Camp (8-12years)

Today's animators use sophisticated computer programs to create cartoon worlds. But first they have to teach themselves and their computers how to give form to the worlds they envision. Learn digital animation skills that will help with computer drawing, character movement, frame layering, and dialogue matching. In small groups, students will focus more on learning these techniques and complete a short animated film. Bring a flash drive on the last day of camp to take home a copy of your project.

### Stop Motion Animation Camp (7-12years)

Bring your own characters to life with Freshi Films hands-on animation camp. Older kids experiment with paper cut-outs, action figures, legos® and more to learn different animation methods. Then participants work together in small groups to plan, storyboard and shoot their own stop-motion animated film. Younger kids learn to make a character move, using action figures and legos, and shoot a short, funny and action-packed film. Camps concludes with a special screening for parents and friends. Bring a flash drive on the last day of camp to take home your own copy of the movie.

# AT THE BEGINNING

Super Safari is a play-based recreation program designed to provide children their first experience in a structured environment. The Program runs September through early June and follows the Sunnyvale School District holiday schedule. Our goal is to encourage your child's imagination and creativity through a play-based learning environment. Our experienced staff will lead a variety of hands on activities such as art, language, storytelling, math readiness, circle time and music movement. Children must be toilet trained by 1st day of class. Please call (408) 730-7341, or visit us on the Web at [Preschool.inSunnyvale.com](http://Preschool.inSunnyvale.com), for more information.

## Gymnastics

We ask family & friends to remain outside the gym during class time to avoid distractions for our students, except for the following: 1) At least one parent is required to remain present near and possibly observe in any class where only one staff member is coaching, 2) the parents of new students may stay during the first class of each session, 3) when a coach allows or invites a parent to stay. All are invited to observe the last class of each session and non-participating siblings must be held at all times during observation. Thank you for your cooperation.

### Gym: ParentTots (1.5-3years)

A structured basic movement class for the young child, built around imaginative themes and gymnastics activities. A parent is required to participate in assisting the enrolled child, under the direction of the teacher. Only 1 participating child per parent. Siblings are not allowed in the gym during class time.

## Important information about our dance classes.

### HANDS ON THE ARTS PERFORMANCES

Participants in classes having a icon before the class # will perform onstage at **Hands on the Arts** on Saturday, May 18, 2013. For these class sections only, a \$35 non-refundable supply fee is due to instructor at first class meeting for costumes. Costumes will be ordered after the first class meeting, so parents will be asked to bring the child's measurements or measure their child at class. Late registration is not permitted for these sections. White tights are required for girls in ballet classes performing. Black jazz pants or leggings are required for girls in hip hop classes performing. Black pants are required for boys in all classes performing.

### GIRLS' ATTIRE

- Leotard and tights are required for any class that includes ballet or tap.
- T-shirt and shorts, jazz pants and leggings are acceptable for all other classes.

### BOYS' ATTIRE

- T-shirt and shorts or sweatpants are acceptable for all classes.

### SHOES

- For safety reasons, all students are required to wear shoes appropriate for each class. Students will not be allowed to participate without proper shoes.
- Ballet shoes with leather soles are required for any class that includes ballet. Ballet-style bedroom slippers are not acceptable.
- Tap shoes are required for any class that includes tap. However, tap shoes are not necessary until the second class meeting.
- Jazz shoes or tennis shoes are acceptable for hip hop and cheer dance classes.
- For Dancing Together, Tiny Tots Ballet and Preschool Hip Hop Boogie, students may also dance barefoot or in Robeez-type shoes with soft leather soles.
- For a list of South Bay stores which carry dance shoes, call the performing arts coordinator at (408) 730-7725.

### PARENT OBSERVATIONS

Parents are welcome to observe the final class meeting of each term. Unless specifically allowed in the class description, parents are not permitted in the studio during class. We encourage parents to wait in the Dance Studio Lobby, particularly if they are concerned that their child may experience separation anxiety.

### OTHER QUESTIONS

Please call the performing arts coordinator at (408) 730-7725.

## Ballet & Tap (3-7years)

Let your little performer try both ballet and tap steps with fun dance activities like tippy toe turns, alligator walks and magic garden dances. Students will learn basic ballet and tap steps and dance terminology. Class concludes with an in-class performance for family and friends. Ballet and tap shoes are required. No experience required for level 1. Level 2 is for students who have taken two or more level 1 classes.

## Performing Arts: Music & Dance

### Evening of Magic (7-11years)

Turn an ordinary evening into magic with the wave of a wand. Learn to perform simple "self-working" magic tricks with your child. Wertman the Wizard will also entertain the class with a few tricks of his own. Parent or caregiver participation is required. No unregistered siblings in the classroom. Non-refundable materials fee of \$5 due at workshop. One and two day classes are non-refundable and non-transferable.

**Instructor:** Larry Wertman

**Location:** Creative Arts Center Program Room

### Magic Wizards Spring Break Camp (7-11years)

Make the doldrums disappear and find fun in their place at this Harry Potter-esque camp. Aspiring wizards will learn a variety of magic tricks, including mind-reading, optical illusions, basic sleight-of-hand and made or manufactured tricks. Students build confidence, creativity and fine motor skills through practice and performing. Participants receive a starter kit of magical items, including wand, wizard's hat, deck of cards, 102 E-Z Magic Tricks book and a selection of easy-to-perform tricks. Camp concludes with a magic show for parents on the final day. Non-refundable supply fee of \$20 is due to instructor at first class meeting.

### Digital Animation (8-12years)

Today's animators use sophisticated computer programs to create cartoon worlds. But first they have to teach themselves and their computers how to give form to the worlds they envision. Learn skills that will help with computer drawing, character movement, frame layering, and dialogue matching. In small groups, students will focus more on learning these techniques and complete a short animated film. Bring a flash drive on the last day of the class to take home a copy of your project.

### Futsal Kingz Indoor Soccer (5-12years)

Futsal is a fun, fast-paced soccer game, played indoors within the lines of a basketball court (no walls), using a small, size 3, low-bounce ball. The game consists of two teams of four players and a goalkeeper with unlimited substitutions and quick restarts.

Futsal Kingz programs have age-specific curriculum, innovative class formats and qualified professional coaching staff. This enables all players to develop their skills and have a great experience, whether they're the next Beckham or trying Futsal for the first time!
