Welcome to Sunnyvale Splash ...
... the City of Sunnyvale's Aquatics Program. We offer activities for the whole family—youth and adult swim lessons, and recreational swim.

Questions & Answers

Q: Where do I register for swim lessons?

Registration will be held at the Community Center through June 13. Refunds and transfers during this time may be requested at the Community Center. Beginning June 17, all registration will be handled at the individual pool sites during swim lesson times. Please call the pool to find out registration times at each of the facilities. No class registration, transfers or refunds will be processed at the Community Center after June 13.

Q: What level do I register my child for?

Read the descriptions provided in the Skill Levels column at the right, and register your child for the class that sounds most like his or her level. If your child is an otter, seal or dolphin, you just need to register for Beginners. On the first day of the class we will test each child and split them up according to their level (otter, seals and dolphins). We do not test the more advanced swimmers. If you feel that your child is in the wrong class, please let the Pool Manager know so he or she can test your child for the proper level.

Q: What is the child to instructor ratio?

Tiny Tots Swim	4 to 1
Beginning (otters, seals and dolphins)	5 to 1
Level 3 and higher	6 to 1

Q: Why does the second week of each swim lesson session end on a Thursday?

Every other Friday will allow for an extended Recreation Swim day. Extended Recreation Swim will take place at Columbia and Sunnyvale from 1:30-4pm and at Washington from 1:30-5pm on 6/28, 7/12, 7/26 & 8/9. Swim participants will be given a voucher to allow them to enter recreation swim on the above dates at no cost.

Q: Does the pool close if it starts raining?

Generally, no. We will continue to hold swim lessons. We will close the facility if there is lightning.

Q: If my child misses a swim lesson because he is sick or she is out of town, can they have a make-up class?

Unfortunately, we are not able to offer make-up lessons within our class structure.

Q: How warm is the pool?

All facilities in Sunnyvale are outdoor pools. They are heated to approximately 80-82° F. Although the outside air temperature may make it seem cooler, the pool temperature is consistently maintained regardless of the weather.

Q: Can I request a specific instructor for my child's lesson?

We cannot accommodate specific requests for instructors. The instructors rotate between levels and times. The Pool Manager does not know who will be teaching the class until the first day of the class.

Q: What if I am not happy with the program?

Please let the Pool Manager know right away. The Manager will try to resolve whatever might be the problem. The City of Sunnyvale has a refund policy which is explained on the registration page at the back of this guide.

Q: Can my child wear a t-shirt in the pool?

For the safety of your child, and the maintenance of our pool, t-shirts and other street clothes are not allowed in the pool.

Q: What if I registered my child for the wrong level?

We will try to find an open class in the right level for your child. However, this may require that you switch times or pools. We will work with you to try and find the best solution for you and your child.

Q: Why does my child have to listen to safety skills each session?

Water safety instruction is an important facet of our Learn-to-Swim program. Our program is based on the Red Cross Learn-to-Swim program which requires instruction in water safety for each level of class. Although some students will hear the same information each time they take the same level class, we strongly believe that you can never have too much safety information.

Q: What if my child passes Level 3 and I have registered him or her for the whole summer in that level?

Please let the Pool Manager know before you leave the pool that day. The Manager will work with you to find a class to transfer your child into. However, transfers are not automatic. You must initiate it with the Pool Manager. In the event that we cannot find a suitable class for your child, he or she can either take the class that she is registered for again, or you may request a refund.

Q: Are lockers and showers available?

Yes, there are locker room facilities at each pool. Patrons must supply their own locks and towels. Showers are available for your use.

Q: Are there any health restrictions?

Persons suffering from infections or contagious disease and illnesses are not permitted in the pool or locker room areas.

Q: Can we bring a picnic to the pool?

Food and drinks are not permitted in the pool area. However, all of the pools are located in parks that are ideal for a picnic. We ask that you do not bring food, drinks, glass, sharp objects or tobacco products into the pool area.

Q: Will the class get to go on the Diving Board?

For the pools with diving boards, the last day of each session is Diving Board Day. Each class will have the opportunity to jump off the board on that day. However, children who are not comfortable with this skill will not be required to go if they don't want to.

Q: What can I do to make swimming a safer experience for my child?

We strongly recommend that all parents and caregivers be certified in Community First Aid and CPR. This course is offered by the American Red Cross and teaches you what to do in an emergency.

RECREATION SWIM

Public recreation swim allows swimmers of all ages the opportunity for casual swimming and water play. Lifeguards are on duty during recreation swim hours. Participants must adhere to all pool rules. Participants must pass our lifeguard issued swim test, in order to swim in the deep end of the pool.

SWIM TEST

Participants who wish to swim in the deep end of the pool must pass our lifeguard issued swim test. Swim test will consist of the following 3 skills:

- Jump into water above head & recover
- Ability to swim 25 yards
- Tread water for 1 minute

POOL RULES

Children 6 years old and younger must be directly supervised by a parent/guardian while in the pool. The parent/guardian must accompany the child in the water and remain within arm's length of the child.

However, we strongly advise that all parents closely monitor their child's activities in the pool, regardless of the age. This is especially true for beginner swimmers.

Children who are not toilet trained or who are under the age of 3 must wear approved swim diapers and plastic swim cover beneath their swimsuit.

Please do not enter the pool if you have an infectious disease, bandage, open blisters or sores.

Floatation devices including water wings, padded swimsuits and inner-tubes are not permitted with the exception of US Coast guard approved lifejackets.

With the exception of service animals, animals are not allowed in the facility.

Food, drinks, glass, sharp objects or tobacco products are not permitted in the pool area.

DIVING BOARD RULES

Diving is only allowed in the deep end of the pool.

One person is allowed on the board at a time.

One bounce on the board is permitted.

Jump or dive straight off and swim to the nearest side.

FOR YOUR SAFETY

Please walk at all times on the pool deck.

Fighting, roughhousing, chicken fighting, screaming, profanity and pretending to drown is NOT permitted in the facility.

Appropriate swim attire is required when entering the pool. T-shirts worn over swimsuits and other street clothes are not allowed.

The lifeguard on duty is in full charge. Failure to comply with the lifeguards requests, may result in the participant being asked to leave the pool area without a refund. Lifeguards on deck are there to watch the pool. Please direct questions to the Pool Manager in the pool office.

Recreation Swim Hours

Skill Levels

Parent & Tot • Ages 6mo. to 4yrs

Parent & Tot is the first level in our Learn-to-Swim program. These classes give parents and children an opportunity to explore and become comfortable in a pool. The instructor will present daily skills and techniques for parents to use with their children. Participants are also given an opportunity to work on beginning swimming skills in preparation for a Tiny Tots or Beginner level swim class. Parents must stay in the water with their children, at a ratio of one parent per child.

Tiny Tots Swim • Age 3

This class is designed for 3-year olds who are ready to transition from Parent & Tot swim classes. Skills covered will include assisted front and back floats, submerging to retrieve objects and an introduction to arm and leg actions for front and back crawl. Participants must be comfortable being in the water without a parent.

Beginner • Ages 4-16 (Levels 1-2)

- **Otters:** No swimming experience is necessary. Otters work on assisted front floats, back floats, and submerging for objects. Arm and leg actions for front crawl will be introduced, and water safety and pool rules will be discussed.
- **Seals:** These swimmers will work on unassisted front and back floats. Explorations of deep water, gliding, flutter kicking, and rhythmic breathing will also be the emphasis in Seals.
- **Dolphins:** These swimmers will begin to combine rhythmic breathing, arm motion, and kicking. Treading water, survival floating, and independent entry to the water will also be practiced in Dolphins.

Level 3 - Stroke Development • Ages 4-16

This level is designed to develop and improve coordination and stamina in the front crawl and back crawl. The body motion and kick associated with butterfly will also be introduced in this level. Students should have passed Dolphins (Level 2) to enroll.

Level 4 - Stroke Improvement • Ages 4-16

An advanced course designed to improve front crawl, back crawl, and butterfly. Elementary backstroke, breaststroke, and open turns will be introduced and practiced. Students should have passed Level 3 to enroll.

Level 5 - Stroke Refinement • Ages 4-16

Endurance and stroke refinement is the emphasis in Level 5. Sidestroke, flips turns, and shallow diving will be introduced to familiarize students with survival swimming and competitive swimming. Students should have passed Level 4 to enroll.

Level 6 - Fitness Swimmer • Ages 4-16

To refine strokes so students swim with more ease, efficiency, power, and smoothness over greater distances. Training techniques, principles, and equipment will be introduced to students in order to gain a better understanding of swimming for fitness. Students should have passed Level 5 to enroll.

Arts

Visual Arts Camp (7-11years)

Join us for hours of creative fun where you can make your own imaginative pictures, collages, and three-dimensional creations! Using a variety of media you can explore outer space, Monet's Garden, Van Gogh's Starry night and nature's coral reefs. We'll also see how mathematics and nature join forces to create patterns in pinecones, leaves, flowers, shells, and snowflakes. The fun never stops at Visual Arts Camp! A non-refundable \$35 supply fee will be collected at first class. Bring a snack and a smock.

Visual Arts Mini Camp (5-7years)

This camp is a shorter version of our popular Visual Arts Camp, designed especially for you younger artists. We'll use lots of vibrant paint, clay, oil pastels and other interesting stuff to create our own interpretations of Monet's Garden, Van Gogh's Starry Night and nature's coral reefs. We'll even have a chance to combine a little science with our art when we explore the planets, stars, and Northern lights. We'll also see how mathematics and nature join forces to create the patterns in pinecones, leaves, flowers, shells, and snowflakes. Bring a smock and a snack. A non-refundable \$30 supply fee will be collected at first class.

Digital Animation Camp (8-12years)

Today's animators use sophisticated computer programs to create cartoon worlds. But first they have to teach themselves and their computers how to give form to the worlds they envision. Learn digital animation skills that will help with computer drawing, character movement, frame layering, and dialogue matching. In small groups, students will focus more on learning these techniques and complete a short animated film. Bring a flash drive on the last day of camp to take home a copy of your project.

Stop-Motion Animation Camp (7-12years)

Bring your own characters to life with Freshi Films hands-on animation camp. Older kids experiment with paper cut-outs, action figures, Legos® and more to learn different animation methods. Then participants work together in small groups to plan, storyboard and shoot their own stop-motion animated film. Younger kids learn to make a character move, using action figures and legos, and shoot a short, funny and action-packed film. Camp concludes with a special screening for parents and friends. Bring a flash drive on the last day of camp to take home your own copy of the movie.

It's time to shine! Come be a super star for a week and learn to dance like the stars of High School Musical. Learn basic jazz and hip hop dance moves and have fun creating your own choreography and using glamorous props that are yours to keep after camp. Camp concludes with a performance for parents and family. Wear comfortable clothes and dance shoes or tennis shoes with light-colored soles. Bring a bottle of water and a healthy snack. A non-refundable materials fee of \$10 is due to instructor on first day of camp.

Camps

Acting for the Camera Camp (7-14years)

Lights, camera, action! Acting for a camera requires different skills than acting on stage. Experience what it's like to be on a movie set and learn the basics of performing on screen, as you record a monologue, music video and commercial. You'll be the star of your own DVD, which you take home at the end of the week. Materials fee of \$15 due to instructor at first class meeting.

Musical Theater Camp (7-14years)

Let's put on a show! Participants in this camp experience all the fun and camaraderie of being involved in a musical theater show, from auditions through applause. Students build confidence and practice teamwork skills, through singing, dancing and acting. This camp is great for both experienced performers and first-timers. Camp concludes with a performance for friends and family. Students must have completed second grade. Wear comfortable clothes and tennis shoes or jazz dance shoes. Bring water and a snack that does not need to be refrigerated.

Advanced Musical Theater Camp (8-17years)

For students who've completed two sessions of our musical theater camp, the advanced camp offers a more intensive musical theater experience. Students' day is filled with singing, dancing and acting exercises as they prepare a musical production from start to finish in just one week. Students assemble their own simple costumes and assist with creating props and scenery. Camp concludes with a performance for friends and family. Students must have completed third grade. Wear comfortable clothes and tennis shoes or jazz dance shoes. Bring water, lunch and snacks that do not need to be refrigerated.

Science & Engineering Camps

Extended hours offer only care and are not an extension of camp-related activities

AWESOME Engineering Camps (7-12 years)

Are you ready to have an AWESOME time? Our Engineering and Construction program will teach you fundamental engineering and construction concepts using Erector educational toys. You will build things you encounter everyday; including bridges, cars, skyscrapers and more! Some of the concepts covered include: Torque vs. Speed, Belt and Pulley Systems, Gravity, Friction and Truss Systems. In class, you are provided with everything you need to build each project which includes a tool belt, tools and project pieces. This hands-on class will allow you to work together or solve problems while building projects. It's sure to be AWESOME! Bring a bag lunch each day.

Instructor: Awesomengineering Staff

Location: Raynor Park Building

Aviation and Structural Design

Learn how to build aircrafts and structures you see everyday; including airplanes, helicopters, chairlifts, skyscrapers, bridges, houses and more! Some of the concepts covered include: truss systems, suspension systems, gear systems, structural significance, failure analysis, gravity and friction.

Sciensational Camps (7-12 years)

With fabulous hand-on activities and take home projects, Sciensational offers children an amazing summer full of exploration and fun they will never forget! Full-day and full-day extended care participants should bring a bag lunch daily. PLEASE NOTE: Lunch supervision (12-1pm) is ONLY provided for FULL-DAY or FULL-DAY EXTENDED CARE participants. Half-day participants are expected to be picked up promptly at 12 noon, or dropped off no earlier than 1pm.

Instructor: Sciensational Staff

Make It and Take it Home (AM) (6-11 years):

In this hands-on, fun, and exciting program, you will discover how amazing science is. You will make and take home a wide assortment of toys designed to teach you science concepts in a hands-on way. Grow and take home a crystal tree. Make an energy bead bracelet and watch as those amazing beads turn from white to a rainbow of colors before your eyes. Build a working electric motor. Make your own sharpie pen T-shirt and learn some cool chemistry (student supplies a 100% cotton T-shirt). Make your own bubbling blobs and explore the properties of a density tube. Make silly putty—glowing goo—green flubber and other cool projects. By the way...we will make ice cream in our own amazing, different, Sciensational way!

Chemical Magic - Magical Microscopes - Rocks and Minerals (PM) (6-11 years)

Learn to make batteries from fruits or potatoes. Make a fantastic crystal tree. Work with invisible ink. See the happy and sad balls. Work with our powerful magnets. Look at our prepared slides using our microscopes. Learn about the different types of rocks and minerals from our interesting rock and mineral collection. Be a chemical detective. Make glob from glue. Use paper chromatography to separate colors. Make dirty pennies turn clean and clean pennies turn green. Everything will be explained to you so you can go home having learned some interesting science. Hands-on science is the best way to learn.

Lasers, Galaxies and Then Some (AM) (6-11 years)

Children explore science as a fun and exciting process of investigation. Each day we conduct experiments, discover the amazing, and test our own ideas. You will learn about LASERS. Dancing, swirling, pulsating laser light will be part of our Laser Light Show. Work with our light blitzer as a laser light flashes to music. We will conduct experiments with our LASER POINTER plus lenses and mirrors as we have fun and learn. Build and take home your own kaleidoscope, spectroscope, periscope and constellation watcher. Watch the constellations in our room and learn about all the planets as you take our 3-D Adventure into outer space! This workshop will be a De-Light-ful hands-on experience.

Electronic Lab (PM) (6-11 years)

30 different projects and experiments are built with your own electronic kit to keep in this hands-on workshop. The Science Electronics Lab will stimulate kids' minds by using easy to understand experiments to increase their knowledge of electronics. Science project ideas will come alive as they build the 30 projects while working with Electronic Circuits. The electronics kit is reusable. Have fun designing your own projects once you've built all 30. Kids can proceed at their own pace. Each participant will keep: an 80 page manual, 1 solderless circuit board, 12 resistors, 2 capacitors, 2 light-emitting diodes, 2 transistors, 1 battery snap, 1 diode, 1 speaker, 1 timer, 1 photocell, 1 rectifier, 1 potentiometer, and 1 switch. Learn the ins and outs of how they work. Kids will be grouped by age.

Egyptian Dig (AM) (6-11 years)

Discover the amazing science of Archaeology as you uncover ancient artifacts. In doing this, we will learn about Egyptian life. We will excavate with tools like a real archaeologist uses. We will find the following artifacts as we excavate a scarab (what's that?), hieroglyphic tablet, ankh symbol and a jackal. You will learn about this and even take home a booklet. The artifacts are yours to keep. We will wet the sand that we dig into and create one of two sand sculptures for display. You can make a pyramid as well as a sphinx. Let's go back in time with a hands-on archaeological experience!

Prospectors Mystery Rock Workshop (PM) (6-11 years)

You are going to be a Prospector (you know those people who were always looking for gold). In this workshop you will get to excavate for valuable gems, fascinating rocks, and some ancient fossils. All are yours to keep. What hidden wonders will you find? The identities of the 10 specimens found in your Mystery Rock have been kept a secret from you. You will experience the thrill of discovery, much as prospectors did. You will be able to identify each one. Your specimens are in a hard clay material the same as prospectors found. You will have to get them out without breaking or scratching them. That's not that easy. You will get an excavation tool, specimen brush, log book, sorting trays and labels. You will, as a Prospector, record the color, both wet and dry texture, and its ability to float for each of the 10 specimens you dig out. Make an educated guess with our help to whether each one is a rock, gem, or fossil. See how good you are. You will learn from us the exact name and classification. We give you hands-on science...Prospectors style - fun - educational - exciting!

Robotic Arm Science (AM) (8-12 years)

Learn the science of robotics as you have fun building, commanding and taking home your own 5 motor arm! With your Robotic Arm you can command your gripper to open and close, move your robotic wrist, elbow, base and command vertical and horizontal reaching moves. Your robot will be equipped with 100 grams of lifting capacity. Additional features include a search light on the gripper for night operation. With your Robotic Arm you will have total command and visual manipulation using the five switch wired controller. Plus, have fun building a wide range of additional robotic designs with the robotic building system. Participate in our robot Olympic style challenges, robot battles and more!

Roller Coasters & Amusement Park Rides (PM) (8-12 years)

Learn simple engineering ideas, but come here for action and fun. Build a working Roller Coaster, as part of a group, and watch as our coaster cars go up and down steep inclines, as well as through many thrilling loops. Our Roller Coaster will be 3 ft. long and 3 ft. high. See if you can change things to make the ride more exciting. Students will learn first hand the mechanism of a Roller Coaster. Design and help build other amusement park rides, such as a Ferris Wheel, Octopus Whirl, Swing Ride or other types of rides. We'll have our own great adventure working... learning...and having fun!

Model Airplanes - Bridge Building - Electronic Gadgets (AM) (7-12 years)

Build your own rubber-powered model airplane. Use your model as a learning tool in aerospace education, or just have fun building a sound airplane that actually flies when assembled. Have fun designing and building model bridges. Join us in our bridge building contest to see which one can hold the most weight. Learn simple engineering skills. Build 6 electronic projects. Some of them include a patrol car siren, burglar alarm and morse code transmitter. You will learn how the different electronic components work. Bring a little imagination and get ready to "Fly with Scienstational Workshops."

Engino Building - Engineer-Architect - Creativity Workshop (PM) (7-12 years):

Activities Include: Work with an advanced and three dimensional construction kit that is yours to keep and take home. Be able to build and design your own creations. You will also get your own 3-volt geared motor. Power up a moveable Radar Surveyor and see how many other ways you can make your motor work for you. Work with the rods and connectors that allow you to join six sides at once. You can build simple or complex models. Build a vehicle, chopper, robot, buildings and much more. Join us to build from directions and from your own imagination and design. Hands on is the only way!

Follow Me Robot (AM) (7-12 years)

How would you like to build a robot that has four built-in microphones? It will detect the sound source and in turn it will move and turn accordingly. It is your own robot to build and take home. Wow! It starts flashing and plays Do-Re-Me. Make it move the way you want it to move. It is so smart. It will move in its own routine if it does not get a signal in 1 minute. It will go to sleep if you do not issue any commands in 90 seconds. However, you can wake it up. Learn about the different gears and sensors as you build it. Get to build other robots working in groups. Join in our Sumo wrestling and obstacle course events with what you have built.

Advanced Robotics: The Ultimate Experience (PM) (7-12 years)

In this workshop you'll put your imagination and skills to the challenge. Working in small groups, you'll build different robotic creatures and vehicles. They will be tested for speed, strength and endurance. Tires, motors, gears, wires and controllers are used to move these robots across the floor. After making trial runs, you can modify your designs to increase your robot's level of speed and/or strength, to meet the testing challenge. Your robotic creations will be tested in Sumo battles, tugs-of-war and vehicle distance timings

Special Interest

Magic Wizards Camp (7-11years)

Make the doldrums disappear and find fun in their place at this Harry Potter-esque camp. Aspiring wizards will learn a variety of magic tricks, including mind-reading, optical illusions, basic sleight-of-hand and made or manufactured tricks. Students build confidence, creativity and fine motor skills through practice and performing. Participants receive a starter kit of magical items, including wand, wizard's hat, deck of cards, 102 E-Z Magic Tricks book and a selection of easy-to-perform tricks. Camp concludes with a magic show for parents on the final day. Non-refundable supply fee of \$20 is due to instructor at first class meeting.

Sorcerers Camp (7-11years)

You asked for more magic, and presto! Our new Sorcerers Camp features another full week of easy-to-do magic tricks, but all completely different from Magic Wizards Camp, so enthusiastic young magicians can take either or both camps. Discover how to make an object disappear and 'how to read a mind' through an encouraging, step-by-step method. Develop presentation skills so you can put on your own magic shows. Participants receive a box of magical items, including wand, wizard's hat and a selection of easy-to-perform tricks. Camp concludes with a magic show for parents on the final day. Game Design Camp (8-12years)

Don't just play video games this summer. Play your own video game! Freshi Game Design camp will get you started developing, designing, debugging and distributing your own game in one week. Beginning level (6/17-6/21) is for students who are new to game design. Participants will learn the fundamental game elements and work together in small groups to build a single platform game that can be shared with friends on-line. All Level (7/29-8/2) is a faster-paced, mixed-level class where students of differing experience levels will work together in small groups building multiple platform games and will be introduced to a variety of game genres. Advanced level students who are able to demonstrate aptitude for game design may be allowed to work independently. Bring a flash drive on the last day of camp to take home a copy of your game.

Society Skateboarding Camps (5-17years)

Skateboarding camps are a great place to get skateboarding lessons, challenge yourself to become a better skateboarder, and learn new tricks. They are also great places to make new friends and build self confidence. Enjoy this awesome sport with a focus on skateboarding safety, fundamentals, technique, as well as balance and coordination. Each session will consist of skateboarding lessons, snack time, game time, and play time. Helmets are required and safety pads are strongly recommended. Parents must sign waiver form with registration. For afternoon extended care see Summer Kids Club on p.17.

Skyhawks Soccer Camp (7-12years)

Skyhawks was founded as a soccer club in 1979. Thirty years later, we are still the number one choice for parents looking to introduce their children to the fundamentals of the world's most popular sport. Using our progression curriculum, your young athlete will gain the technical skills and sport knowledge required for the next step into soccer. Designed for beginner and intermediate players, this camp focuses on dribbling, passing, shooting, and ball control. All participants receive a soccer ball, t-shirt and player evaluation. The participant-to-coach ratio is approximately 14:1. Participants should bring appropriate clothing, a lunch and snack, a water bottle, shin guards, soccer or running shoes, and sunscreen.

Trans-Atlantic Soccer (4-13years)

'Coaches in Kilts' soccer camps are the perfect way for young players to maximize their soccer skill development in a safe, fun and friendly environment. Campers work closely with their Scottish coach to learn and practice fundamental soccer skills, become a member of a Scottish Clan, and take part in Highland Games-themed competitions. Games include welly-wanging, tossing the caber, tug-of-war and capture the flag! The Inter-Clan Soccer Tournament marks the end of the competitions, with the winning clan lifting the coveted *Clan Cup!*

Gymnastics

We ask family & friends to remain outside the gym during class time to avoid distractions for our students, except for the following: 1) At least one parent is required to remain present near and possibly observe in any class where only one staff member is coaching, 2) the parents of new students may stay during the first class of each session, 3) when a coach allows or invites a parent to stay. All are invited to observe the last class of each session and non-participating siblings must be held at all times during observation. Thank you for your cooperation.

Gymnastics: ParentTots (1.5-3years)

A structured basic movement class for the young child, built around imaginative themes and gymnastics activities. A parent is required to participate in assisting the enrolled child, under the direction of the teacher. Only 1 participating child per parent. Siblings are not allowed in the gym during class time.
