## **Tennis Court Usage**

Occasionally, residents inquire regarding tennis instruction, tennis court availability and recreational tennis programs in Sunnyvale. The following is information for some of the most commonly asked questions regarding play at the City of Sunnyvale tennis facilities.

- The lessons and team play at Sunnyvale tennis court facilities are an extension of the Community Services Division's Tennis Programs. Lessons and play are handled through the City's Tennis Pro Licensee on behalf of the City. Contractors and instructors must have authorization from the licensee and proper identification to operate at any City facility. The Tennis Center Licensee or staff can be reached directly at the Las Palmas Tennis Center at (408) 732-2130.
- The Tennis Center Licensee attempts to balance all of the public tennis needs for the community. Schedules are managed to provide lessons for all age groups and also the play for dozens of tennis teams that call Sunnyvale home. Generally, the larger facilities (Sunnyvale Middle School, Fremont High School, and Las Palmas Tennis Center) are best able to handle the larger activities such as tournaments or USTA events.
- The need for "unreserved" play is important, as many tennis players would like to play at their leisure. Many neighborhood parks have sets of courts and all facilities must have at least one "unreserved" court for the public. While this balance of play has been generally successful, there are times when players are unable to find courts at the same time that they would like to play. The Tennis Center Licensee will post lesson times and reservations a week in advance so that players may check other courts at neighborhood parks for openings.

Hopefully, the above information provides a clear picture of tennis play in Sunnyvale. A list of all tennis programs in Sunnyvale may be found in the current Activity Guide or on the Community Services Division web page of the City's website at:

<http://sunnyvale.ca.gov/Departments/CommunityServices/ClassesandActivities.aspx>

For additional information regarding tennis court usage, contact the Tennis Center at (408) 732-2130.
