Entrance to the Hands on the Arts festival grounds is free and includes live entertainment throughout the day. The wristband provides unlimited workshop participation for the day. Children (ages 3-12) must have a wristband to participate in workshops. Wristbands, \$10 per child, are sold at the information booth. Parents and caregivers, we invite you to enjoy the day watching and helping your children with their projects. However, due to limited supplies and resources, please refrain from completing any projects yourself. We encourage you to take home ideas and inspiration for your own "hands-on" art festival. Thanks for coming. Enjoy the day!

Outside Pottery Studio

Friends of the Sunnyvale Pottery Studio will conduct pottery wheel demos throughout the day.

- 2) **Hip Hop Dance** – Practice the latest hip hop moves, as you learn a simple, but high-energy routine to music by your favorite artists. A new workshop begins every 20 minutes. Participants are invited to return at the end of the day to perform onstage. *Linh Ton* (Ages 7+)

- 6) **Rangoli Art** – Discover the Indian folk art of rangoli. Colorful patterns are created on the floor using colored sand, rice or flower petals. Although traditionally a temporary decoration that is swept up at the end of a festival, your rangoli design is glued on paper so you can take it home. *Manisha Sahni* (All ages)
- 7) **Wheat Weaving** – Braid wheat straw from America's heartland into exquisite folk art pieces similar to those made by many farming cultures to bring good luck in the next growing season. *California Straw Arts Guild* (Ages 7+)
