

## NEW CONSTRUCTION PROCEDURES

### Sunnyvale Department of Public Safety

## **Fire Access Roads LADDER TRUCK SPECIFICATIONS**

### **Based on American LaFrance Trucks:**

Length	40 feet
Width	10 feet *
Track	8' 2"
Front bumper to front axel	6' 6"
Wheelbase	19 feet
Rear axel to rear bumper	14' 6"
GVW	70,000 lbs

*(note – policy minimum for fire access road is 75,000 lbs)*

\* Width is based on mirror to mirror of 10 feet. We will use this number to allow for a safety margin of other apparatus from Sunnyvale and mutual aid agencies.
