Sunnyvale Department of Public Safety

Fire Access Roads LADDER TRUCK SPECIFICATIONS

Based on Ferrara HD 100 Platform Truck:

Length	50 feet
Width	10 feet *
Track	Not Available
Front bumper to front axel	Not Available
Wheelbase	21 feet
Rear axel to rear bumper	Not Available
 GVW	 85,000 lbs

(note – policy minimum for fire access road is 90,000 lbs)

* Width is based on mirror to mirror of 10 feet. We will use this number to allow for a safety margin of other apparatus from Sunnyvale and mutual aid agencies.
