Study and Budget Issues Brainstorming

The Study and Budget Issues process is an annual City procedure for planning the consideration of important issues. The City Council, after receiving input on issues of importance from a number of sources including commissions, committees, staff, and the general public, holds a Study/Budget Issues Workshop. This workshop is a ranking exercise of all of the issues submitted for consideration. From this exercise, staff gains an understanding of the Council's priority issues for the following fiscal year, and future years to come. Staff then develops a realistic work plan for addressing the identified issues. Budget issues, essentially expenditure requests, are either considered for inclusion in the budget or dropped. Study and budget issues are scheduled to be finalized for BPAC review on September 20 and ranked at the October 15 meeting.

The BPAC membership has approved an extensive brainstorming on potential study issues. for consideration in 2012. Staff recommends that the BPAC discuss potential 2012 study and budget issues. A brainstorming was held at the April 19, 2012 meeting. An excerpt from the minutes of that meeting are as follows:

Commissioner Switzer suggested that the 15 mile per hour speed limit around schools be re-visited.

Vice-Chair Manitakos suggested issues regarding replacing double yellow roadway striping lines with dashed lines; consideration of bicycle and pedestrian level of service criteria; extending vision triangle restrictions at private driveways; and policy on placement of street amenities to assure comfortable access for the disabled.

The public hearing was opened. Kevin Jackson suggested an issue for improving public notification of BPAC meetings. He suggested an issue to identify measures to encourage transformation of streets to primarily transport uses, such as provision of neighborhood parking lots, donation of right of way for bicycle and pedestrian facilities, and identification of reasonable limits on automobile ownership or storage at residences. Council liaison Moylan questioned the speaker and indicated that the City already has policies requiring provision of off-street parking for land uses, and providing a certain number of residential off-street spaces. Mr. Jackson indicated that he believed that additional limitations should be considered. The public hearing was closed.

Per the City's Administrative Policy for Boards and Commissions, the BPAC shall consider the election of officers at the July meeting. Procedures for nomination and election of officers is as follows:

Commissioner Statwitcke noted on Page 5 that the reference to Commissioner Statwitcke under the Non-Agenda Items and Comments should refer to Commissioner Switzer. Vice-Chair Manidakos noted under the VTA BPAC Appointment item that he had requested that the Commission consider criteria or guidelines for a VTA BPAC appointment in July. Commissioner Gandrud asked that his comments under Non-Agenda Items and Comments regarding a Bus Rapid Transit meeting should state that he found questions asked at the meeting to be excellent and insightful.

The Chair opened the public hearing. Kevin Jackson noted that Grace Sun's comments had also referenced accessory dwelling units being constructed on Pastoria Avenue. He clarified his comments under the Study Issues item to state that donation of property is proposed for providing off-street parking, not bicycle and pedestrian facilities, and that he believes the City should determine a threshold for accommodating vehicles on private property based on a reasoned determination of want of vehicles versus need for vehicles.

- 1.B) Updated 2012 BPAC Calendar

PUBLIC COMMENTS

This category is limited to 15 minutes, with a maximum of three minutes per speaker. If you wish to address the board or commission, please complete a speaker card and give it to the Recording Secretary or you may orally make a request to speak. If your subject is not on the agenda, you will be recognized at this time; but the Brown Act (Open Meeting Law) does not allow action by board or commission members. If you wish to speak to a subject listed on the agenda, you will be recognized at the time the item is being considered by the board or commission.

A citizen requested information on when the Pastoria Avenue bike lanes issue would move forward.

Tammy Reed presented information on her personal observations of the volume of parked vehicles on Pastoria Avenue. She stated that there are lots of homes with second units and insufficient off-street parking, and that families with high school age drivers often must have at least three vehicles. She stated that she believes a City street tree in front of her home is in need of trimming.

PUBLIC HEARINGS/GENERAL BUSINESS

4. ACTION: Bicyclist Anti-Harassment Ordinance – Study Issue

Staff gave a brief report. Commissioner Gandrud asked that clarifying language be added to the Report in Brief section of the Report to Council to state that the proposed ordinance does not preclude pursuit of remedy through the criminal court system. There was discussion of criminal versus civil law approaches.

The public hearing was opened. Richard Kolber inquired as to whether the ordinance would apply to an incident that he had encountered. Kevin Jackson stated that he believed language in the Report stating that the ordinance could create a misconception that the City would provide enforcement or other resources was counter to the intent of the ordinance. He believes the ordinance will raise attention and improve understanding of the law in general regarding safe driving around bicyclists. Patrick Grant presented concerns with the effectiveness of current law enforcement, and stated that the ordinance is needed to augment or provide another potentially more effective remedy than criminal enforcement. David Simons stated that he believes the ordinance is needed.

The public hearing was closed. The Commission discussed whether to recommend amendment of the ordinance to include specific examples of harassment.

Motion by Gandrud, second Stawitcke, to recommend approval of the staff recommendation to approve a bicyclist anti-harassment ordinance, and request clarification in the text of the Report to Council that the ordinance does not preclude actions by an individual in criminal court. Motion approved 5-1, Rausch opposed.

5. ACTION: Review of the Proposed Two Year Budget

Staff gave a brief report. Commissioners inquired about potential projects and schedules for budgeted projects.

The public hearing was opened. Kevin Jackson commented on Pastoria Avenue and Route 101/237/Mathilda projects. The public hearing was closed.

Motion by Stawitcke, second by Manidakos, to support approval of those portions of the budget presented to the BPAC with regard to bicycle and pedestrian services and projects, and to encourage Stevens Creek Trail funding and provision of dogs on leashes signs to improve bicycle and pedestrian safety in parks. Motion approved, 6-0.

Subject: Funding Opportunity

Dear Bicycle Friendly Communities,

Happy Friday! I am writing to pass along this funding opportunity from HHS. Thanks again for all you do!

Bill Nesper

###

The U.S. Department of Health and Human Services (HHS) has announced available funding of \$70 million to improve the health of small communities across the nation. Grants will be awarded to governmental agencies and non-governmental organizations across a variety of sectors, including transportation, housing, education, and public health, in an effort to save lives and control the nation's growing health care costs associated with preventable chronic diseases.

The small-community investments are part of the Community Transformation Grant (CTG) program, a comprehensive prevention and wellness initiative launched in 2011 by HHS and administered by the Centers for Disease Control and Prevention (CDC). The CTG Small Communities program targets intervention populations of up to 500,000 in neighborhoods, school districts, villages, towns, cities and counties in order to increase opportunities for people to make healthful choices and improve health. These areas can be specific counties, cities, towns and villages with populations up to 500,000 or neighborhoods, sections, or subgroups of the population (e.g., children or seniors) within a metropolitan area. In addition, HHS is continuing to support the initial group of 68 CTG awardees that have the potential to reach about 120 million Americans.

The CTG Small Communities Program grantees will work toward one or more of the five outcome measures described in Section 4201 of the Affordable Care Act: changes in weight, proper nutrition, physical activity, tobacco use and social and emotional well-being and align with the five priority areas of the CTG Program: (1) tobacco-free living; (2) active living and healthy eating; (3) evidence-based quality clinical and other preventive services, specifically prevention and control of high blood pressure and high cholesterol; (4) social and emotional wellness, such as facilitating early identification of mental health needs and access to quality services, especially for people with chronic conditions; and (5) healthy and safe physical environments.

CDC expects to make 25 to 50 competitive grant awards under the CTG Small Communities Program, with successful applicants announced in September 2012. The final number of awards will depend on the quality of applications, sizes of communities to be served, sizes of awards, and other factors. Applicants specifically must demonstrate how they can improve the health of their communities through increasing the availability of healthy foods and beverages, improving access to safe places for physical activity, and reducing tobacco use and encouraging smoke-free environments. The awards are one-time funding with a two year project period.

The official funding opportunity announcement for the Community Transformation Grant program Small Communities component can be found at www.Grants.gov by searching for *NCCDPHP CDC-RFA-DP12-1216PPHF12: "PPHF 2012: Community Transformation Grants - Small Communities Programs financed solely by 2012 Prevention and Public Health Funds*

The letter of intent deadline is June 18, 2012 and the application deadline is July 31, 2012, 5pm Eastern Daylight Savings Time.
