

CITY OF SUNNYVALE
Public Works Department/Engineering Division
Encroachment Permit Requirements

For All Work Within the Public Right Of Way and/or Public Utility Easement
(Applicant must allow 10 working days to process, review, and issue permit if no revisions are required. Do not schedule any construction within this 10-day minimum window)

The following requirements shall be met prior to issuance of an encroachment permit for any work within the public right of way:

- Improvement plans or plot map approved by Public Works Department/Engineering (4 sets). For single item improvement, the plan can be prepared on 8-1/2" x 11" paper. The plan shall show existing and proposed improvements (e.g., driveway approach) with dimensions. All utility features in the public right-of-way (e.g., water meter, tree, fire hydrant, streetlight, etc.) shall be shown on the plans.
- Traffic control plans (4 sets) with completed traffic control checklist (1 set) - as needed depending upon location, hour and/or nature of work approved by Traffic Engineer.
