

Speakers' Bureau

Did you know ... that the Sunnyvale Water Pollution Control Plant, which treats the City of Sunnyvale's sewage and monitors the storm drains, has a Speakers' Bureau? Staff is available for to make presentations on water pollution prevention issues to a wide variety of groups in Sunnyvale.

Presentations include videos, PowerPoint presentations, and/or overheads to help your group visualize the topic. Also included are brochures so they will have handy reference material about the topic without having to take notes!

Topics include:

- Wastewater treatment
- Water pollution prevention
- Watershed stewardship
- Less toxic pest management
- Less toxic housecleaning

For more information or to schedule a presentation, contact Environmental Outreach at (408) 730-7717, TDD (408) 730-7501 or e-mail wpcp@ci.sunnyvale.ca.us.
