  - **RECYCLING TRUCKS**
    - Recyclables and Municipal Solid Waste from Mountain View, Palo Alto, and Sunnyvale
  - **COMPACTOR**
    - Compacts waste and loads it into trucks. Each truckload weighs 48,000 lbs.
    - 30 Trucks a day deliver garbage to Kirby Canyon Landfill
  - **Off to Composting Facility**
    - Yard trimmings are ground, then taken to a composting facility. The resulting compost will be used on organic farms, for landscaping, and be made available to residents.
    - Yard trimmings are described as Small Organics.
  - **Trucks bring yard trimmings from curbside routes**
  - **Large material is pulled off before going up**
    - To pre-sorting room
