

MOVING OUT?

Moving is a perfect opportunity to sort through and organize your stuff. Your move will be much easier if you think ahead to manage your stuff properly. Use this Move-Out Guide to help plan your move, find new homes for reusable items you don't plan to take with you, and recycle or safely dispose of items that cannot be recycled or disposed of where you live.

SOMEONE, SOMEWHERE CAN USE YOUR STUFF

Consider selling, donating or recycling outgrown clothing and shoes, toys and games, electronics, furniture, bedding and household goods rather than throwing stuff away to be landfilled. If your community offers a bulletin board, post items you want to sell or donate and share with neighbors.

SELL Onsite or Online

Check with your property owner or manager about hosting a garage sale, or use online personal marketing sites such as: *TheOnlineYardSale*, *MyStore*, *Craigslist*, *EBay*, *Amazon* or *Facebook*.

DONATE

Neighborhood resources such as *Freecycle.org* (enter Sunnyvale, CA), and *TrashNothing* are sites to "Offer" or donate items locally. On *Recycling.inSunnyvale.com*, search *Reuse Resources* for organizations accepting donations.

RECYCLE Everything You Can

Visit *A-Z Recycling* at *Recycling.inSunnyvale.com*, or call (408) 730-7262, to recycle items not accepted in onsite carts. Look for the *Recycling Events Calendar* to take advantage of scheduled events that may coincide with your move.

It is unlawful to abandon items in waste areas or place hazardous materials in garbage bins or recycling carts.

Closed Thanksgiving Day, December 25, and January 1.

Packing Materials

Save newspapers to wrap and pack your belongings, recycle paper when you unpack at your new home. To help reduce moving costs, post a request for boxes on your community bulletin board. As part of U-Haul's waste reduction efforts, *U-Haul's Box Exchange Program* helps customers sell, give away, or find boxes and moving supplies.
