RE: Amendment to Agreement with California Sports Center – Information Only

The California Sports Center was recently advised that it is the City's intention to go out to bid for the provision of public programs at Fremont Pool beginning August 1, 2013. California Sports Center's current agreement runs through July 31, 2013. During recent discussions, both the contractor and City staff agreed that the middle of the summer is an awkward time to terminate an agreement for an aquatics program that is operating at full capacity during the summer months.

California Sports Center has agreed to amend their existing agreement with the City to extend it until the end of summer programs. Pending Council action, the new termination date will be August 31, 2013. Whether California Sports Center or a new contractor is selected to operate public programs, the official start-up of programs will begin with the FY 13/14 school year, September 1, 2013.

The Report to Council with the contract amendment will go to City Council on October 30, 2012. A copy of the report will be provided to the Commissioners at that time.
