

# County of Santa Clara Community Outreach Meeting

## Proposed Temporary Cold Weather Shelter

At County Property Located at Fair Oaks and California Avenues in Sunnyvale

**Meeting Time & Date:** Monday, August 17, 2015 at 7:00 PM  
**Meeting Location:** Braly Park Community Room  
704 Daffodil Court, Sunnyvale

Since the redevelopment of the site of the County's former Cold Weather Shelter, the County of Santa Clara has been seeking a replacement site in North County. The County has not yet obtained a permanent replacement site for the shelter therefore it plans to install a **temporary facility** on a **County-owned parcel at the corner of Fair Oaks and California Avenues** in Sunnyvale for use during the coming winter season. In the meantime, the County continues to seek a permanent replacement site for use in subsequent winter seasons. The new facility proposed for this site will include a tent sized to provide nightly shelter for approximately 100 homeless men, women, and occasionally families, with restrooms, showers, and supportive services available on site.

Please join County and HomeFirst staff at this meeting to learn more about this proposed new facility, what will be done to lessen any impacts on our neighbors, and receive answers to any questions you may have about this proposal. City staff will also be available at this meeting. For additional information, please contact the County Office of Supportive Housing at (408) 793-0550, or email County Project Consultant Teri Provence at: [TLprovence@aol.com](mailto:TLprovence@aol.com).
