PUBLIC HEARINGS/GENERAL BUSINESS

1. 2010-7776: Application for a Landmark Alteration Permit to consider the redevelopment of a property with a new bar & nightclub on Historic Murphy Avenue. The property is located at 182 S. Murphy Avenue in the DSP-2 (Downtown Specific Plan – Block 2) Zoning District (APN: 209-06-028).

Ryan Kuchenig, Associate Planner, presented the project and noted that most of the Commissioners were present at the study session. He noted that a Landmark Alteration Permit is required for all exterior modifications on the block of South Murphy Avenue. He also noted that the associated Special Development Permit for the proposed use will be reviewed by the Planning Commission on February 14, 2011. He explained that a historic analysis conducted by the applicant’s consultant concluded that the building is not eligible for the California Registrar of Historic Resources under any of the four criterions. Staff concurred with this analysis. He further noted that this historic block represents a mix of architectural styles. He said that the project had been scaled back to its current form. The design will keep certain features on the front façade that are unique to the current structure. He also noted that the applicant’s plan to add a landscape area in front of the second floor to buffer the window. Staff was able to make the Findings, subject to the Conditions of Approval.

Comm. Ringel referenced the required modification in the Conditions of Approval relating to the seating area. He notes his intention is to make a formal motion to drop the requirement of removing the seating area directly adjacent to the second floor window.

Comm. Squellati agreed with Comm. Ringel, and asked staff if the applicant will be required to maintain the proposed landscaping. Staff confirmed and referenced the Conditions of Approval.

Chair Stanek noted that the Commissioners may make a motion with their proposed changes to the Conditions of Approval.

Comm. Ringel noted that if the applicants modify the plan to have a safety barrier, then he would support the project with modified Conditions of Approval.

Chair Stanek opened the public hearing.

Des Nolan, applicant wished the Commission a “Happy New Year” and thanked Mr. Kuchenig for his assistance with this project. He noted that he hopes the project is an asset to Sunnyvale by bringing in more business to South Murphy Avenue.

Comm. Vaidyanathan asked about the drainage plan for the landscaping on the second floor.

Mr. Nolan responded that they have not fully planned the drainage for landscaping, but mentioned that there are roof drains on the second floor which they could tie into.

Comm. Ringel asked Mr. Nolan if they had an issue of removing the bench on the second floor. Mr. Nolan responded that removing the bench seating is not a concern. Comm. Ringel shared his idea of a safety barrier near the window on the second floor.

Comm. Squellati asked about the hours of operation.

Mr. Nolan responded that they will open 11 a.m. to 2 a.m. and noted that it would not be a restaurant.

Mr. Kuchenig restated that the land use issues will be brought to the Planning Commission hearing of February 14, 2011.
