## **SUNNYVALE GAINS EXPANDED LinkedIn CAMPUS**

SUNNYVALE, Calif. – LinkedIn, the leading business-oriented social network with more than 150 million members, has signed leases to expand into Sunnyvale. The Mountain View-based service will take over 165,000 square feet of space in two buildings in the City's Peery Park. LinkedIn should begin moving their staff in this summer and expects to employ 500 workers in their new Sunnyvale facilities.

"We are very happy to have LinkedIn join us in Sunnyvale," said City Manager Gary Luebbers. "Sunnyvale has become a hot property location and we appreciate that LinkedIn saw the advantages of establishing offices here." Luebbers went on to point out that LinkedIn now joins a veritable who's-who in Silicon Valley with Sunnyvale Offices. Yahoo!, Juniper Networks, Intuitive Surgical, Bloom Energy, Nokia, Motorola Mobility, Google, Apple and now LinkedIn all have Sunnyvale office sites.
