CITY OF SUNNYVALE ADOPTS BUDGET

SUNNYVALE, Calif. – The City of Sunnyvale has adopted a \$288.8 million budget for Fiscal Year 2012/13, which begins July 1. Of this amount, \$219 million will fund the City's operating budget. The operating budget is essentially flat compared to last year.

According to Finance Director Grace Leung, City revenues are in good shape. The budget was built on an expectation of concessions from the Sunnyvale Employees Association (SEA). The City has already received concessions from its other labor organizations: the Public Safety Officers Association (PSOA), Communication Officers Association (COA), Service Employees International Union (SEIU) and Sunnyvale Managers Association (SMA).

The budget approval action was taken by City Council at their regular June 19 session.
