August 16, 2013

To: Arts Commission

From: Kristin Dance, Visual Arts Coordinator, Community Services Division
Silvia Martins, Manager, Community Services Division

Through: Dan Wax, Superintendent, Community Services Division

Subject: Completion of the Public Art Component
Intuitive Surgical/1250 Kifer Road

This memo is to inform the Arts Commission of the completion of the art component for Intuitive Surgical at 1250 Kifer Road. The Commission approved the artworks for this project at their June 16, 2010 Arts Commission meeting. The installation of the approved artworks was in August, 2010. However, staff and the developer have just recently completed the final details of the project.

The artworks selected for this project are two large scale, abstract, stainless steel sculptures entitled "Elevate" and "Connection." Both sculptures were created specifically for the project and are representative of Intuitive Surgical's values and mission. Both sculptures also contain acrylic, kinetic elements.

Attached are photographs of the completed artworks.

c: Steve Dolan, Art Consultant, Andrea Schwartz Gallery
Hanson Hom, Director, Community Development Department
Silvia Martins, Manager, Community Services Division
Shaunn Mendrin, Senior Planner, Community Development Department
Troy Pillow, Project Artist
Lisa G. Rosenblum, Director, Library and Community Services
Dan Wax, Superintendent, Community Services
