

Council Meeting: February 7, 2012

SUBJECT: Award of Contract for One Dump Truck (F1111-31)

BACKGROUND

Council approval is requested to award a contract to Peterson Trucks of San Leandro in the amount of \$139,288 for the purchase of one (1) 10-12 cubic yard dump truck for use by the Department of Public Works Streets Division.

DISCUSSION

The dump truck will replace an existing City-owned dump truck used by the Streets Division to transport asphalt and tow other associated pieces of equipment during road repair operations. The truck utilizes a specialized apron assembly which connects directly to the City's asphalt paver for larger street renovations. The replacement of Streets maintenance equipment is required based on hours of operation, equipment condition, operational costs, years of service, and the financial capacity of the City. The Fleet Maintenance Section has historically replaced dump trucks when recommended by the Fleet Manager subject to approval by the Director of Public Works. The dump truck to be replaced has reached its life expectancy, no longer meets emission standards and its operating costs make its replacement appropriate at this time. The existing truck is scheduled for replacement in FY 2011/2012.

Bid specifications for the dump truck were prepared by Department of Public Works Fleet Maintenance and Purchasing staff. Invitation for Bids No. F1111-31 was broadcast to potential suppliers through the City's Onvia DemandStar public procurement network. Sealed bids were received and publicly opened on January 18, 2012. Four responsive bids were received as follows:

<u>Bidder</u>	<u>Total Bid</u>
Peterson Trucks (Option 2)	\$139,271
Coast Counties Peterbilt	\$150,754
Golden Gate Truck Center	\$151,475
Peterson Trucks (Option 1)	\$157,415

Tire fees in the amount of \$17.50 are not included in the bid pricing.

Bids were also requested for diagnostic software for the equipment bid. The Fleet Manager has decided not to purchase the software at this time.

FISCAL IMPACT

Total cost to the City will be \$139,288, including tire fees, sales tax and delivery to the Corporation Yard. Budgeted funds are available in Fleet Equipment Replacement Account 020700.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall, at the Sunnyvale Senior Center, Community Center and Department of Public Safety; and by making the agenda and report available at the Sunnyvale Public Library, the Office of the City Clerk and on the City's Web site.

RECOMMENDATION

It is recommended that Council award a contract, in substantially the same form as the attached draft Purchase Order, in the amount of \$139,288 to Peterson Trucks for one dump truck.
