

**Council Meeting: June 11, 2013****SUBJECT: Public Hearing – Annual Review of Fees and Charges for Fiscal Year 2013/14****REPORT IN BRIEF**

The fees and charges of the City are reviewed and adjusted each year in accordance with Council Fiscal Policy. This annual evaluation ensures that all fees and charges of the City are aligned with the cost to provide each service, except for those fees that are legally limited, market based, or subsidized per Council direction.

Fees that are legally limited remain unchanged. Fees that are intended to recover the cost of service were reviewed and adjusted by the increase in labor costs of the work unit that provides the service if necessary. In many cases, these fees were kept flat as current revenues are sufficient to cover the associated cost of providing services. The proposed Fee Schedule (Attachment A) details all recommended fees.

BACKGROUND

Tonight's public hearing is to allow public input and comment on fees and charges that will be effective for FY 2013/14. This hearing on the proposed fees will be followed by formal action to adopt updated and new fees on June 25, 2013.

The attached Fee Schedule references all City fees, except the proposed utility rates. Fees related to utility services (water, refuse, and sewer) are adopted by a separate Council action when the utility rates are set. Any Council-approved changes to the utility rates will be updated in the Fee Schedule when the utility rates are adopted.

Most new fees become effective at the start of the new fiscal year on July 1, 2013. Exceptions are changes to Development Processing fees (filing, accepting, reviewing, approving, or issuing of an application or permit) and mitigation fees; these become effective 60 days after adoption (in accordance with §66017 of the California Government Code).

EXISTING POLICY

Council Fiscal Policy states that user charges and fees should be adjusted at least annually to avoid sharp changes (7.1B.5.2), user fees should be established at levels which reflect the full cost of providing those services (7.1B.5.4), and Council may determine whether a subsidy for any service is in the public interest (7.1B.5.5). The annual review and adjustment of fees and charges is in accordance with these action statements.

Section 66016(a) of the California Government Code provides that, prior to levying a new fee or service charge or approving an increase in an existing fee or service charge, the City shall hold at least one public meeting at which time oral or written presentations can be made.

DISCUSSION

The majority of fees charged by the City are set to recover the cost of providing the service. In most cases, the cost to provide the service is based on personnel costs, as fees are predominantly labor-based. The labor-based increases take into account the full cost of labor, including the cost of employee benefits.

The attached Fee Schedule does not include fees for recreation services. The Director of Library and Community Services is authorized to administratively establish the Activity Guides and Facility Rental Rate Schedule for recreation activities and services. The Fee Schedule shall be established based upon market conditions and City Council adopted policies to ensure fairness and accessibility. This schedule shall be published and available to the public.

Staff has made adjustments to the proposed Fee Schedule as necessary to ensure that all fees and charges are aligned with the cost of service, except for those fees that are legally limited, market based, or subsidized per Council action. The proposed Fee Schedule (Attachment A) details all recommended fees. For ease of administration, many fees have been rounded to the nearest logical unit.

Council Fiscal Policy guides staff to set fees for services to recover cost where possible and legally allowed. Staff continues to ensure that all fees not legally limited, market based, or subsidized provide for full cost recovery. The results of these efforts have been incorporated into the recommended Fee Schedule for FY 2013/14. New fees or fees that are proposed to be adjusted by an amount other than inflation are discussed below.

New Fees

The following new fees have generally been proposed to address a new demand for service, to recover the cost resulting from a significant increase in demand for service that the City already provides, or to collect revenue for a service that has been provided at no cost but can be legally recovered from the user of the service. Each new fee has been carefully evaluated to ensure it covers the cost of providing each service.

Department of Community Development

Tree Removal Permit with Certified Arborist Report

This fee will provide an option for a property owner that wants to remove a tree and has already gone to the expense of obtaining an arborist's report. The staff time needed to field verify the condition of the tree is eliminated and the time needed to process a permit request is reduced. This newly recommended fee, proposed to be \$133, was prompted by a suggestion of a homeowner who felt a lower fee was appropriate because she already had an arborist's report (which Planning accepts to reduce the time required to review the permit).

Planning Commission Design Review (Except SFH/DUP)

Many Design Review permits are handled by staff and do not require a public hearing. However, in some of these cases, staff finds it would benefit from broader community input. As such, the Design Review is scheduled for a Planning Commission hearing. For these cases, fees are recommended to be the same as other Planning Commission public hearing items of similar complexity. The proposed fee of \$3,120 will help recover the costs associated with supporting the public hearing (noticing in the newspaper, mailed notices, posting of notices, staff reports, staff attendance at meetings, preparation of minutes, etc).

Department of Public Safety

Taxicab Franchises: 2-Year Franchise Fee – Renewal

Currently, the Application Fee and Renewal Fee for taxicab franchises are set at the same amount. Staff is proposing a separate fee for renewals that does not include fingerprinting costs, as fingerprinting is not performed every year. As such, a separate Renewal Fee of \$1,502 is proposed to be charged, which is based on the proposed Application Fee amount less the cost of fingerprinting.

Taxicab Franchises: Driver's Permit Fees - Change of Company

When a taxicab driver changes companies, staff is required to reissue the permit and change all existing paperwork from the previous company to the new company. Staff is proposing a fee of \$56, which represents one hour of staff time to process these changes.

Fire Prevention/Inspection Service Fee - Community Care State Licensing Inspection

Per California Government Code, Health and Safety Code (HSC) 13235, the Department of Public Safety (DPS) is required to conduct pre-inspections of facilities that have applied for a State license to operate a community care facility, residential care facility for the elderly, or child day care facility to ensure compliance with fire safety regulations. The State has authorized local jurisdictions to recover the actual costs associated with conducting these inspections. This fee will allow cost recovery of the time required by Fire Prevention Specialists in the Fire Prevention Unit to conduct a pre-inspection of prospective licensees of a community care facility prior to final fire clearance and approval of the facility by the Community Care Licensing Division of the California Department of Social Services. Staff is proposing a fee of \$144 per hour, which represents the cost of the service.

Department of Public Works

Right of Way Encroachment - Traffic Control Plan Review Fee

The current Right of Way Encroachment Permit fee rate does not cover the service to review traffic control plans. As such, staff recommends a Traffic Control Plan Review Fee to be applied to permits that have a traffic control plan. The proposed fee amount, \$105, is based upon staff resources needed to recover the cost of providing services.

Right-of-way Usage Fee (for private fiber optic/network facilities) per linear foot

Trenching within the public right-of-way decreases the lifecycle of pavement and accelerates the need for maintenance. Staff recommends a fee in the amount of \$15 per linear foot, which will provide the additional funding required to maintain affected sections of roadway outside the normal maintenance cycle.

Planning Application Reviews (per project)

Public Works engineers currently review planning applications as a program activity; however, the City is not currently recovering costs for these services. As the City is experiencing a higher volume of Planning Application Reviews with the recent surge in development activity, more complex and mixed-use projects are being submitted, which require significant Public Works resources to review. Tentative map review and other planning applications are subject to rules and regulations of the California Subdivision Map Act, California Environmental Quality Act (CEQA), Sunnyvale Municipal Code, regional agency guidelines and other applicable statutory requirements. With the higher volume of activity and the increased complexity, charging fees for these engineering services is needed to ensure the City does not fall behind in its cost recovery efforts for services.

Four types of planning application fees are necessary to generally cover the majority of services provided, and these fees are being proposed for inclusion in the FY 2013/14 Recommended Fee Schedule. The base fee amount of \$340 is based upon minimum staff resources needed and would be charged to all planning application reviews. Other fee items would be added to the project as applicable. The tentative parcel map review (4 lots or less) fee of \$760 covers reviews that are generally less complicated, while the tentative map review (5 lots or more) fee of \$2,340 covers reviews that are more complex in nature and can involve items such as utility impacts and traffic impacts. Finally, the fee of \$4,680 for Project Reviews Associated With Major Planning Applications is proposed to cover the significant staff resources that will be needed for such a review. These proposed tentative map review fees are different and separate from the existing Parcel Map and Final Map plan check fees.

Non-Standard Fee and Charge Adjustments

The following fees were adjusted by an amount different than labor-based inflation:

Development Impact Fees

The City charges development impact fees on new developments to mitigate the costs of infrastructure or facilities necessitated by that development. Since these fees are not labor-based, they are adjusted based on different factors, as discussed below:

Park Dedication In-Lieu Fee (Department of Community Development)

Staff is currently preparing the scope of work for an outside consultant to perform a land valuation study that will be the basis for the proposed Park Dedication Fee. For the FY 2013/14 Recommended Fee Schedule, the Park Dedication Fee is listed as “pending”. Staff will return to the City Council with the proposed Park Dedication Fee once the results of the land valuation study are known, which is expected to be in late June or sometime in July. Until then, the existing fee of \$69 per square foot will be in place.

Sense of Place (Department of Community Development)

This fee was increased 2.4% in accordance with the Construction Cost Index (CCI) for the period of May 2012 to May 2013, as reported by Engineering News-Record.

Housing Mitigation Fees (Department of Community Development)

At the June 10, 2008 Council meeting, City Council directed staff to use the Consumer Price Index (CPI) to index this fee in future years (RTC 08-190). The CPI increase for the period of April 2012 to April 2013 is 2.4% for the San Francisco Area, as reported by the United States Department of Labor, Bureau of Labor Statistics. The Housing Mitigation Fee for FY 2013/14 has been adjusted to reflect this inflationary increase.

Transportation Impact Fee (Department of Public Works)

These fees have been increased 2.4% in accordance with the Construction Cost Index (CCI) for the period of May 2012 to May 2013, as reported by Engineering News-Record.

Department of Community Development

Special Development (SDP)/Use Permit (UP): SFH/DUP

The fees for single-family homes have historically been set well below the actual cost of services. As new permit applications were added (e.g. Design Review requiring a public hearing), higher fees were set to reflect full cost recovery. Staff recommends increasing this fee

to \$391 to bring all single-family home and duplex public hearing items to the same fee amount.

Art Permit Reviewed by Arts Commission

Staff recommends increasing this fee to \$2,921 to cover additional staff time required to oversee the Art in Private Development process. Currently, each project requires an average of 48 hours of staff time, and the current fee of \$2,545 is only about 78% cost recovery. Staff is recommending increasing this fee to ensure full cost recovery; however, staff recommends doing so over the next two years to phase in the effect. For the FY 2013/14 Recommended Fee Schedule, staff is recommending to increase this fee to \$2,921, which will increase cost recovery to 89%. The remaining increase to achieve full cost recovery will be incorporated in FY 2014/15.

Department of Environmental Services

The majority of the fees in this section were increased by 2.4%, in accordance with the Construction Cost Index (CCI) for the period of May 2012 to May 2013, as reported by Engineering News-Record. Exceptions to the 2.4% increase include Section 9.02D, Water Meters, and Section 9.05, Groundwater to Sewer Discharge. Each of these sections was increased to reflect the actual cost of labor, including overhead, support services, and materials needed to complete the given task or provide the required service.

Staff is recommending a larger than usual increase to radio read meters (Section 9.02D) for FY 2013/14 because fees for water meter installations, which are charged to developers when putting new connections into service, did not previously include all the costs associated with the meter installation. For example, the fees didn't include the fittings and other parts required, or accurately reflect the time required for a typical installation. The proposed fees, ranging from an increase of approximately 10% (2" Meters) to 30% (1" meter), now reflect full cost.

Delinquency Processing Fees and Turning On And Restoring Water Service Fees are proposed to be held flat for FY 2013/14 to continue to align with the cost of service.

Department of Library and Community Services

Library fees are recommended to be held flat for FY 2013/14. This keeps them in sync with the fees and fines charged by the Silicon Valley Library System.

The only other fees from the Library and Community Services Department that are included in the Fee Schedule are the Refundable Damage Deposits and Application Fees for Community Special Events. The range of Refundable Damage Deposits (\$500-\$5,000) has been listed for FY 2013/14 because there are different costs depending on the facility being used and the scope of the event. Previously, the deposit was a flat fee of \$2,000.

Application Fees for Community Special Events are proposed to be increased by 2% to reflect an increase in the cost of providing this service.

Department of Public Safety

As part of the budget preparation process, a detailed analysis of all Public Safety fees was performed to ensure that they reflect both the direct and indirect costs of providing the service. This analysis included review of the time and materials required to provide the service. In the majority of cases, fees are proposed to be held flat to FY 2012/13 amounts. Proposed changes

from FY 2012/13 are primarily due to a re-alignment of personnel that resulted in different personnel providing certain services or analysis indicating additional time is required to provide the service. Below is a brief discussion on fees of note.

For the following types of fees, a review of the current amounts charged for providing these services determined they are sufficient to cover their costs. As such, they are held flat to their FY 2012/13 amount in the FY 2013/14 Recommended Fee Schedule.

- Alarm Permits
- Fire Prevention Permits
- Hazardous Materials and Certified Unified Program Agencies (CUPA) Permits

The following fees are based on state and local law and are compared with neighboring cities during the fee update process. Since there have been no new violations, penalties, or assessments added to state or local law, and current fines remain consistent with surrounding cities, these fees are recommended to be held flat in FY 2013/14.

- Civil Penalties for Parking Violations
- Administrative Citations

False Alarm Fees have also been held flat. The fees are not based on the cost to provide service but are instead set to discourage false alarms. Staff believes the current fee structure adequately meets the intended objective.

The following fees are recommended to be decreased primarily to reflect changes to personnel providing the service; less-costly civilian hours are now used in the calculation of the cost to provide service in place of a sworn officer's hours, which reflects current practice:

- Taxicab Franchises: Driver's Permit Fees, Application - Decreased from \$205 to \$178.
- Taxicab Franchises: Driver's Permit Fees, Renewal - Decreased from \$144 to \$117.
- Applicant Fingerprint Fee - Decreased from \$66 to \$61.
- Adult Establishment License/Massage Establishment License (Not Certified with CAMTC), Background Check for Each Additional Owner - Decreased from \$204 to \$199.

In addition, staff recently compared the City's animal licensing fees against other Bay Area jurisdictions and determined that the City's animal licensing fee for unaltered dogs, currently set at \$150, is in the higher end of the range of licensing fees. As a result of this study, and based on input from Council and members of the community, staff recommends lowering this fee to \$100 for the FY 2013/14 Fee Schedule. Staff believes a \$100 fee is appropriate because it better aligns with the mid-range fee of other Bay Area jurisdictions while maintaining its intent of encouraging pet owners to spay or neuter their pets. Currently, a number of local jurisdictions, including Mountain View and Santa Clara, charge \$100 to license an unaltered dog.

Department of Public Works

Staff Review of Transportation Study

This fee was originally approved by Council in March 2012 as part of the Resolution to Amend the Master Fee Schedule for Land Development-Related Transportation Study Preparation and

Review (RTC 12-054). It is currently set at \$1,346, which is consistent with the fee for Staff Review of Environmental Study. However, staff is proposing changing this fee to 10% of actual consultant costs due to the variance in complexity of different transportation studies and to better ensure cost recovery.

Municipal Golf Course Green Fees

Golf fees are market based and staff has completed the annual Market Survey of Golf Fees (Attachment B), which provides an overview of basic weekday and weekend fees and a comparison with the Sunnyvale fees for each course. Based on the results of the survey and current market conditions, fees for FY 2013/14 are recommended to be held flat.

Deletions

Department of Community Development

Cleanup Deposit (Christmas tree lots and pumpkin patches)

Staff recommends rescinding this fee, as it has never been used. Given staff's experience with the Mobile Vendor Clean-up Deposit, staff estimates that the time and resources to administer and refund the deposit will cost more than the deposit itself. Operational standards for vendors to maintain their surrounding area in a cleanly manner, and the ability for enforcement officers to enforce this provision also render the deposit unnecessary.

Quality in Construction Manual

Staff recommends deletion of this fee from the Fee Schedule, as this document is no longer available for purchase.

Department of Finance

Bingo Fees – Gross Receipts Fee

SMC Chapter 9.37.030 classifies bingo licenses as Category A and Category B licenses. All current bingo licenses are classified as Category A, which are not subject to this fee. The Gross Receipts Fee pertains to Category B licenses, which are issued by Council and are subject to additional regulations outlined in SMC Chapter 9.37.030. There have not been any Category B licenses issued for the past ten years. Staff recommends deletion of this fee from the Fee Schedule, as current zoning regulations do not allow for Category B licenses.

FISCAL IMPACT

The impact of proposed adjustments to these fees has been incorporated in the recommended FY 2013/14 Budget and Resource Allocation Plan. Attachment A presents the proposed Fee Schedule for FY 2013/14, reflecting proposed fees and charges.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall, at the Sunnyvale Senior Center, Community Center and Department of Public Safety; and by making the agenda and report available at the Sunnyvale Public Library, the Office of the City Clerk and on the City's Web site. Notice of the public hearing on the proposed fees and charges was published in the Sunnyvale Sun on May 31st and June 7th. Notice was sent to the Building Industry Association and the Tri-County Division of the California Apartment Association, which requested notice pursuant to the Government Code.

Boards and commissions wishing to make comments, suggestions, or recommendations may testify at tonight's public hearing.

RECOMMENDATION

It is recommended that the public hearing be held to meet the requirements of the City Charter and the California Government Code. Council should provide direction to staff on any fee requiring further review prior to the budget adoption on June 25, 2013.

SECTION 9.02 WATER AND SEWER CONNECTION FEES

Pursuant to Section 66001 of the Government Code, the City Council hereby determines:

- (1) The purpose of the water and sewer connection charges is to assure payment by developers of their pro rata share of the escalated cost of the City's water and sanitary sewer system.

- (2) The charge will be used to reimburse the City for the owner or developer's fair share of the use of the water system and sanitary sewer systems.

- (3) There is a reasonable relationship between the use of the fees, the need for a water system, a wastewater treatment plant, and the types of development projects upon which the fee is imposed. All development projects create varying needs for the consumption of water which cannot be fulfilled unless the project is connected to the municipal water system to assure an adequate supply of water to each project. Plus, each project creates a need for sewage conveyance, disposal and treatment. The degree to which each project is charged is based upon factors related to the degree of potential usage, such as: type and size of projects, number of units, and calculations of the escalated cost of the City's sanitary sewer system; the current system capacity; the cost of conveyance, treatment and disposal per equivalent single-family dwelling unit; and the estimated daily discharge for each facility to be connected to the sanitary sewer system, taking into account proportionate average daily discharge of sewage, total organic carbon, sewage, suspended solids, and ammonia nitrogen.

The fees or charges shall be collected from the owner or developer of property either (1) prior to approval of the original connection of the property to the water or sanitary sewer system, or a redevelopment with incremental impact, or (2) in the event the uses being made of the property presently connected to the system are enlarged, added to, or further structures are constructed on the property.

WATER AND SEWER CONNECTION FEES (cont'd.)						
A. <u>Water Frontage Fee.</u> A frontage fee per lineal foot of frontage shall be paid by the owner or developer of property contiguous to a public right-of-way in which a water main (8" water line) has been installed or is to be installed without direct expense to the owner or developer other than payment of the charges specified herein. Frontage of corner lots, as the term "frontage" is used herein, shall mean the side of the lot to which the City has authorized a water connection.	<u>\$51.00</u>	<u>\$52.00</u>	799918	3053		Water Frontage Fees
B. <u>Water Connection Fees.</u>						
The following definitions shall be used for the purpose of determining the connection fee in this section:						
(a) A residential "unit" shall mean one or more rooms used for living purposes by one family.						
(b) A commercial, industrial, or institutional "unit" shall mean each one thousand (1,000) square feet of gross floor area, or fraction thereof, devoted to commercial, industrial, or institutional purposes.						
(c) "Institutional property" shall mean property used only for the erection and maintenance of church, school, hospital, or public buildings.						
The connection fee to be paid for each parcel or property served through the same water lateral by the owner or developer of residential, commercial, industrial, or industrial property shall be computed as follows:						
<u>Residential Units</u>						
Standard Occupancy Unit (with 3 or more bedrooms)	<u>\$521.00</u>	<u>\$534.00</u>	799918	3050		Water Connection Fees
Low Occupancy Unit (with 1 or 2 bedrooms, 2 bedrooms and den)	<u>\$380.00</u>	<u>\$389.00</u>	799918	3050		Water Connection Fees

<p>The following definitions shall apply to this section:</p> <p>(1) Hydrant service area shall be defined as the area that a hydrant will serve the normal fire protection needs as determined by the City, taking into account the street pattern, type of development, size of water service mains, and all other factors bearing on plans for fire prevention and suppression.</p> <p>(2) Frontage shall be defined as (a) that side of the lot on which the water service is installed to serve the lot for one-family or two-family residential corner lots, (b) the frontage measured along all public rights-of-way of the parcel being developed or improved for commercial, institutional, industrial, or multiple family property.</p> <p>(3) Development or "Improvement" shall be deemed to occur when a Building Permit, Development Permit or Subdivision Agreement is required, except when the additional floor space is less than one additional residential unit or less than 1,000 square feet of additional gross floor area. In the case of developments other than residential, "development" or "improvement" shall also be deemed to occur whenever a parcel of property is redeveloped under a different zoning classification.</p> <p>A. FIRE HYDRANT SERVICE. The following fees shall be collected from the owner or developer of property at the time of the development or improvement of original property or additional development or improvement of the property; provided, however, such fees will be payable only for the hydrant service area of a hydrant previously installed or to be installed at no other direct expense to the owner or developer.</p> <p><u>Type of Property</u> Per front foot for each side of the street</p>

or:	<u>2 1/2 Times</u>	<u>2 1/2 Times</u>	799918		Deposits and Passthroughs	
the current cost of a hydrant meter.						
The total amount due and payable prior to the receipt of a meter is (permit fee plus deposit):						
	<u>\$2,419.00</u>	<u>\$2,477.00</u>	799918		Deposits and Passthroughs	
Each permit is valid through December 31 of the calendar year in which the permit was issued. Failure to return the hydrant meter on or before the expiration date shall result in automatic forfeiture of any deposit paid. When hydrant meters are returned prior to or on the expiration date, the cost for any consumption as measured by the meter shall be charged using the commercial rate block and deducted from the deposit amount. If a hydrant meter is not returned prior to or on the expiration date, the permittee shall be billed the cost of any consumption at the monthly commercial block rate. Any damages or missing hydrant wrenches will also be deducted from the deposit. The remaining balance shall be refunded. Any charges in excess of the deposit shall be billed to the permittee.

Massage Establishment, Therapist Licenses

Effective January 1, 2012, the California Business and Professions Code, Section 4612 as it applies to the California Massage Therapy Council (CAMTC) was amended as follows:

B&P 4612(a) CAMTC certified massage therapists have a right to practice massage without any other license, permit, or authorization except as provided in this section.

City shall not enact an ordinance that requires a license, permit, or other authorization to practice massage by: (1) an individual who is practicing consistent with their CAMTC certification, OR

(2) a massage business or massage establishment that only employs persons who are CAMTC certified.

City may adopt "reasonable health and safety requirements for massage establishments or businesses."

B&P 4612(b) This subsection only applies to:

1. Businesses where all persons employed by the business are CAMTC-certified.

2. Sole proprietors who are CAMTC-certified.

City may require of a massage business where all employees are CAMTC-certified:

The business must maintain on its premises evidence for review by local authorities that all persons providing massage services are certified.

The City may require business to file copies or provide other evidence of certifications of all persons providing massage services.

The City may charge a fee that is no different than the fee uniformly applied to all other individuals and business providing professional services in the City.

City may impose general zoning and other requirements that are generally applicable to all professional services.

City may enforce local building code and physical facility requirements that are generally applicable to other professional or personal businesses.

City may adopt reasonable health & safety requirements including cleanliness of massage rooms, towels and linens, reasonable attire and personal hygiene requirements, **but not additional qualifications such as medical examinations or criminal background checks.**

City may require an applicant for a business license to fill out an application that requests relevant information, make reasonable investigations into the information so provided, and deny or restrict a business license if the applicant provides materially false information.

B&P 4612(c) Owner is responsible for conduct of employees. Failure to comply may result in revocation of the owner's or operator's CAMTC certification.

B&P 4612(d) City has right to conduct inspections and may require owner/operator to notify City of change in name or ownership.

B&P 4612(e) **City can ONLY require a criminal background check of the owner if the owner is NOT CAMTC-certified and the owner owns 5% or more of the business.**
