

**Camp Voyager – 10:1 Ratio**  (7 – 11 years)

Campers explore and conquer new voyages each session. Camp activities include:

- Age-appropriate team building games, fun contests and challenges, along with engaging hands on projects that are appealing to kids ages 7 – 11.
- Dynamic indoor and outdoor games and activities designed specifically around the interest and skill level of older kids.
- Participate in one off-site field trip each session, typically on Wednesdays.

Art Camps**Visual Arts Camp** (7 – 11 years)

Aspiring artists will have hours of creative fun making imaginative pictures, collages and three-dimensional creations. Using a variety of media, campers can explore outer space, Monet's Garden, Van Gogh's Starry Night and nature's coral reefs. Discover how mathematics and nature join forces to create patterns in pinecones, leaves, flowers, shells and snowflakes. Please bring a snack and a smock. Non-refundable supply fee of \$30 is due to the instructor on the first day.

Visual Arts Mini Camp (5 – 7 years)

A shorter version of our popular Visual Arts Camp, Mini Visual Arts Camp is tailored for younger artists. Children use lots of vibrant paint, clay, oil pastels and other interesting stuff to create their own interpretations of Monet's Garden, Van Gogh's Starry Night and nature's coral reefs. Learn a little science along the way as we explore the planets, stars and Northern lights. Discover how mathematics and nature join forces to create the patterns in pinecones, leaves, flowers, shells, and snowflakes. Bring a smock and a snack. Non-refundable \$30 supply fee will be collected at first class.

Science/Technology Camps

LEGO® Engineering FUNdamentals (8 – 12 years)

Have your camper become a Play-Well Engineer! Build cities, bridges, motorized cars and planes. With access to over 100,000 pieces of LEGO®, campers build what they have only dreamed of, with the support of an experienced Play-Well engineering instructor.

LEGO® Jedi Engineering **NEW** (5 – 7 years)

Young Jedi explore worlds far, far away and engineering principles right in front of them. Defeat the Empire by designing and refining LEGO® X-Wings, R2-units and settlements on far-flung edges of the galaxy. Imagination and engineering combine to create motorized and architectural projects such as energy catapults, shield generators and defense turrets.

LEGO® Jedi Master Engineering **NEW** (8 – 12 years)

The Force is strong in this class. Campers build complex machines and structures based on the best designs from a galaxy far, far away. Projects include LEGO® X-Wings, AT-AT walkers, Pod Racers, Star Destroyers, Cloud Cities, settlements and fortresses. Play-Well's Jedi instructors reinforce key engineering concepts such as gear trains, worm drives, pneumatics, eccentric motion and more as students tap into the powerful forces of imagination and engineering.

**LEGO® Mine, Craft, Build NEW** (8 – 12 years)

Bring Minecraft to life using LEGO®. Build a motorized walking Creeper, a terrifying Ghast and a motorized Minecart. This project-based camp, designed by Play-Well instructors, combines the basic format of our core engineering-themed programs with the world of Minecraft. Students will explore real-world concepts in physics, engineering and architecture while building their favorite Minecraft objects. Students will have a blast, even without any prior experience with Minecraft or LEGO®.

LEGO® Robotics using LEGO® EV3 NEW (5 – 12 years)

Build and program robots using the new LEGO® Mindstorms EV3 system. Learn about mechanical and software design, loops, conditional statements, problem solving, and teamwork skills. Work in small groups to program and build your robot. Control the robot to avoid obstacles, pick up and carry objects and play sounds. Projects are structured so that students work in an open-ended, investigative environment while having fun.

Sciensational Camps Half Day/Full-Day Extended Care Options

For families looking for a full day of activities, pair morning and afternoon Sciensational camps and/or add extended care options for any of its camps this summer. For full-day campers, please send bottled water and peanut-free lunch and snacks each day. Half-day participants are expected to be picked up promptly at 12 noon, or dropped off no earlier than 1 p.m.

Advanced Robotics NEW (7 – 12 years)

Build and take home the Jungle Robot, an advanced level robot that includes a gear box. Campers see and learn how different types of gears mesh and are driven by a motor, and connect the motor, battery and microphone to a circuit board, which will program your sound-activated robot. There will be time in this camp for advanced robotics students to challenge their imaginations and skills as they work in small groups to build different robotic creatures and vehicles. Tires, motors, gears, wires and controllers are used to move these robots across the floor. After making trial runs, teams can modify their designs to increase their robot's capabilities before it is tested for speed, strength and endurance in Sumo battles, tug-of-war contests and time/distance tests. The robots built in this section of the workshop are not taken home. They are taken apart, so components can be reused to build yet another robotic creation.

All-Terrain Tracker Vehicle NEW (7 – 12 years)

How about some land rover excitement? Campers build and take home their very own All-Terrain Tracker Vehicle! It travels the rough terrain overcoming objects in its path. Test your vehicle on an obstacle course that includes sand, stones, twigs and balls. Compete against other robots in a timed race. Campers work in a group with new friends to design a robot they can control. Build a Sumo wrestler robot, and be part of our battle box events.

Blowfish Robocraft NEW (7 – 12 years)

Build a robot fish with big, puffy cheeks to take it home and try in a pool or bathtub. Test it at camp in our miniature pool. Our Blowfish Robocraft is propelled forward by a left/right moving tail fin and has a small motor. Campers learn about gears and circuits and how motors work, as they have fun building their Blowfish Robocrafts. You will also get to design and build other robots that can perform many tasks, including a car built for speed that can race on an obstacle course.

**Crime Scene Investigation** (7 – 12 years)

Your child will become a super science sleuth, learning about forensics, crime scene investigations and crime lab chemistry as campers perform experiments designed to show how tricky cases are solved. Campers search for the evidence, gather clues and discover how science can help solve a mystery. Participants will dust for fingerprints, analyze handwriting, test for blood type using simulated blood, examine hair and clothing fibers, practice chemistry to identify mystery substances and much more. Participants will then use their skills to solve crimes of the century.

Would your child like to fly a toy he or she designed and built, instead of just a model you purchased at the toy store? Build and keep an air- powered Hover Craft, along with a car and an Egg-Drop Car. Campers learn about laws of motion, energy, air pressure, friction, lift, speed and acceleration as they build these toy vehicles.

Hyper Peppy Robotics (7 – 12 years)

You child can build and take home a Hyper Peppy Robot. It’s sound-activated. Clap your hands to get it moving. It has a very sensitive touch/sound sensor. When it comes in contact with an object, it will automatically go into reverse and then turn left before embarking on a new course. It’s fast! Adjust its sensitivity to sound. See first-hand the many gears, circuit board, microphone and easy-to-assemble mechanical drive system. Campers will build other robots in small groups and build confidence along the way.

Make It and Take It Home Camp **NEW** (5 – 11 years)

Campers will make and take home a wide assortment of toys designed to teach science concepts in a hands-on way. Grow and take home a crystal tree. Build an electric motor. Make glowing silly putty, and create green flubber. Plus, campers will learn some cool chemistry as they make their own sharpie pen T-shirt and create an energy bead bracelet, where those amazing beads turn from white to a rainbow of colors before their eyes. To end the week, campers will make ice cream in an incredible, different, Sciensational way! Camper must supply their own white 100% cotton T-shirt for camp activity.

Acting Camps

Movement-Based Acting Camp (7 – 14 years)

Acting uses your whole body! This process-oriented camp employs Anna Halprin’s Tamalpa Life-Art technique, similar to method acting, to help young actors discover and convey a character’s emotions. Class begins with a ballet-based warm up and meditative centering and incorporates modern dance, acting exercises, drawing, word play and other creative activities. Parents are invited to watch the final class meeting. First-time performers welcome. Wear comfortable clothes and dance shoes. Calling all skaters! Campers will enjoy this awesome sport with a focus on skateboarding safety, fundamentals, technique, as well as balance and coordination. Whether your camper is new to the sport or just wants to be a better skateboarder, each session will include skateboard instruction from qualified professionals, games, and free play time to try out what they have learned and build their self-confidence. Skateboard and a helmet are required. Safety pads are strongly recommended. Parent/guardians must sign waiver form with registration. Campers who would like to extend their day may also sign up for the **Bridge Option**.

KLS Soccer Camp

(5 – 10 years)

Spend a week enjoying the world's most popular sport in a fun, recreational environment. Learn and practice soccer skills including: dribbling, passing, receiving, shooting and defense. Everyone is a winner as the week's fun culminates in an age-appropriate "World Cup" tournament. Each day we will reinforce the skills we learned by ending the day with a soccer match. All campers will receive a soccer ball and Kids Love Soccer jersey. All participants must wear shin guards. Soccer shoes and sunscreen are recommended. Half-day campers bring a full water bottle and a snack. All-day campers bring a full water bottle (1.5 liter minimum), snack and a bag lunch.
