

**Council Meeting: June 15, 2010****SUBJECT: Public Hearing - Annual Review of Fees and Charges for Fiscal Year 2010/2011****REPORT IN BRIEF**

The current fees and charges of the City have been reviewed in accordance with the Fiscal Sub-Element of the General Plan. After an extensive and detailed review of fees, adjustments have been made to the proposed Fee Schedule as necessary to ensure that all fees and charges are aligned with the cost to provide each service, except for those fees that are legally limited, market based, or in some cases, as discussed below, subsidized.

Fees that are legally limited remain unchanged. Some fees were adjusted by the increase in labor costs of the work unit that provides the service. As part of the effort to ensure that the City is maximizing cost recovery, a review of City services is regularly conducted. In many cases, a Time/Motion study was conducted to determine if the fee needs to be adjusted. Through this process, staff identified a number of areas for which fees had not been previously collected. A new fee for each of these identified services has been recommended for inclusion in the proposed fee schedule. The majority of new fees are related to the development process and services provided by Community Development, Public Works, and Public Safety. The proposed Fee Schedule (Exhibit A of Attachment A) details all recommended fees.

BACKGROUND

Tonight's public hearing is to allow public input and comment on fees and charges that will be effective for FY 2010/2011. This hearing on the proposed fees will be followed by formal action to adopt updated and new fees on June 29, 2010.

The attached Fee Schedule references all City fees, except the proposed utility rates. Fees related to utility services (water, refuse, and sewer) are adopted by Council when the utility rates are set. This is done as a separate action at tonight's Council meeting. Any Council-approved changes to the utility rates will be updated in the Fee Schedule when the utility rates are adopted.

Most new fees become effective at the start of the new fiscal year on July 1, 2010. There are three exceptions: Changes to Development Processing fees (filing, accepting, reviewing, approving, or issuing an application or permit) and

mitigation fees become effective 60 days after adoption (in accordance with §66017 of the California Government Code). Golf fees go into effect on April 1, 2011 because they are adjusted with the golf season.

EXISTING POLICY

The fiscal Sub-Element of the General Plan states that user charges and fees should be adjusted at least annually to avoid sharp changes (B.5.2), user fees should be established at levels which reflect the full cost of providing those services (B.5.4), and Council may determine whether a subsidy for any service is in the public interest (B.5.5). The annual review and adjustment of fees and charges is in accordance with these action statements.

Section 66016(a) of the California Government Code provides that, prior to levying a new fee or service charge or approving an increase in an existing fee or service charge, the City shall hold at least one public meeting at which time oral or written presentations can be made.

DISCUSSION

With the exception of golf green fees, the attached Fee Schedule does not include recreational fees. The Director of Community Services is authorized to administratively establish the fee schedule for recreation activities and services. Their fees are established based upon market conditions and City Council adopted policies to ensure fairness and accessibility while attaining fiscal self-sufficiency. The recreational fee schedule shall be published and available to the public.

Staff has made adjustments to the proposed Fee Schedule as necessary to ensure that all fees and charges are aligned with the cost of service, except for those fees that are legally limited, market based or (in some cases) subsidized. The proposed Fee Schedule (Exhibit A of Attachment A) details all recommended fees. For ease of administration, many fees have been rounded to the nearest logical unit.

The water, solid waste and wastewater fees are proposed to increase by 7.5%, 7.5% and 4.5% respectively. The proposed fees related to water, solid waste and wastewater services will be adopted by a separate action of the City Council. Once those fees have been approved by Council, they will be incorporated into the Citywide fee schedule.

The City's Fiscal Policy guides staff to set fees for services to recover cost where possible and legally allowed. Staff continues to ensure that all fees not legally limited, market based, or subsidized provide for full cost recovery.

The results of these efforts have been incorporated into the recommended Fee Schedule for FY 2010/2011. New fees and fees that are proposed to be adjusted by an amount other than inflation are discussed below.

New Fees

The following are new fees that have been proposed by staff for FY 2010/2011. These fees have generally been proposed to address either a new demand for service, to recover the cost resulting from a significant increase in demand for service that the City already provides, or to collect revenue for a service that has been provided at no cost, the cost of which can be legally recovered from the user of the service. Each fee has been carefully evaluated to ensure it covers the cost of providing each service.

Department of Community Development

In the course of reviewing the services provided to the community, the Planning Division has proposed a number of new fees. Many of the services associated with these fees are already being provided to the community at no charge. In each case, a modest fee has been recommended. Specific details on each new fee are described below.

Technology Surcharge

This fee has been created to recover the cost of the permitting software system and will go into a special fund for the express purpose of replacing the City's current SunGIS system and provide for the ongoing maintenance and software support of the new system. The fee is \$17 per permit or review.

Design Review: Single Family Home (no hearing)

This fee was not previously charged by the City and a fee of \$125 is being recommended.

Zoning Exceptions: Single Family Home/Non-Single Family Home

Two new fees have been added for Zoning Exceptions. Both of these fees are results of changes to the code relating to energy savings and a new process resulting from that code change. Staff is proposing the same fee of \$103 for single family homes and non-single family homes.

Telecommunications Facility: Certificate of Compliance

The Certificate of Compliance is a new fee resulting from changes to the code regarding how telecommunication facilities are reviewed and a new process resulting from that change. Staff is recommending a charge of \$289.

Review of Transportation Demand Management Plan

This fee was previously provided free of charge. Staff is recommending a charge of \$669 for this plan review.

Mills Act Contract Request

This fee is associated with a state law that allows for a tax break for heritage properties. The tax exemption must be approved by Council. The recommended fee is \$2,338.

Appeal of Heritage Preservation Commission Decision

This fee, although not new, is now delineated in the fee schedule from other decision appeals. All decision appeal fees are proposed to be \$125.

General Plan Amendment Initiation

The application for a General Plan amendment has previously been provided free of charge. Staff is recommending a charge of \$1,020.

General Plan Amendment (initiated by Council)

This fee is not a new fee. It was dropped from the fee schedule in error last year. However, the fee in Fiscal Year 2008/2009 was \$4,540. Staff is recommending that the fee be once again included in the fee schedule with a proposed fee of \$4,862.

Re-Roofing Permit

These new permit fees have been set at a flat rate of \$205, \$288 or \$359 based on the square footage of the building. Formerly these fees were calculated using the Building Permit formulas.

Photovoltaic Systems

Last year, this fee was “not to exceed \$249” and it was based on the building permit formula. Staff is recommending that this fee be established as a flat fee of \$249 for single family residences and duplexes as well for the sake of simplicity.

Department of Finance

Business License Tax

The Business License Tax is now indexed annually based upon the San Jose/San Francisco/Oakland MSA Consumer Price Index. The Municipal Code requires that the indexed tax table be included in the City’s Master Fee Schedule. According to the ordinance, the tax rate structure for the 2011 tax year is as follows:

“For businesses based on employees or rental units, thirty-one dollars and thirty-two cents for the first employee, fifty-two dollars and twenty one cents for two to five employees or rental units, or portion thereof, and fifty-two dollars and twenty one cents for each additional group of five employees or rental units, or portion thereof, up to a maximum of nine thousand, nine hundred

nineteen dollars and ninety cents for employees and four thousand four hundred thirty seven dollars and eighty five cents for rental units. For businesses with both employees and rental units, the tax shall be based on the greater number of employees or rental units.”

The entire tax table is available on the City’s website, at City Hall and at the City Hall Annex.

Department of Public Safety

Engine Company Standby Time-Per Hour

This new fee is being recommended to recover the cost incurred when an engine company is required to be present in case of a hazard or a large event requiring their presence. The proposed fee is \$389.

Fire Prevention and Engine Company Re-Inspection

This new fee is being recommended to ensure ongoing compliance with Fire Code regulations or timely correction of self-certification items. If staff is required to return to the site to confirm that the violation has been corrected, a \$100 fee will be assessed.

Vicious Animal Permit

Staff is proposing a new Vicious Animal Permit fee. This proposed new fee of \$239 will be set at the same amount as the Animal Establishment Permit.

Civil Penalties For Parking Violations

Staff is proposing a new parking violation fee for Preferential Parking Prohibitions, Registration Tabs Required, and Unregistered Vehicle. Each fee is proposed to be \$50.

Department of Public Works

In the course of reviewing the services provided to the community, the Public Works Department has proposed a number of new fees. Many of the services associated with these fees are already being provided to the community at no charge. In each case, a modest fee has been recommended.

Right of Way Encroachment Permit Fees

Staff is proposing that three new fees be implemented as follows:

- Refund for Permit Cancellation-(to cancel a permit, a \$126 fee will be charged)
- Permit Extension-\$46
- Permit Revision-\$108

Certificate of Correction/Amendment of Map

Staff is proposing a new fee of \$356. This service has been provided free of charge in the past and implementing this new fee will bring the City to cost recovery. This fee would be imposed to make corrections to a map or a land survey.

Assessment District Apportionment Fee

Staff recommends that a cost recovery fee for providing this service be implemented. The actual fee will vary and will be equal to the cost incurred by the City to provide the service.

Building Permit Clearance Fees

If the building permit is related to a subdivision or a major planning permit, the proposed fee is \$2,321. For all other building permit plan reviews, the proposed fee is \$395.

After Hours/Third Party Plan Check and After Hours Inspection

Staff recommends that a cost recovery fee for providing these services be implemented. The actual fee charged will vary and be equal to the cost incurred by the City to provide the service.

Right of Entry

This new fee is proposed to be assessed on applicants who wish to either occupy the public right of way or conduct activities on property owned by the City or the Sunnyvale Redevelopment Agency for various purposes. The proposed fee is \$452 per lot.

Non-Standard Fee and Charge Adjustments

The following fees were adjusted by an amount different than inflation. Proposed subsidized fees are also discussed in this section.

Department of Community Development

Design Review: Single Family Home (public hearing)

This fee was previously \$123. Staff is recommending that this fee be increased to \$366 in order to get closer to cost recovery.

Review of Telecommunication Facilities: Five Year Director of Community Development & Renewal of Permit fees

The Five Year Director of Community Development fee has been eliminated since it was redundant. It is now combined with the permit renewal fee.

Tree Removal Permit

Pacific Gas & Electric (PG&E) has requested that they be exempt from the Tree Removal Permit (TRP) fees. Prior to the imposition of this fee, PG&E regularly used the e-Onestop service to apply for the permits. In all cases, the TRP was granted and in many cases, a replacement tree was required. Since the imposition of the fee, PG&E has continued to maintain the area in their easements, however they have not request the TRPs. Staff believes it is reasonable to provide a no fee permit as in all cases, the request is to maintain safety around electrical facilities and no staff time would be required to inspect the site. Staff will streamline the process for TRP requests from PG&E to minimize expense to the City. Staff notes that it is for the community's benefit that PG&E regularly inspects trees for potential hazardous conditions and takes appropriate corrective action by removing the trees when necessary.

Zoning Letters or Data Research Fee

Zoning Letters are typically provided to financial institutions confirming whether the use of the property conforms to the zoning district. Staff recommends an increase to this fee in order to better align the fee to the cost of providing the service. The proposed fee is \$87.

Occupancy/Miscellaneous Inspections

The Building Division has made a few changes to the fee schedule to simplify the process for customers while maintaining the intent and integrity of the fees. The Occupancy Inspection charge has been combined with the Miscellaneous Inspection charge and set at a flat fee of \$216.

Building Division/Fire Protection Re-Inspection Fee

Staff is recommending that this fee be increased to \$216 in order to be consistent with other re-inspection fees.

Request for Copies of Professionally Designed Plans

Staff recommends an increase to this fee in order to be cost recovery. The proposed fee is \$87.

Grading Permit Fee

The Grading Permit was previously set as a percentage of the cost of the grading work. Staff's recommendation is to set a flat fee of \$606.

Demolition Permit

Staff reviewed the cost of services provided and has adjusted the fee accordingly. The proposed new fee is \$258.

Sign Permit

Staff reviewed the cost of services provided and has adjusted the fee accordingly. The proposed new fee is \$112.20.

Below Market Rate (BMR) Program Fees

These fees were developed for services provided to process BMR purchase applications, BMR re-finance requests, and certification of eligibility for BMR renters. Staff reviews and verifies the documentation submitted on eligibility and preference points to purchase a BMR. With the submittal of their application to purchase, an applicant pays a non-refundable filing fee for processing of their application.

City staff time is also required to process a refinance. Staff works with the applicant from the initial request until escrow is closed and the recorded Deed of Trust is received.

In the BMR Rental Program, each property owner/manager maintains a waiting list for their property. Each applicant is granted preference points to determine their priority placement on the waiting list. The City issues a "Certificate of Eligibility" to each applicant so that there is uniformity in the review of documentation and assignment of preference points using the City's database.

Staff recommends that all fees under this program remain unchanged. These fees are reasonable, within the same range as fees charged by other entities, and are below the actual cost for processing. These program fees are subsidized by other housing fees.

Department of Libraries

The majority of Library fees are either in sync with the fees and fines charged by the Silicon Valley Library System or they are set to recover costs. Those deemed to be cost recovery have been studied. A detailed analysis was conducted to ensure that fees reflect both the direct and indirect cost of providing the service.

Processing Fee for Lost or Damaged Paperbacks, Boardbooks, Magazines and Pamphlets

Last year's fee schedule had two processing fees for lost or damaged paperbacks, boardbooks, magazines, and pamphlets. One was a processing fee when no acceptable replacement item was provided. Staff is recommending an increase in this fee from \$4.75 to \$5.

The other fee was a processing fee when an acceptable replacement item was provided to the Library in place of the item that was lost or damaged. That fee is being eliminated. Library staff no longer accepts replacement items.

Processing Fee for Lost or Damaged Items (other than Paperbacks, Boardbooks, Magazines and Pamphlets)

Similar to the previous paragraph, last year's fee schedule had two processing fees for these lost items. Staff is recommending eliminating the processing fee if a replacement item is provided since they no longer accept replacement items.

Interlibrary Loan Materials

These fees are being eliminated from the fee schedule. The Library is no longer using the Online Computer Library Center (OCLC) program because it was not being used by Library patrons. This service has been replaced by Link +, which is an interlibrary loan program that is provided to patrons free of charge.

Department of Community Services

General Activity and Recreation Fees

The Director of Community Services sets Activity and Facility User Fee Schedules (other than golf fees, which require Council approval) based on market conditions and City Council adopted policies. The schedules are published at least annually by the Department of Community Services, and will be made available to the public.

Golf Fees

To avoid having fee changes in the middle of the golfing season, golf fees go into effect on April 1 of every year. Since most other fee changes become effective with the start of the fiscal year, proposed golf fees for future years are presented for Council's consideration ten months in advance.

Golf fees are market based and staff has completed the usual Market Survey of Golf Fees (please see Attachment B) that provides an overview of basic weekday and weekend fees and a comparison with the Sunnyvale fees for each course.

At this time, staff is recommending no increase to golf fees. However, staff may review the fees again and bring proposed changes to Council for Council consideration prior to April 2011.

Department of Public Safety

As part of the budget preparation process, a detailed analysis of all Public Safety fees was again performed to ensure that fees reflect both the direct and indirect costs of providing the service. Many of the Public Safety fees are proposed to be adjusted for inflation. Those fees have been adjusted by the increase in labor costs of the work unit that provides the service and the increase in goods and services. Fees that are adjusted by an amount other than inflation are discussed below.

Copy of an Incident Report

Public Safety has reviewed a Department of Justice (DOJ) study related to the cost per page of providing incident reports. In addition, a review of the Public Records Act was conducted by the Office of the City Attorney. Under the Public Records Act, the fee that may be charged is limited to the direct cost of duplication (cost of paper, toner, and the time it takes to make the copy) of the record. Therefore, staff recommends that this fee be reduced from \$1 per page to \$.15 per page.

Vehicle Mechanical or Registration Violation Citation Correction

Customers routinely come to the Department of Public Safety to have the desk officer sign off on a "Fix It Ticket". These citations, which may be issued by any law enforcement agency, including the Highway Patrol, are issued for minor mechanical or registration violations, such as a broken light or missing registration sticker, and are intended to ensure that the responsible party fixes the issue with their vehicle. In order to avoid further penalties, recipients of these citations must have a police officer verify that the violation has been corrected.

A full cost recovery of this service results in a proposed fee of \$33 for non-residents. This fee has historically been waived for residents per Council direction.

Bicycle Licensing Fees

It is unlawful for any resident to operate a bicycle as defined in the California Vehicle Code unless it has been licensed and a current license plate is attached thereto. Although these fees have been collected for some time, the fees have not been specified in the fee schedule. The fee for a bicycle license, license renewal, license replacement or license transfer is \$3.

The revenue that these fees generate is de minimis in nature. Last fiscal year, \$317 in bicycle licensing fees was collected. The purpose of bicycle licensing is to promote the safety and education of bicycling, and to facilitate the return of a stolen bicycle to its owner. As part of its community outreach and education efforts, the department is requesting Council approval to hold occasional events where bicycles licenses are issued free of charge. The determination to waive the licensing fee at these events would be made by the Chief of Public Safety or the Chief's designee.

Fire Safety Operations Permits

California Fire Code requires the inspection and permitting of certain facilities and operations which, if unregulated, could pose a risk to the life or safety of the general public. The code further allows for the collection of fees for the permits with the exception of certain types of facilities. Several years ago, the Fire Safety Operations Permits were determined to be considerably understated

and the fees have been raised more than 55% over the last four years to move toward cost recovery. As significant increases have been made over the past few years, staff is recommending to only increase these permit fees by 5% for FY 2010/2011. This increase will not close the funding gap. However, it will ensure the funding gap does not increase. As a number of these permit fees impact small businesses, staff does not recommend attempting to further close the revenue gap until the economic climate improves.

Staff is proposing that the Fire Operations permit for repair garages and motor fuel dispensing facilities with ten or more bays be increased from \$398 to \$503 to distinguish it from the permit fee for facilities with five to nine bays.

Hazardous Materials Operations Permits

These permit fees are proposed to be increased by 1%. This increase is recommended in order to get closer to full cost recovery without exceeding it.

Animal Licensing, Impound, and Boarding Fees

These fees are market based and are not intended to be full cost recovery. Staff believes that to set them to recover cost would jeopardize the program's mission of providing services for the general welfare of the community and preclude the department from being able to regulate the animal population in response to the legal guidelines set forth in the Health and Safety Code, the Food & Agriculture Code, the Government Code and our own Municipal Code.

Department of Public Works

The Public Works development fees relating to public facilities installation engineering and inspection have been reviewed and revised to be more equitable and easily understood by the developers while maintaining the intent and integrity of the fees. Fees are now based on a sliding scale based on the value of the project.

Groundwater to Sewer Discharge Fees

Staff re-evaluated the basis of these fees. These fees have been adjusted to reflect full cost recovery. The proposed fee for the annual discharge permit ranges from \$1,302 to \$2,894. The proposed fee for the one-time permit ranges from \$554 to \$2,146.

Alturas Avenue Residential Permit Parking Fee/Train Station Area Residential Parking Exemption Permit

When initially introduced, these fees were based on the estimated time required to process the permits. These fees were set at \$12.50. Now that the permit process has been established and staff knows the time involved to process these permits, staff recommends that these permit fees be increased to \$17.60.

Transportation Impact Fee

These fees are based on the Construction Cost Index, which has not been increased since the last review of fees. Therefore, staff recommends that these fees not be increased at this time.

Traffic Control Fees

The fee for traffic control devices for neighborhood block parties is \$25 if the City delivers and/or picks up the devices. This fee becomes a refundable deposit if the devices are picked up and returned by a block party representative. The original proposed fee was \$100. However, this fee was reduced to \$25 during Council consideration in 2004 and is therefore subsidized per Council direction. Staff recommends no increase to this fee at this time.

The other subsidized fee is the Lakewood Parade, which is defined as a Type 2 function. The standard fee for a Type 2 event is \$250. This event is limited to a fee of \$100 if a representative picks up and returns the traffic control devices, making this a subsidized fee.

Delinquency Process Fees

These fees are cost recovery fees and are being adjusted to reflect full cost recovery. These fees are imposed for delivering delinquency notices to customers as well as turning off and restoring water service. For simplicity sake, these fees are adjusted in \$5 increments whenever possible but will not be adjusted in excess of cost recovery.

Shopping Cart Containment Fees

Staff recommends that the shopping cart retrieval fee and the citation fee remain unchanged. However, a \$5 increase to the containment plan review fee is being recommended. That fee is proposed to be \$200.

FISCAL IMPACT

Recommended adjustments to these fees have been incorporated into the recommended FY 2010/2011 Budget and Long-Term Financial Plan. Exhibit A of Attachment A presents the proposed Fee Schedule for FY 2010/2011, reflecting proposed fees and charges. Any increases are necessary to reflect the cost of providing services.

PUBLIC CONTACT

Public contact was made by posting the Council agenda on the City's official-notice bulletin board outside City Hall, at the Sunnyvale Senior Center, Community Center and Department of Public Safety; and by making the agenda and report available at the Sunnyvale Public Library, the Office of the City Clerk and on the City's Web site.

Notice of the public hearing on the proposed fees and charges was published in the Sunnyvale Sun on May 28 and June 4. Notice was sent to the Building Industry Association of the Bay Area and the Tri County Division of the California Apartment Association, which requested notice pursuant to the Government Code. Boards and commissions wishing to make comments, suggestions, or recommendations may testify at tonight's public hearing.

RECOMMENDATION

It is recommended that the public hearing be held to meet the requirements of the City Charter and the California Government Code. Council should provide direction to staff on any fee requiring further review prior to the budget adoption on June 29, 2010.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SUNNYVALE FIXING AND ESTABLISHING FEES, RATES, AND CHARGES FOR GOODS AND SERVICES PROVIDED BY THE CITY OF SUNNYVALE

WHEREAS, the City Council is empowered to impose reasonable fees, rates, and charges for municipal services;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SUNNYVALE THAT:

1. The schedule of charges attached and incorporated as Exhibit "A" are hereby established.

2. All provisions of prior City Council resolutions establishing fees which conflict with the terms hereof are hereby superseded and rescinded.

3. The establishment of rates herein is exempt from the requirements of the California Environmental Quality Act pursuant to Public Resources Code Section 21080(b)(8) and the adoption of this resolution is for the purposes of (1) meeting operating expenses, including employee wage rates and fringe benefits; (2) purchasing or leasing supplies, equipment or materials; (3) meeting financial reserve needs and requirements; (4) obtaining funds for capital projects, necessary to maintain service within the existing service areas; and (5) obtaining funds necessary to maintain intra-city transfers.

4. This resolution shall be effective upon adoption, and shall be operative commencing July 1, 2010, unless specifically provided for otherwise in this resolution. Development process fees and Mitigation Fees become effective sixty (60) days after adoption in accordance with §66017 of California Government Code. Golf Fees become effective on April 1, 2011.

FEE SCHEDULE**

SECTION 8.03 WATER AND SEWER CONNECTION FEES	<u>Fiscal Year</u> <u>2009/2010</u>	<u>Fiscal Year</u> <u>2010/2011</u>	<u>Charge</u> <u>Code</u>	<u>Object Level</u> <u>3 & 4</u>	<u>Title</u> <u>(Obj. Lvl. 3)</u>	<u>Title</u> <u>(Obj. Lvl. 4)</u>
<p>Pursuant to Section 66001 of the Government Code: the City Council hereby determines:</p>						
<p>(1) The purpose of the water and sewer connection charges is to assure payment by developers of their pro rata share of the escalated cost of the City's water and sanitary sewer system.</p>						
<p>(2) The charge will be used to reimburse the City for the owner or developer's fair share of the use of the water system and sanitary sewer systems.</p>						
<p>(3) There is a reasonable relationship between the use of the fees, an the need for a water system, a wastewater treatment plant, and the types of development projects upon which the fee is imposed. All development projects create varying needs for the consumption of water which cannot be fulfilled unless the project is connected to the municipal water system to assure an adequate supply of water to each project. Plus, each project creates a need for sewage conveyance, disposal and treatment. The degree to which each project is charged is based upon factors related to the degree of potential usage, such as: type and size of projects, number of units, and calculations of the escalated cost of the City's sanitary sewer system; the current system capacity; the cost of conveyance, treatment and disposal per equivalent single-family dwelling unit; and the estimated daily discharge for each facility to facility to be connected to the sanitary sewer system, taking into account proportionate average daily discharge of sewage, total organic carbon, sewage, total organic carbon, suspended solids, and ammonia nitrogen.</p>						
<p>The fees or charges shall be collected from the owner or developer of property either (1) prior to approval of the original connection of the property to the water or sanitary sewer system, or a redevelopment with incremental impact, or (2) in the event the uses being made of the property presently connected to the system are enlarged, added to, or further structures are constructed on the property.</p>

FISCAL YEAR 2010/2011
FEE SCHEDULE**

	<u>Fiscal Year 2009/2010</u>	<u>Fiscal Year 2010/2011</u>	<u>Charge Code</u>	<u>Object Level 3 & 4</u>	<u>Title (Obj. Lvl. 3)</u>	<u>Title (Obj. Lvl. 4)</u>
WATER AND SEWER CONNECTION FEES (contd.)						
A. <u>Water Frontage Fee.</u> A frontage fee per lineal foot of frontage shall be paid by the owner or developer of property contiguous to a public right-of-way in which a water main (8" water line) has been installed or is to be installed without direct expense to the owner or developer other than payment of the charges specified herein. Frontage of corner lots, as the term "frontage" is used herein, shall mean the side of the lot to which the City has authorized a water connection.	<u>\$47.00</u>	<u>\$48.00</u>	799918	3053	Water Frontage Fees	
B. <u>Water Connection Fees.</u> The connection fee to be paid for each parcel or property served through the same water lateral by the owner or developer of residential, commercial, industrial, or industrial property shall be computed as follows:						
The following definitions shall be used for the purpose of determining the connection fee in this section:						
(a) A residential "unit" shall mean one or more rooms used for living purposes by one family.						
(a) A commercial, industrial, or institutional "unit" shall mean each one thousand (1,000) square feet of gross floor area, or fraction thereof devoted to commercial, industrial, or institutional purposes.						
(b) "Institutional property" shall mean property used only for the erection and maintenance of church, school, hospital, or public buildings.						
<u>Residential Units</u>						
Standard Occupancy Unit (with 3 or more bedrooms)	<u>\$476.00</u>	<u>\$486.00</u>	799918	3050	Water Connection Fees	
Low Occupancy Unit (with 1 or 2 bedrooms, 2 bedrooms and den)	<u>\$347.00</u>	<u>\$354.00</u>	799918	3050	Water Connection Fees	
<u>Commercial, Industrial and Institutional Units:</u>						
First Unit	<u>\$476.00</u>	<u>\$486.00</u>	799918	3050	Water Connection Fees	
Second Unit	<u>\$347.00</u>	<u>\$354.00</u>	799918	3050	Water Connection Fees	
Third Unit	<u>\$260.00</u>	<u>\$265.00</u>	799918	3050	Water Connection Fees	
Fourth and each additional unit	<u>\$181.00</u>	<u>\$185.00</u>	799918	3050	Water Connection Fees

SECTION 8.05 FIRE HYDRANTS AND HYDRANT METERS						
A. HYDRANT SERVICE. The following fees shall be collected from the owner or developer of property at the time of the development or improvement of original property or additional development or improvement of the property; provided, however, such fees will be payable only for the hydrant service area of a hydrant previously installed or to be installed at no other direct expense to the owner or developer.						
<u>Type of Property</u>						
Industrial, Commercial (per front foot for each side of the street), Institutional, Multiple Family & all others except 1-2 family	<u>\$8.90</u>	<u>\$9.10</u>	799918	3052	Water Hydrant Fees	
1-2 family properties (per front foot for each side of the street)	<u>\$5.90</u>	<u>\$6.00</u>	799918	3052	Water Hydrant Fees	
B. CONSTRUCTION CREDITS. The following construction credits shall be allowed to the owner or developer of property for fire hydrant(s) installed at owner/ developer's expense within a public right-of-way in conformity with City standards, and who has relinquished the fire hydrant(s) to the City, provided that such credits shall apply only for that frontage distance in the hydrant service area where the hydrant(s) serve undeveloped properties, or properties under a separate ownership:						
<u>Credits:</u>						
Industrial, Commercial, Institutional, Multiple Family, all others, except 1-2 family (per front foot for each side of the street)	<u>\$7.50</u>	<u>\$7.65</u>	799918	3057	Water Tapping Fees	
1-2 Family Properties (per front foot for each side of the street)	<u>\$4.90</u>	<u>\$5.00</u>	799918	3057	Water Tapping Fees	

**CITY OF SUNNYVALE
FISCAL YEAR 2010/2011
FEE SCHEDULE**

FIRE HYDRANTS AND HYDRANT METERS (contd.)	Fiscal Year 2009/2010	Fiscal Year 2010/2011	Charge Code	Object Level 3 & 4	Title (Obj. Lvl. 3)	Title (Obj. Lvl. 4)
C. WITHDRAWAL PERMIT. An annual nonrefundable permit fee is established as the charge for a permit to withdraw water from any fire hydrant in the City when a permit is issued between January 1 and September 30. If the permit is issued from October 1 through December 31, the fee shall be 50% of the foregoing. The amount of the deposit for the meter required for such water withdrawal furnished by the City shall be	<u>\$249.00</u>	<u>\$254.00</u>	799918	3052	Water Hydrant Fees	
or	<u>\$1,961.00</u>	<u>\$2,000.00</u>	799918		Deposits and Passthroughs	
the current cost of a hydrant meter, whichever is greater. The total amount due and payable prior to the receipt of a meter is (permit fee plus deposit):	<u>2 1/2 times</u>	<u>2 1/2 times</u>	799918		Deposits and Passthroughs	
	<u>\$2,210.00</u>	<u>\$2,254.00</u>	799918		Deposits and Passthroughs	

Each permit is valid through December 31 of the calendar year in which the permit was issued. Failure to return the hydrant meter on or before the expiration date shall result in automatic forfeiture of any deposit paid. When hydrant meters are returned prior to or on the expiration date, the cost for any consumption as measured by the meter shall be charged using the commercial rate block and deducted from the deposit amount. If a hydrant meter is not returned prior to or on the expiration date, the permittee shall be billed the cost of any consumption at the monthly commercial block rate. Any damages or missing hydrant wrenches will also be deducted from the deposit. The remaining balance shall be refunded. Any charges in excess of the deposit shall be billed to the permittee.

FIRE HYDRANTS AND HYDRANT METERS (contd.)						
The following definitions shall apply to this section:						
(1) "Hydrant service area" shall be defined as the area that a hydrant will serve the normal fire protection needs as determined by the City, taking into account the street pattern, type of development, size of water service mains, and all other factors bearing on plans for fire prevention and suppression.						
(2) "Frontage" shall be defined as (a) that side of the lot on which the water service is installed to serve the lot for one-family or two-family residential corner lots, (b) the frontage measured along all public rights-of-way of the parcel being developed or improved for commercial, institutional, industrial, multiple family property.						
(3) "Development" or "Improvement" shall be deemed to occur when a Building Permit, Development Permit or Subdivision Agreement is required, except when the additional floor space is less than one additional residential unit or less than 1,000 square feet of additional gross floor area. In the case of developments other than residential, "development" or "improvement" shall also be deemed to occur whenever a parcel of property is redeveloped under a different zoning classification.						
SECTION 8.06 STREET LIGHTING						
The sum per lineal foot shall be collected from the owner or developer of property at the time a Development Permit, Subdivision Agreement, or Building Permit is issued in each case where the City recommends that the installation of the street lighting system be delayed, or where the street lighting system was previously installed at City cost.	<u>\$28.00</u>	<u>\$28.50</u>	799636	2903	Street Lighting Fees
