The City pays the remaining two percent (2%) employee contribution and reports the value to CalPERS as additional compensation.

Final compensation, for purposes of calculating the retirement benefit, is calculated on the highest average pensionable compensation earned by a member during a period of 12-consecutive months. This is also referred to as the single highest year average. The minimum retirement age is 50 and the maximum benefit age is 55 for Tier 1 and 63 for Tier 2.

Classic employees who first became members on or after July 1, 1996 are subject to an annual compensation limit. The current limit is \$265,000.
