Project Description:
An Addendum to the Program Environmental Impact Report (EIR) for the Civic Center Modernization Master Plan was prepared to evaluate minor design revisions resulting from the schematic design phase of the project. Based on the project revisions, the Addendum concludes that none of the potential environmental impacts of the revised Phase I project will result in new environmental effects that were not previously evaluated in the EIR, nor will the changes substantially increase the severity of previously identified environmental effects within the meaning of Section 15162 of the CEQA Guidelines.

This is to advise that the City of Sunnyvale has approved the above described project on July 14, 2020 and has made the following determinations regarding the above described project.

1. The project [X] will [ ] will not] have a significant effect on the environment.
2. [X] An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
   [ ] A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [X] were [ ] were not] made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [X] was [ ] was not] adopted for this project.
5. A statement of Overriding Considerations [X] was [ ] was not] adopted for this project.
6. Findings [X] were [ ] were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
Library; Community Center; One Stop Permit Center; online: https://sunnyvale.ca.gov/business/projects/civic.htm

Revised 2011
Project is an Addendum of the Program EIR for the Civic Center Modernization Master Plan

- An Addendum to the Program Environmental Impact Report (EIR) for the Civic Center Modernization Master Plan was prepared to evaluate minor design revisions resulting from the schematic design phase of the project. Phase I of the Master Plan includes an addition to the Public Safety Building and a new Civic Center building. The revisions include 10% increase in the floor area of the Civic Center building than evaluated in the Program EIR and also involves removal of additional trees, including eight additional protected trees. Based on the project revisions, the Addendum concludes that none of the potential environmental impacts of the revised Phase I project will result in new environmental effects that were not previously evaluated in the Program EIR, nor will the changes substantially increase the severity of previously identified environmental effects within the meaning of Section 15162 of the CEQA Guidelines.

- The project is exempt from additional CEQA review per CEQA Guidelines section 15183 and Public Resources Code Sections 21083.3.

- The Civic Center Modernization Master Plan Program EIR was approved on September 25, 2018, and NOD was filed as shown in Attachment 1.

- As per Fish and Wildlife and California Code sections: Only one filing is required for each project, even if multiple notices of determination are filed for a project, unless the project is tiered or phased or separate environmental documents are required [(Fish and Wildlife 711.4(g); 14 California Code of Regulations 753.5(e)(3))]. The fee must be paid with the first notice of determination that is filed; the applicant must attach copies of the receipt to any additional notices of determination required for the project [(14 California Code of Regulations 753.5(e)(4)]. The County Clerks and Office of Planning and Research are required to maintain records of all environmental documents received, and remit the filing fees monthly to the Department of Fish and Wildlife [(Fish and Wildlife 7411.4(e)(1)].
