

E-OneStop Online Services

You can apply for all permit and project types online: Building, Encroachment, Fire, Minor Building Permits, Miscellaneous Planning Permits, Engineering and Planning Projects and Tree Removals.

For any project you created or are associated with, you can do the following:

- See which staff member will manage your project.
- See when your plans sets were routed for review and when plan review comments are due.
- See which staff member in each department will review your plans.
- Make payments.
- Schedule inspections.
- Upload and download documents.
- View your reviewed plans sets, see the plan set markups and staff comments.
- If you apply for a minor building permit or tree removal permit (without an arborist report), you can pay and receive your permit at the same time.

As a Guest

- You can look up and view permitting information by address.
- View the City's Zoning Map.
- Create an account.
