Completed and signed forms can be returned by mail or electronically by using the contact information above. Street trees are planted at no cost for Sunnyvale residents*. **The City Arborist determines the tree species.** Selection can depend on several factors including nearby species on your street block segment (for block pruning cost savings), vertical clearance (power lines), underground utilities, low water use, resistance to disease and available inventory.

**This agreement is only valid for non-permitted development. For all permitted development, a Street Tree Work Permit is required.*
