COUNCIL POLICY MANUAL

Policy 5.1J.3 The City may assume the role of a direct service provider of human services when:

- Specifically targeted intergovernmental funds (such as JTPA, CDBG) are available for which the City could most cost-effectively administer the human service programs (rather than outside groups) to address significant community needs; direct service provider role will terminate when such funds are no longer available; or
- Specific community needs are identified and the General Plan, City policies or action plans provide for the City to take on such a role.

Policy 5.1J.4 The City may assume the role of an indirect service provider of human services when specifically targeted intergovernmental funds (i.e. JTPA, CDBG) are available to the City but another agency could most cost-effectively administer the human service program to be addressed by the funds. Funding to the provider will terminate when such funds are no longer available, or the provider can no longer provide the service, or the specific community need has been fulfilled or the City determines to take on the service directly.

Policy 5.1J.5 The City may provide limited financial assistance to a qualified outside group if:

- The program proposed for funding does not duplicate existing services, addresses a significant community need or facilitates the co-location of human service providers in the City of Sunnyvale; augments (but does not duplicate) service provided directly by the City, provides the service at a cost lower than the City can provide or is the most logical service provider; and provision of such services is compatible with the City's General Plan, policies or action plans; and
- The program for which funding is requested is qualified under the City's Outside Groups Funding Policy.
