

**Policy 5.1.3 Human Services**

---

**POLICY PURPOSE:**

The City of Sunnyvale recognizes that the supportive human services programs of the Federal, State and County governments do not fully meet the needs of all its population. The City, therefore, shall make its best efforts to provide supplemental human services, which include but are not limited to the emergency services, senior services, disabled services, family services and youth services.

The City establishes this Human Services Policy to insure that Human Services are identified and provided in the most efficient and effective manner.

This policy establishes guidelines for funding programs/services that may be provided on behalf of the City by outside groups. The intent of this policy is to:

- A. Establish a process through which outside groups can be funded to provide needed human services cost-effectively.
- B. Establish a methodology by which programs/services proposed by outside groups can be assessed.
- C. Establish an evaluation system that assures equity in the process of funding considerations by Council.
- D. Establish the type and amount of funding commitment that the City will provide.

This policy does not apply to those outside groups with whom the City contracts to provide City services other than human services. Human Services Agencies are defined as those which provide supportive services to a specific group of people, at least 51% of whom are low and moderate income (80% or less than of area median income).

**POLICY STATEMENT:**

- I. The City will bi-annually, prior to adoption of the two-year Resource Allocation Plan, review prevailing conditions of human needs within the City and give appropriate attention to Human Services Policies in the City. The Housing and Human Services Commission, following one or more public hearings, will recommend to City Council priority human service needs for the next two years. Following a public hearing, City Council will adopt a two-year priority of human service needs.
- II. The City seeks to meet as many Human Service needs as possible using its limited available resources. The primary resource utilized for funding human services is the Federal Community Development Block Grant (CDBG) which permits up to 15% of the

## COUNCIL POLICY MANUAL

annual grant entitlement to be utilized for such purposes. The City Council may choose to supplement CDBG funding of human services through the annual Operating Budget process.

III. The City assumes an advocacy role to manage the use of its resources to meet human service needs in Sunnyvale in the following ways:

- Encourages and advocates coordination and cooperation among organizations providing Human Services in Sunnyvale
- Advocates, encourages and wherever possible, facilitates the co-location of human service providers
- Actively pursues the cooperation of Federal, State, County and other agencies to enhance the quality and availability of human services to residents of Sunnyvale.

IV. The City *may directly provide* needed Human Services when:

- Specifically targeted intergovernmental funds (such as CDBG) are available. The City is the most cost-effective or logical provider of the service, AND
- Provision of such services by the City is compatible with the City's General Plan, policies and/or action plans.

V. The City *may fund service providers* of needed human services when:

- Specifically targeted intergovernmental funds (such as CDBG) are available,
- Another agency is the most cost-effective or logical provider of the service, AND
- Provision of such services by the City is compatible with the City's General Plan, policies and/or action plans.

VI. PROPOSAL FUNDING CATEGORIES:

Programs requesting funding must qualify under one of the categories below:

Operational: Funding of programs and services to address identified community needs or problems as specified in the City's General Plans or other policies through direct financial support and/or in-kind contributions.

- Programs/services funded under this category must represent a service that can be more cost-effectively operated by the proposer than by the City, or
- Must be such that the proposer because of its role in the community is the most logical service provider.
- Funding may be provided on a multi-year basis but is not guaranteed. Continued funding is contingent upon City budget limitations and proposer's previous program performance.

## COUNCIL POLICY MANUAL

- Proposer must demonstrate good faith efforts to secure funding for programs/service from other sources.

Emergency: Funding of operational programs offered in the community that meet an existing need for which normal funding is no longer available.

Proposers and programs qualifying under this category must demonstrate:

- Good performance of current programs;
- Current financial difficulties will largely curtail the services currently provided to City residents;
- Future funding to continue the program can be obtained from other sources with reasonable probability;
- Funding for programs qualifying under this category shall be limited to one year.

Seed Program: Funding for start-up of new programs designed to meet a significant community need or problem.

- Proposers must demonstrate a high probability that funding can be sustained beyond the commitment of City funds;
- Initial funding for seed programs is limited to one year;
- Second year funding may be possible if the program demonstrated good performance or special factors related to the continued need for funding can be demonstrated;
- Prospect must demonstrate good faith efforts to secure funding for programs/services from other sources.

Project: Funding of capital or other one-time projects designed to address a significant community need or problem.

- Funding of such projects shall be limited to a specific time frame, usually not more than one year.

### VII. APPLICATION POLICY STATEMENT:

The City wishes to consider funding of needed and appropriate services. In order to determine which agencies should be awarded funding, the Council has adopted a formalized human services funding application procedure. All groups desiring to act as service providers, and requesting City funds to do so, must submit a complete application by specific due dates. Public notice of the availability of requests for proposals and the specified dates will be provided in ample time for applications to be prepared.

All applicants desiring a grant from the City to provide human and social services will be required to comply with the application procedure and time schedule. All applications will have to meet the following three criteria:

## COUNCIL POLICY MANUAL

1. Provide a service consistent with an existing recognized City priority need, policy, goal or objective;
2. Request funds for a program or project that qualifies under one of the four previously identified funding categories;
3. Have completed the application process and the application has been determined to be accurate and complete.

### VIII. EVALUATION PROCESS:

To assure all applications for City funding of human services receive due consideration and to ensure Council is provided with the information it needs to make its funding decisions, the following evaluation process will be applied to requests received:

1. Applications not received by the due date will be rejected. Applicants submitting applications, which are materially incomplete, will have five working days from notification by staff to correct any deficiencies, or their applications will not receive further evaluation.
2. Staff will determine proposal eligibility based on guidelines provided in this policy. Proposals not qualifying will not be recommended to Council for funding and will not receive further evaluation.
3. Staff will prepare a technical evaluation of the applications and make recommendations to the Housing and Human Services Commission based upon the priorities adopted by City Council and upon its evaluation of the applicant's ability to effectively deliver such services.
4. The Housing and Human Services Commission will conduct formal evaluations of the applications, including the opportunity for each group to present its program in public hearing for evaluation. The Commission will make recommendations to the City Manager and Council for allocation of available CDBG funds to outside groups to provide human services. The Commission may also notify the City Manager and City Council of applications where a significant need will remain unmet even if Council allocates CDBG funds as recommended. The City Manager may recommend, and the City Council may provide supplemental funding from the annual Operating Budget.
5. The City Manager will forward the Commission recommendation to Council with a staff recommendation thereon.

The Housing and Human Services Commission shall develop evaluation criteria, which criteria must be consistent with adopted Council policy. Staff and the Commission will

## COUNCIL POLICY MANUAL

apply these criteria uniformly to all applications reviewed. The following guidelines for general evaluation criteria include (but are not limited to):

Critical Evaluation Factors. Each of these factors must be met for the program to receive a recommendation for City funding.

- The organization must meet minimum eligibility standards to receive funding.
- The organization and its program must have demonstrated good performance and capability to effectively provide the program.
- The organization and its program must deliver services in a cost-effective manner.
- The organization must be an appropriate agency to deliver this program.
- The program must not be a duplication of services provided in the same service area.
- The organization and its programs must demonstrate strong financial management *and effective management controls*.
- The proposed program must have a contingency plan for funding if City support is limited or eliminated in the future.

Favorable Evaluation Factors. The proposed program must address one or more of the following factors to receive a positive recommendation.

- The proposed program addresses a priority adopted by the City Council and is related directly to a general plan policy.
- The proposed program is a needed enhancement of any existing City program, and can be better performed by an outside group than by the City directly.
- The program has a diverse funding base and is not heavily reliant upon City funds to support its operation.
- The program has leveraged City funds with other funding sources to maximize service provision.
